Card of Thanks

I wish to thank all my friends and neighbors for the beautiful flowers, cards and visits. A special thanks to Dr. Bachman and Dr. Ocamb, nurses and aides for their kind attention during my stay in Herrick Hospital.
Mrs. Floyd (Pat) Russell.

Card of Thanks

We wish we could thank personally each one who planned, attended or contributed to the benefit card party for our daughter, Darlene, last week. It is very heart warming to know that so many others are concerned about her tragic illness and want to help. Also it's impossible to list the numerous acts of helpfulness shown our family the past three months but we certainly appreciate every kind deed. The prayers offered in Darlene's behalf, the food brought in, the laundry help plus the inspirational cards and letters and the visits have been greatly appreciated by us all during these long and difficult days. God willing, she will continue to improve during the weeks ahead. Again our heartfelt gratitude to each one who helped us so generously.
Chris and Doug Fairbanks.

The family of Drew Edwards wishes to express thanks and appreciation to relatives, friends and neighbors for their many kindnesses after his death, also Mr. Proctor and the Rev. Raymond Barstow of Ann Arbor for their services. 5-8p

Memoriam

In loving memory of my Mother, Mary P. Jones, who passed away May 12, 1959.
Many times throughout the day
I wonder if you guess
How many times the memory of you
Has brought me happiness.
And now that 10 years have passed,
I want to tell you, too,
The greatest gift life's given me
Is the loving memory of you.
Forever loved and missed by her daughter, Lee Horton and family. 5-8c

YOU TOLD US

By DOROTHY GRIGG
Herald Society Editor

Clara Waldron's book, "One Hundred Years — A Country Town", was featured on "The City Speaks" on TV Channel 10 Thursday morning by none other than our good friend and the publisher of the book, Tom Riordan. Interviewed for 20 minutes by two ladies, one the Jackson Public Librarian, Tom gave the book a real plug.

He told how our local historian happened to write the book and dedicate it to the late Edith Ingarsoll. The former co-publisher of The Herald explained some of the problems of composition and finance in getting the book ready for the complete sellout which only took a month's time. Tom presented the librarian with one of the rare hardbound copies in honor of the 10th anniversary of the Library.

Russ Steinke, the painter of the oil of Chief Tecumseh, used on the cover, Swenk-Tuttle Press, The Tecumseh Products Co., Ken-Ray Drug, where soft bound copies of the book are now being sold, The Herald and Bookkeeper Almina Hunt all received mention in the show. We are only sorry we didn't know in advance so that everyone could have had the opportunity to see it. Thanks, Tom.

The Rev. Fr. Robert Handley performed the nuptial mass uniting Sara Ann McCarty and Robert LeRoy Like in marriage April 12 at St. Elizabeth Catholic Church.

Parents of the couple are Mr. and Mrs. Samuel McCarty, Sr., of Britton and Roy Like of Samaria.

The bride wore a floor length shirtwaist gown of white silk organza with bell shaped skirt trimmed with Venice lace at the neck, waist and hem line. A circlet of flowers, matching her bouquet, held her floor length veil in place.

She carried a colonial bouquet of baby's breath, Jack Frost roses, miniature carnations, pompons and lillies of the vallev, accented with moss green ribbon and white lace.

Phyllis McCarty was her sister's maid of honor in a floor length empire gown of pink chiffon over taffeta with Venice lace at the neckline and deep pink velvet ribbon around the bodice. She wore baby's breath and pink carnations in her hair and carried the same blossoms accented with garnet sweetheart roses.

The bridesmaids were attired as the maid of honor. They were Donna and Lois Chrobak, Jean Knapp, Karen Gurtzweiler and Ruth Ann Urbaniak.

Don Heiser was best man and the ushers were Sam T., Edward and Tom McCarty and Ron Gurtzweiler.

Nancy Ehlert, Janice Maschino, Mary Ehlert and Karen Urbaniak assisted at the reception in the school auditorium.

The bride is a graduate of Siena Heights College.

Pastor tell me

By DUANE H. McNEIL

HOW NEAR CAN ONE MISS HEAVEN?

It is possible to miss entrance into heaven by as close a distance as 18 inches. This is the approximate distance from the heart to the head. . .

In America, most people know of the life and death and resurrection of Jesus Christ. Since we have been titled a Christian nation many feel this intellectual awareness is a key to heaven's door.

A surprise comes when we are told in James that demons believe and tremble. Mere head knowledge here is certainly not an indication of Salvation. The word 'believe' in the Gospel of John is a verb. It is an action word. Telling us that to have knowledge alone is insufficient. There must be an active response on our part to put that belief to work.

I believe in cars, so I drive one. I believe in television, so I see one. I believe in food, so I eat some. I believe in God, so I accept Him as my Saviour and Lord of my life. Remember, almost is not good except in horseshoes.

Interest Rises In 4-H Project

Weather has intrigued man as long as history has been recorded. There isn't much man can do about weather except record it and on the basis of these recordings make predictions.

The 4-H weather project provides young people with an opportunity to study all aspects of weather, according to William Walter, Extension 4-H Youth Agent in Lenawee County.

The project includes five areas: 1) understanding weather, 2) building a weather station, 3) weather maps and forecasting, 4) severe weather and 5) air pollution and fallout.

Extension Agent Walter says younger youths can learn about the elements that make up our weather and older youth can apply the knowledge they learn in forecasting weather, making homes more comfortable, protecting crops from extreme weather or safeguarding themselves and their families from violent weather conditions.

The project gives instruction in building weather instruments, such as the rain gauge, wind vane, anemometer, barometer and hygrometer. With these instruments a weather station can be built and daily records made.

Allan Seager Remembered

It was a year ago on May 9 that the well known Tecumseh author, Allan Seager died. His first book, "Equinox", was a Literary Guild selection and "Glass House" won a Guggenheim and a National Foundation on the Arts Award.

He was also an excellent short-story writer. Altogether he has published 80 short stories and 10 novels.

So that this local personage would not be forgotten, a memorial fund was started by his friends and a shelf provided for his works at the Tecumseh Public Library. Anyone who wishes may contribute to this fund to perpetuate the collection.

Those interested in knowing more about Mr. Seager or the memorial fund, may contact Mrs. Joyce Woods at Tecumseh Public Library.

Parents Visit

Mr. and Mrs. Herbert Hoag visited with their son, Roger, a sophomore at Ferris State College, Big Rapids, for Parents' Weekend. They especially enjoyed the band program.

Diana Holcomb-Thomas Velandra Speak Vows

Diana Lynne Holcomb and Thomas Lawrenee Velandra were united in marriage Saturday afternoon by the Rev. Fr. Robert J. Handley at St. Elizabeth Catholic Church.

Arrangements of gladioli flanked by lighted candelabra and adorned with greenery enhanced the altar.

Parents of the couple are Mr. and Mrs. Robert J. Holcomb, 10564 Tecumseh-Clinton Rd., and Mr. and Mrs. Paul D. Velandra, 2857 Russell Rd.

The bride entered the church on the arm of her father. She was wearing a floor length sheath gown of Chantilly lace, styled with scooped neckline edged with daisies.

A chain of daisies encircled her crown of curls and secured her matching lace chapel train. She wore a pearl pendant, gift of the groom, and carried a bouquet of white roses.

Katrina VandeVeen of Dover, Del., former college roommate of the bride, was maid of honor in an A-line gown of rose-pink linen. The dress had short sleeves and a stand-up collar, trimmed with white lace and a white lace jabot accented the bodice. She carried a garland of pink and white sweetheart roses and carnations.

Patricia Campbell of Detroit, also a former roommate, and Ruth Ann and Deborah Velandra, sisters of the groom, were the bridesmaids. They were attired like the maid of honor only in pastel pink.

Gary Peterson was best man and the 175 guests were seated by Larry Kohl, brother of the bride, and Michael and Paul Velandra, brothers of the groom.

Mrs. Noel Kohl, Mrs. Raymond Thompson, Mrs. James Kirk and Robin Holcomb served at the reception at the Tecumseh Products Workers Union Hall.

Mrs. John R. Fitzsimmons of Lakeland, Fla., grandmother of the bride, was among the guests.

The bride, a graduate of Clinton High School, is a junior at Michigan State University and plans to transfer to Siena Heights for the fall term.

The groom is a 1964 graduate of Tecumseh High School, completed three years in the U. S. Navy and is attending State Data Systems Institute in Lansing. He is employed at the Ford Motor Co. plant in Saline.

The rehearsal dinner was given Friday evening at Harry's Cafe by the groom's parents.

Mr. and Mrs. Thomas Velandra will live at 313½ N. Maiden Lane following a week-long trip to Niagara Falls.

Susan Kirkland was happily surprised to be tapped for the Circle Honorary on the Michigan State University campus with initiation ceremonies held Sunday in Erickson Kiva. Her parents, Mr. and Mrs. Eddie Kirkland, were in attendance when less than one percent of the girls on campus became members of the national organization, showing recognition to young women for exhibiting outstanding qualities while in residence halls. The letters in the word Circle stand for citizenship, initiative, responsibility, cooperation, leadership and effort. Miss Kirkland has been accepted as a resident assistant in Landon Hall for the fall term.

Sailor Aboard Landing Ship

Interior Communications Electrician 2/c Floyd C. Webb, son of Mr. and Mrs. Harry Webb, R. 1, Britton, is serving aboard the dock landing ship USS Shadwell at Norfolk, Va.

The ship is one of six that will comprise the new Sixth Fleet Amphibious Task Force in the Mediterranean Sea.

The amphibious force groups, containing flexible elements of the Navy-Marine Corps teams, are designed to carry swift and decisive action directly into hostile or troubled territory.

No Bray from this Donkey

A Frontier City donkey provided real excitement for the Mexico theme used Tuesday by the local Jaycee Auxiliary when they hosted the State Spring District No. 22 meeting at St. Elizabeth Church.

The Dexter group won the "travel trophy" but the young women were relieved when the live specimen was exchanged for a large replica made by the artistic hands of John Day and Duke Helms.

Mrs. Ric Creswell was chairman of the event and Tecumseh President, Mrs. John Day, welcomed 11 Auxiliaries with 160 ladies present.

Lee Formicola, Michigan Jaycee Auxiliary president, spoke of the interesting incidents she has encountered through the year, mentioned the 25th anniversary of the Auxiliary and reported that 425,000 Betty Crocker coupons have been saved toward the purchase of a kidney machine. Goal to be reached to buy the machine is 690,000.

Local Jaycettes were thrilled and surprised when David Schoonover, president of the Jaycees, read a proclamation from Mayor Harold Easton stating that every April 29 will be Jaycee Auxiliary Day in Tecumseh, honoring the local group for their many services to the community. Mayor Easton was introduced to the group.

Carol Brechmin, district vice-president, conducted the meeting when Vicki Reid, mental health chairman, reported that the district raised $261.18 for retarded children and $300 which was given to the Ypsilanti State Hospital for Adult Education.

Louise Marshall, psychologist from the hospital, thanked the District and said that the money would be used for material for the Adult Education program in the fall.

Outstanding Jaycette Jerri Adair from Dexter, was awarded the charm and trophy to keep for a year.

Ann Steinway of Chelsea, is the newly-elected district vice-president. The 10 local presidents gave Carol Brechmin, outgoing district vice-president a silver vase and plate.

The state convention will be held May 9 and 10 in Lansing.

Members of the Tecumseh Jaycees appreciate the cooperation of Tecumseh merchants in making possible the 135 door prizes which were given away.

District No. 22 is composed of Jaycee wives from Adrian, Hudson, Chelsea, Dexter, Ann Arbor, Milan, Ypsilanti, Augusta Township, Monroe, Saline and Tecumseh.

Salad, rolls, coffee and punch were served by the host Auxiliary.

Mrs. Ray Puffer and her fourth grade students made God's eyes, in yarn, a sign of good luck in Mexico, for the napkin rings.

Members of the cast and the production crews from the Tecumseh area include Dean Finnegan, Linda Yoder, Charles Froelich, Judy Sherwood and Bertha Vallelunga.

Class Attends Court

By KAREN KNUDSON

Tecmseh High School classes had their day in court, Judge Rex B. Martin's Court, that is. The government classes traveled to Adrian to attend Circuit Court in the Court House Monday, with Judge Martin presiding.

Sixty seniors and their teacher, Gary Lovett, attended the morning sesions from 9 to 12.

The judge gave an explanation of the court and its set-up. Mondays are short case days in which the cases tried must take 20 minutes or less. He also explained that the circuit court was a state court and that Lenawee County was number 39 in the state. All of the cases presented on Mondays are tried without a jury. Most are divorce cases.

After court adjourned, the students took an hour for lunch and met at the Sheriff's Office for a tour of the building. They saw the radio system which is in constant touch with all police departments in the area and toured the "tank", where transient prisoners or those picked up on minor offenses are held.

The nut-cup favors had a Japanese kimona of different color wallpaper and construction paper as did the printed programs with the Sanpan boats. Decorations were all created by Mrs. Niblack with those assisting in the making of them. Mrs. Richard Linn, Mrs. Paul Bailey and Mrs. John Lover.

Mrs. George Forsyth introduced the program which consisted of group singing, led by Mrs. George Woomer of Milan, who also accompanied the singing with her autoharp. JOE AND ELLEN O'DONNELL OPEN NEW BUSINESS WITH "OLDE THYNGES."

It's Open House at Jo-El's

CLINTON — Joe and Ellen O'Donnell will hold open house at their new enterprise — Jo-El's Barn, located at 520 E. Michigan Ave., Clinton, Friday and Saturday.

The bright-red, simulated barn was recently constructed from the former one-story drive-in building on the site. Mr. and Mrs. O'Donnell and their infant daughter, moved to Clinton from Washington, D. C., about a year ago, to be near her parents, Mr. and Mrs. Hans Schmidt. Their living quarters are on the ground floor, and the dormered hay "loft" comprises the sales room for antiques.

The collection of what the O'Donnells call, "olde tyme interestinge thynges," was begun three years ago, while they still resided in Washington, D. C.

The conglomeration of American artifacts now fills several barns in this area. They're particularly interested in lamps — Tiffany types, hanging lamps, lanterns, etc.

Not particularly limiting their selection to strictly antiques, they will offer for sale a wide range of the quaint memorabilia which is ever more in demand as furnishings for an Early American decor.

One of their most treasured pieces is the rare, circular display table composed of dozens of tiny pine drawers, which held assorted nuts and bolts in a little Pennsylvania hardware store. Shaker benches, wicker buggies, copper wash boilers, ice tongs, furniture, crystal, china of Haviland or Limoges — it's all there, and "you're welcome to browse," Joe said.

Host Joe O'Donnell has an uniquely interesting background as an official photographer for the U. S. Information Agency, stationed at the White House for the past 25 years, until his retirement a year ago.

During the administrations of all the later presidents, including Harry S. Truman, O'Donnell traveled with the presidents, photographing most of the major events of official national significance. His accumulation of autographed photographs of presidents, and his gifts from wide-ranging lands and personages form the nucleus of a miniature museum. It's all to be displayed in the office which is cozily appointed with rocking chairs, rolled-top desk, and an ancient clanking cash register.

The O'Donnells plan to handle the sale of any antiques, on consignment by individuals, at a moderate commission.

Jo-El's Barn will be open daily from 10 a.m. to 5 p.m., except Sundays, Mondays and holidays.

Life Members Honored By OES

CLINTON—Golden Rod Chapter OES paid tribute to three life members at the cooperative supper meeting, Thursday. Those honored were Mrs. Thomas Pence, Mrs. Jack Feldkamp and Mrs. Harold Kiebler, who received her certificate during the ceremonies.

Announcement was made of the 50th anniversary of the Eastern Star Villa in Adrian. The annual picnic will be held there June 1, beginning with a tour of the facility at 11 a.m. There will be a special program by the boys and girls of the Villa. Members are to bring their families and food.

Pro-tem officers will be honored at the June 5 meeting.

Carnival Cash Still Rolls In

CLINTON — Proceeds were still coming in last week from the Spanish Carnival recently staged by the Spanish Classes at Clinton High School, reports Mrs. John Truesdale, who was in charge of the event.

The final accounting of the proceeds is: gross receipts, $3,134.47; expenses, $1,424.02; net profit, $1,710.45.

It would appear that this is one of the most profitable projects ever staged by a student organization in the Clinton schools.

With these funds, the members of the third-year Spanish Class of 1970, are planning a trip to Mexico in the summer of 1970.

Letters To the Editor

TO THE EDITOR:

The events in Clinton on "D" day for dogs were a disgrace!

It makes no difference that the Dog Warden was not thoroughly instructed by the Sheriff as to his duties, which, according to the Sheriff, was the case.

In the name of humanity how could a grown man sit in a truck and gun down a little defenseless dog running for its life? The dog was wearing a collar and tags and the gunning down was witnessed by a prominent dentist and his wife. The poor little animal was runing for the safety of its home when it was so unmercifully attacked.

It also makes no difference that the present warden is a good member of the church and a fine father. He is also a teller of untruths! He told me on his word of honor the night after "D" day when I called him that he had only killed two black and white dogs — and they were the only ones he had taken to the tankage plant in Adrian (to be ground up for fertilizer). The second night I called to ask about the Bihlmeyer's dog he admitted that he had carted it to the tankage plant. Before the story was finished, it developed that there were others. The Court Nighswander's dog mysteriously disappeared that day, and the LeBlanc's dog was shot while chewing a bone in her neighbor's yard. She was just a small dog — the neighbor was her friend— he had just given her the bone. One bullet which entered her side finished her off. She lived eight or 10 blocks from the school.

I know, according to the wife of the school principal in Clinton, who evidently called for help to disperse the several dogs collected there, that he thought perhaps the warden would come and pick up one dog and take it to the pound where its owner would have a chance to retrieve it. That is really a laugh because as far as the county is concerned there is no "pound".

We'll never know just how many dogs were taken to the tankage plant because up to that time no record was kept by the operators. Since then I hope things have changed and business is conducted in a more orderly manner.

Hugh Flippo, Chairman of the Stock Claims Committee, in charge of the warden and his activities, promised the writer that something good would come out of the events in Clinton. So far we have heard nothing.

As Mr. Geiger stated in his letter to you and the Sheriff, people in Clinton were letting their dogs run. This is something that has been going on for years. The situation could have been corrected by the warden following the dogs home and issuing warnings to their owners. This is the method used and recommended by humane societies throughout the United States.

It is high time the County authorities get together with the Humane Society and work out an arrangement so that dogs picked up in the county can be taken to the Shelter and retrieved by their owners — not gassed the minute they are picked up. They have promised to do so, but it is certainly taking a long time.

This is "Be Kind to Animals Week", and I can't help but feel that we here in Lenawee County, have been anything but kind to Man's Best Friend.

Sincerely,
Mrs. Albert H. Caesar,
Petwatchers of Tecumseh.

TO THE EDITOR:

Helen Schooley brings this letter to the attention of Herald readers. The same situation exists in the Tecumseh schools.

"I am a student at Reeths-Puffer High School (Muskegon). The school offers a driver education class to all those students who qualify. The program is a good one, except the students drive a car with automatic transmission all through the course. They are given no chance to drive a car with a standard transmission. I feel that this isn't good.

"In the first place, the driver education program was established so that students could learn to drive from an instructor. The instructors have more patience with the students than a friend or relative would, and the students wouldn't learn any bad habits from an instructor. Now, then, what happens to the student who learns to drive on an automatic, but has a standard transmission car at home? The student winds up learning how to drive the standard transmission car from a friend or a relative. This is what the driver education program is supposed to prevent.

"Secondly, what would happen in an emergency situation where a person who was taught on an automatic must get himself or someone else to the hospital, and the only car available has a standard transmission? In this instance it is a matter of life and death to know how to drive a car with standard transmission.

I think it's plain to see why it is bad to learn how to drive on an automatic. The driver education is defeating its own purpose when automatic cars are used to teach the students driving. I hope the people at Reeths-Puffer and any other schools that use only automatic cars realize this and start using cars with standard transmissions soon.

TO THE EDITOR:

Just finished reading The Tecumseh Herald and noticed Supt. McDowell and assistant Supt. Robert Duhan seem to be the spokesmen for the school board.

It used to be that the school board looked after all matters of the school and the Supt. the teaching. Now, since consolidating the State Education and large school Supt's board seems to relax and let their schools be run as the few men in Lansing and our own County Supt. of schools want to run them.

It seems to me some progress has to be made and some changes also. I would be the last to want to do things as we did a few years ago. But I think the people themselves should decide that.

The Supt. of school tries to tell the people the only thing they should be interested in is putting up the money that they want. It doesn't make any difference to them how large taxes are; just so they get their way.

Folks everywhere better wake up and just take a look at our young folks since the take-over by the state. Educational Department, High Schools and Colleges (especially large ones) are turning out hippies and students taking over and demanding running of things in the schools, even destroying schools and keeping students who want to learn something from going to classes.

Teachers are on strike, closing schools if they don't get their demands. If reports are true, several schools built to specifications and only on approval of State Board of Education are to be closed for lack of funds. When schools were closed last fall, because teachers were on strike, not once did we hear on television or papers where the State Board of Education tried to get them in school and then settle the issue.

Therefore, it seems, to a lot of us the State and Large Supts. have the schools and young folks in a mess. Listen to the radicals on TV and read your papers. (I mean Supt. of large schools).

Several people wonder why County Supt. of Schools, Milton Porter, is so interested in Russia and other communist countries that he has made three trips over there. Did he pay his own way or going on taxpayers' money? If that is correct, it better be stopped and the money used to help the schools that they say needs money so badly.

If he paid his own way, his salary should be cut. He is getting too much if he is using it that way.

Bert Moore,
Britton.

Aid Springtime By Litter Hike

"As springtime again bursts forth in all its beauty, we became more appreciative of the great outdoors," mused the Rev. Kenneth W. Strack, pastor of Grace Lutheran Church. "All too frequently we also noticed something else — the litter caused by man's carelessness and thoughtlessness."

The Lutheran Girl Pioneers, in an effort to do something about the problem, had a litter hike Monday evening.

Prizes were given to the groups returning with the most debris in the clean-up campaign.

Hopefully, other groups will also pitch in with their efforts to keep the community clean, Rev. Strack suggested.

Sunday Speaker Is Missionary

BRITTON — Sam Burns, missionary from London, England, will be the speaker Sunday at the Bethel Baptist Church.

The choir, under the direction of Bernard Bishop, will sing, "Tell Mother I'll Be There", for the 11 a.m. worship service.

Last week, Brooklyn Baptist Church slipped into first place in the Sunday School attendance contest.

The contest ends this Sunday with Bill Randolph's bluegills leading Dick Prill's sunfish. This is the last opportunity for the Britton church to capture the lead so Bill and Dick urge each member to bring their mother or someone else's mother, fathers accepted, too, to the 10 a.m. Sunday School hour and put Britton over the top.

Mr. Burns will speak at the 11 a.m. and 7:30 p.m. worship services.

Band practice is at 6 p.m., adult Bible study and young people at 6:30 p.m. and choir practice at 8:45 p.m.

Pastor McNeil and family are at the home of his parents in Plymouth, Wis., where Mr. McNeil is conducting meetings in the Calvary Baptist Church, where his father is pastor.

May 13, the New Testament Survey Class will resume study after a week's recess due to the absence of the pastor.

Praver service is Wednesday at 7:30 p.m.

Through My Window

PLEASE DON'T LET ME COMPLAIN

Suddenly there was a rabbit nibbling the tender little shoots of green grass near the edge of the road. Surprise — it was such a miserable day, so cold and damp, that we had expected it to show us nothing. Spring can be such a lovely time but she also has another face. We were in the midst of one of these wet dreary spells and I was about ready to climb the walls. The rabbit popped into the scene just in the nick of time.

No, my goodness, there was not just a rabbit, there were two of them — no, there were three! We could hardly believe our eyes, three rabbits all at once. Could it be that the trio of last summer had survived the winter?

It certainly looked as though this were the case and, from the way they played, it looked as though they had not forgotten any of their old fun and games, either. They jumped at each other, leaned high in the air, tumbled, chased, boxed, and had wild sessions of tag and follow the leader. In between times, of course, there were short time-outs for quick nibbles of grass.

When a truck rumbled north on Democratic Street, the action stopped. The rabbits froze, so did Gertie T. and I. Now here is the prescription for an absolutely silly situation.

When the little brown bunnies "stopped dead in their tracks", all three of them just happened to be looking towards the south window. Gertie T. and I were, of course, doing our watching through that window and so there the five of us were, staring at each other.

The rabbits were not moving because of the sudden noise and we were not moving for fear of missing something. It was well over three minutes that this went on and you know, it is a silly feeling to watch animals that long and have them watch right back.

*

A SLIGHT BREAK came when Gertie T. turned her head, to avoid a neck cramp, and saw three little birds in one of the trees on the creek bank. Now, however, the situation truly became ridiculous.

While she stared out the west window and described the sparrow-sized birds who wore reddish caps and had a single stick-pin mark high on their unstreaked gray breasts, I continued the rabbit staring. The birds were, of course, tree sparrows. We had just decided this when the rabbits sensed an all-safe signal and started their fun-looking games again.

All morning they tore back and forth, and our watching went from one window to the other. They were not a bit disturbed by the raw damp weather. Papa and Mama Cardinal showed a bit more sense. They snuggled in the covered feeder, protected from the shiver-producing winds, and daintily fed each other sunflower seeds. When the cardinals left, a big handsome flicker took their feeding spot.

At the hanging feeder, a pair of hairy woodpeckers and three downys were very politely taking turns. The handsome hairys have been very much in evidence lately. I just wonder if they are chiseling out a home in the big dead elm across the creek.

The peanut holder came in for its share of attention, too. A pert tufted titmouse, as neat and trim as if he had just stepped out of a bandbox, made repeated trips to it.

*

AND, UNMINDFUL of the damp underfooting were our two song sparrows. They scurried around along the top of the creek bank and into the yard just as busy as if it were the brightest, warmest day ever. Finally, the only place that had not been busy came into its own. Perhaps I am wrong about that, perhaps the near-my-window feeder had been busy but we were just too occupied elsewhere to notice.

There was no 'not-noticing' when the two goldfinches darted in, though. On such a gray day their brilliant yellow suits were gorgeously bright. What cuties. What little scrappers, too — they were not about to share the feeder, and, before either one got a bite, they were chasing each other across the creek.

So it is that when the dark, dreary days come, please don't let me succumb to the gloom, please let me remember the wood ducks of last week and all of this morning's action, please don't let me complain.

NEXT WEEK: "Hercules."

Two Sons At Sea

Two sons of Mr. and Mrs. Charles D. Bow, 605 Brook St., are serving in the U. S. Navy. Glen left Thursday, after spending a 30-day furlough here, to board the U.S.S. Sacramento for Vietnam. His brother, Jerry, writes his parents from aboard the S.S. Shark, a submarine in the Mediterranean waters.

Mr. and Mrs. Bow share Jerry's recent letter with Herald readers.

GLEN BOW

JERRY BOW

By now I am sure you have received my postcards from Naples and Rome and know a little of what I thought of each. Now for an elaboration.

Naples was a zero. It is one big clip joint. All along the streets there are guys selling everything from watches to guns. Most of the bars and clubs are full of B-girls and all of the bars are overpriced."

While in Naples I had about $40 stolen, but fortunately I brought plenty of money with me and won about that much in anchor pool.

Rome was a different story.

Four of us went to Rome on Easter Sunday. We all had standbys so we were able to spend three straight days there.

We decided against taking a tour because even though everyone that took one said they had a good time, we thought we could do better without one. We were right!

We went to Rome by train, the train was fast, comfortable and modern. The service was much better than the service on trains in the United States.

We arrived in Rome about 3 p.m., and ran into an old man who was with the Army when it came through Italy. He made his living by telling American servicemen how to get around Rome. It cost us 1000 lire apiece (about $1.60). He saved us additional money by telling us about things that we would never have seen.

Among some of the things he told us were the bus schedule for the city buses and which buses to take to where. About a town named Tivoli; how to get to the top of St. Peter's dome and many other things.

Fontana di Trevi (the fountain in the movie "Three Coins in a Fountain") legend says that you are supposed to throw two coins over your left shoulder into the fountain. One is to return you to Rome and the second is to fulfill a desire or wish. We didn't throw any coins in this time but I returned later to do it.

After we saw the fountain we took a ride on a horse-drawn buggy up the Via Veneto (the street of life, according to the Romans). We sat in a little sidewalk cafe on the Via Veneto and drank wine and watched people go by. That is a "must" for anyone visiting Rome.

After a while we got a room and got a little sleep.

The next morning we started our tour of Rome. Most of it was on foot or by city bus.

The first stop was at the Altar of the Nation; a mammoth building of white marble, housing the tomb of the unknown soldier. It sits at the edge of old Rome.

We started walking around the old city of Rome and it was like a history book opening up in front of me. It is impossible to describe what it was like. The Colliseum, the Roman Forum, the Temple of the Vestel Virgins and all the rest.

From the old city of Rome we went to the Vatican City to see St. Peter's. It is probably the most beautiful church in the world. The art work alone is breathtaking. The most notable of the statues was the Pieta by Michelangelo.

We walked to the top of the dome of St. Peter's (actually we took an elevator to the roof and walked up from there and we still had 330 steps to climb!) From the top you can see the entire city of Rome, it's beautiful.

From here we caught a bus to the town of Tivoli. In Tivoli there is the Villa I'Este. In the Villa there is a garden with 150 major fountains and over 1,000 minor ones.

From here we went back to Rome.

Our third day started at 10 when we woke up it was raining outside so we decided to go and visit some American friends we had met earlier. When we got there we found that we were in big demand because we were Americans and a great many people both young and old wanted to talk to us.

We spent the whole day talking and meeting different people. I must have had 100 different conversations from two or three minutes to an hour in length before the day was over.

Later that night I went to see the Statue of Moses by Michelangelo. If I had to name one thing that most impressed me in Rome it would have to be the statue. No one who has not actually seen it can appreciate how beautiful a work of genius it is. I am certainly not good enough with a pen to try and describe it here. It made the whole trip to Rome worthwhile.

Later that morning we left on the train to go back. We had to run for the train because it was already moving. It was a real cliff-hanger entry onto the train but it was worth it.

I don't know where this will be mailed from. We are at sea now and things change so fast out here that I never know for sure where we are going next. I'm lucky if I get the right ocean most of the time.

I'm sure that wherever we go I will not enjoy it more than Rome. I only hope I enjoy it as much.

There is a great deal that I haven't told you but that will have to wait 'til I get home.

Love,
Jerry.

Safety Inspections, Parade Highlight Michigan Week

Driver's license, man?

May I see your car registration papers, please?

Do you have proof of insurance?

These and similar questions will be asked often here next week when the State Police, Tecumseh Police and Deputy Sheriffs begin flagging down motorists and running drivers and cars through the standard State Police safety inspection.

Although some citizens have expressed some concern over having the State Police concentrate their efforts here for five days, Monday through Friday, there will be some lighter moments when Tecumseh observes Michigan Week.

Next Thursday, May 22, at 5 p.m., the city's annual Safety-Check Parade will be held — and it could the best yet.

Officials are expecting four or five bands, over 40 marching units and organizations, parade of the candidates for the Safety Queen, celebrities including the visiting mayor from Three Rivers, possibility of floats, plus color guard, Scouts, veterans, stagecoach, horses and riders, and other vehicles.

Vern Manwaring is chairman of the parade, and participants are urged to contact him for details.

Police Chief Murell Clark is honorary chairman for the parade, assisted by Clarence and Chester Beach.

At the conclusion of the parade, folks are asked to gather at the reviewing stand, next to Easton's Mobil Station, where the Queen and King will be selected.

Also following the parade, the Jaycee baby queen and king winners will be announced along with the winners of drawings by students. Their art work will be on display in merchants' windows during the week.

The Rev. B. O. Bashore will be master of ceremonies for the festivities. Speck Simmons is in charge of the grandstand.

Many state officials are being invited by the Tecumseh Rotary Club, which annually heads the drive here. Success of the club is quite evident in the record compiled

Tecumseh has won national recognition and first place awards during 1966-67-68; firsts in Michigan during 1960-61-62-63-64-65; national honorable mention in 1957; a chairman's award in 1959, and six pedestrian awards from the State of Michigan.

Recognition plaques are now on display at the United Savings Bank.

Charles O. Butler is again general chairman of the event for Rotary Club and has organized most of the safety-check activities, and has assisted in organizing the parade.

Are You Ready for Inspections?

Michigan Week will be different here next week in comparison to past Michigan Weeks.

Local auto dealers and service stations provided manpower for conducting a safety-check lane on S. Pearl St. in the past, but it will be vastly different this year.

An authentic safety-check will be made, and citizens are urged to be prepared and to cooperate. Officials point out that safety-checks are for their personal welfare and the welfare of your family.

Vehicles will be checked by State Police and officers from the local department and the sheriff's department. Exactly what this inspection will amount to has not been revealed, but some of the aspects are almost certain to include:

- Lights — all working properly, including focusing of the headlights for bright and dim.
- Tires — in safe and highway condition.
- Horn — working properly.
- Visibility — clear glass including a rear view mirror.
- Muffler — check of the muffler and exhaust system.
- Brakes — working properly and not too much slack or give in brake pedal.
- Operator's license — having one in possession and one not expired or revoked.
- Proof of insurance — possession of a certificate of insurance from your insurance agent.
- Registration — proper registration papers for the vehicle.

These and possibly other checks will be made when the State Police flag you down next week for their inspection.

Pre-Schooler Roundup Is Scheduled

Annual kindergarten roundup for parents of all children who will be five years old on or before Dec. 1, 1969, will be in the Tecumseh Acres Elementary School on Adrian St., next Wednesday, May 21, at 7:30 p.m.

Both mothers and fathers of the prospective kindergarteners are invited to attend, as information will be available which can help materially in giving children a good start in formal education, reports Superintendent McDowell.

Purpose of the roundup is to acquaint parents of kindergarten children with their class work and to enroll the children.

Parents are requested not to bring their kindergarener but to bring his or her birth certificate.

Kindergarten manuals will be distributed to those attending, and there will be refreshments and open house in the kindergarten room.

$1,000,000 Budget OK'd By Council

Tecumseh Council approved a $1 million budget Monday night for the next fiscal year.

Although officials have reviewed the budget at several special meetings, it was changed little from the original submitted last month by City Manager Cal Zorn.

Anticipated income is $1,038,107, and anticipated expenditures, $1,014,412.

An increase of one mill, raising millage from 13 to 14, was approved to finance the budget,

Tragedy Mars Race at MIS

Four days after the Trans-Am race at Michigan International Speedway, five persons remain in the hospital as a result of the tragic accident when Horst Kwech, driving a Ford Mustang, veered from the track into a crowd of spectators. A 43-year-old Mason car dealer, Durward Fletcher, was killed in the mishap.

The entire race was marred by dispute and confusion as both the under two litre and over two litre winners were announced unofficially after the race and the wrong winner proclaimed.

Mark Donohue was originally announced winner, however, officials keeping account of the official lap counts miscounted on Parnelli Jones by three laps and following a protest by Ford Motor Co., who sponsored Jones' Mustang, the decision was reversed and Jones was moved from fourth place to first and Donohue was awarded second.

Men in the pits were baffled when it was announced through a release that Jones was five laps behind after 40 laps. He had spun out and made two brief pit stops but neither of a very long duration.

Jaycees' Rodeo Saturday, Sunday

More than three hours of thrills, spills and exciting entertainment are promised by the Tecumseh Jaycees at their first annual Rodeo, Saturday and Sunday.

The Michigan Cowboys Association approved event is being coordinated by Jerry Irelan and will feature a number of area riders who have considerable experience in rodeo events.

The rodeo will be held at 2 p.m. at the Buck Smith arena at the corner of Russell Rd. and Green Hwy. There are bleacher seats for 1,500 persons.

Featured events will include bronc riding, bareback riding, calf roping, steer wrestling, bull riding, and girls' barrel racing.

There will be a contest for greenhorns — anyone who is not a MCA cowboy may compete at their own risk — to try to retrieve a $100 bill which will be taped to a bull's horn.

There will be refreshments on the grounds, and a saddle shop and horse trailer display.

Advance tickets are available from Tecumseh Jaycees.

Those going include Mayor Harold Easton, Dr. Carlton Cook, William Holmes, C. Raymond Puffer, Donald Sunderland and Wallace Whiting and their wives.

Their tours will include a new city hall, Scidmore Park and Zoo, hospital, Continental Can Co., Three Rivers Furs Co. and the country club.

Next Thursday, Three Rivers officials will visit Tecumseh, and their visitations here will include Exclusives EvelDean and Russell Steinke Studio for the ladies, and the men, a tour through H. W. Tuttle Co. and a brief visit with Kenneth Herrick, president of Tecumseh Products.

That evening, officials here will host their colleagues at a banquet at St. Elizabeth Catholic School. The banquet is open to the public and reservations may be made by calling Mrs. Terry Ridgway, Mrs. Ron Albert or Mrs. David Schoonover.

Don Moffatt, city recreation director, is in charge of Michigan Week activities here.

Since city officials will be out of town next Monday, the regular Council meeting has been rescheduled for Tuesday night.

Teachers Voting On New Schedule

A vote for acceptance or rejection of a salary schedule, agreed upon by the negotiating teams of the Tecumseh Education Association and the School Board, was scheduled Wednesday evening at the high school.

Station Opens

Lenawee Fuels, Inc., has opened a new Pure Service Station on N. Evans St., under the management of Bill Steele.

Mr. Steele, who with John Birchfield, operated a station on Patterson St., across from the Tecumseh Products for 14 years. Mr. Birchfield also will work part-time at the new pure station, as the Patterson St. station has now been closed.

Donald Purkey and David Faling, partners in Lenawee Fuels, have remodeled the present station over the past few weeks and have completely changed the exterior of the building. Many other improvements have also been made to the interior.

They plan a grand opening in the next few weeks.

Consumers Power Company announced its **Big Rock Point Nuclear Information Center**, north of Charlevoix, will be open to visitors from 8 a.m. to 5 p.m., seven days a week through the end of October.

The first budget for the **Michigan Agricultural Experiment Station** in 1888 was $15,000. The staff included six scientists. Today more than 250 Michigan State University staff members are carrying out experiment station projects.

A recent reference in **Touch of the Past** to the mustering out of **Company C, 31st Regiment, Michigan Volunteer Army, May 17, 1899**, reminded **Mrs. Wade Hendershot** that among her husband's family heirlooms was a large copy of his uncle, **Clifford R. Hendershot's**, mustering out certificate from Company C. The priceless document was hunted up, and duly **coated** with the slick, transparent preservative called **Mod-Podge** from **Hite's Hardware**, and it will be proudly displayed in the window of **Jean Colgrove's Gifts for Michigan Week**. Many an area family will recognize a relative's name among the Company C men on the document.

Dust off your derby and fancy vest, guys and get out your bustles and hoops, dolls and head for the grand ball in **Hillsdale** Saturday night in celebration of their **centennial**. To be held in the high school auditorium, "The Big Band Sound," will be featured. A long parade is promised for the afternoon.

Hmm. There is nothing better than a homemade **sugar cookie** and **Mrs. John Westgate** turns out some of the most delicious we have ever tasted. A tray of cookies was her thoughtful way of saying **"Thank You"** to **The Herald** for printing the products from **her cat factory** in the free **classified ad**, several times recently. Well, most every time that prolific **old mother cat** presents a new **litter** to the **Westgates on Gady Rd.**

Who said **animals** are **dumb? The Great Dane** owned by **Mrs. Chase** of **Steeple-Chase Motel and Motor Lodge in Adrian**, came to **Tecumseh** last week. Found by **Ron Harris, 306 W. Mr. Harris** said that it was a happy **reunion** for dog and owner.

Do you need to see the **light?** The **Cabana Girls** have three cases of it for sale, **General Electric bulbs**, sizes 60, 75 and 100 watts. A call to **Mrs. John Robinson, 423-4026** will bring a girl scout running to your door with your order of bulbs to help her on her way to **Mexico** this summer.

Deadline for **reservations** for the **Mayor Exchange Day** banquet, **May 22**, is **Friday**. A place for you will be saved at the dinner tables at 7 p.m. if you call **Mrs. Terry Ridgway, 423-3247; Mrs. Ron Albert, 423-3380 or Mrs. Dave Schoonover, 423-4600.**

Do-it-yourself Detection

Janet Frost, 905 Murray Dr., called attention to the relatively simple do-it-yourself TV-tornado detection method detailed in the May "Successful Farming" magazine.

Newton Weller, of West Des Moines, Ia., a self-taught electronics expert, has spent 12 years developing his tornado detection system, and a scientific paper on the Weller Method was presented recently at the American Meteorological Society's Conference on Severe Storms, in Chicago.

Radar "sees" only part of the tornadoes that develop and these in such a broad area that predicting where or when they will strike is a risky business. With Weller's system, it is possible to know when a tornado is within striking distance.

Clip and tape instructions near TV.

1. Turn on, warm up television set.
2. Turn to channel 13. Using brightness control knob, darken screen so it's almost black.
3. Turn to channel 2, without adjusting brightness from the initial adjustment.
4. Lightning appears on the screen as horizontal streaks or flashes, including colored colored lightning on color sets. As long as the screen does not have a steady "glow" the storm is not a tornado.
5. The signal of a tornado is an increasingly steady, bright, white light. Or, if there is a station in your area on channel 2 and the darkened picture becomes visible and remains visible, a tornado is coming. Sets can pick up signals 15-20 miles away, giving as much as 30 minutes' warning.
6. Take shelter. Do not get so carried away in watching the screen that you forget to seek cover — fast.

A battery-operated radio will augment your TV warning system.

1. Set radio beside television set with the radio turned to the low end of the dial. Here the radio picks up the same storm signals as the TV.
2. Lightning static makes a sharp crackling sound.
3. A tornado is coming when the radio makes a steady staccato noise (continuous static.) Take shelter.

Music Makers Please Parents

One of the most interesting spring presentations of the Tecumseh Music Makers occurred at the May meeting for the pleasure of their parents, relatives and friends. Members who performed were piano solo, Debbie Williams; piano duets, Dianne and Patti Mannino; organ solos, Carol Ann Christman and Cheryl Moll; folk music, the Bush Trio: Mike, Marianne playing the guitar, and Jim playing the string bass; vocal solo, Cheryl Moll, accompanying herself on the piano.

A surprise came when Mrs. Wilfred Waldron gave an inspirational talk and then played from memory "President Cleveland's Wedding March", saying that he was the only president to be married in the White House.

The newly-elected officers who were installed by Mrs. Earl Mason, president of the Tecumseh Music Club, are:

President — Mike Bush.
First vice-president — Patti Mannino.
Second vice-president — Paula Brantingham.
Secretary — Cheryl Moll.
Treasurer — Sam Brantingham.

Mrs. Elizabeth Wilson was introduced as new counselor. She will be assisted by Mrs. Elwood Bush.

Jim Bush was introduced as the scholarship winner.

The group will resume meetings in October. The members of the Tecumseh Music Club were the hostesses and served refreshments to all.

Presents Troop With Charter

TIPTON — Larry McLaine, Neighborhood Commissioner representing the Wolverine Council, presented the 1969 charter for Troop 17 to the Tipton Community Church at the Family Night meeting, May 6. Receiving for the sponsoring unit was the pastor, the Rev. Max Bailey.

The charter presentation was followed by patrol demonstrations.

The Bat Patrol gave proper handling and displaying of the flag followed by the Eagle Patrol's demonstration of how to find directions without a compass.

During a candlelight Investiture Service, Committee Chairman LeRoy Heistand presented second class badges to scouts Marc Hall, James Manley and Donald Heistand and Star Scout badge to Roger Cook.

Refreshments were served by the troop mothers.

Efforts Pay Off On City Garage

Continued efforts by Cal Zorn, city manager, to obtain lower construction costs for a new city garage has paid off.

He told Council May 5 that a pole-type, 8,400 - sq. - ft. building could be built for about $41,900. The pole building would consist of six-inch by six-inch posts on concrete footings with metal siding and roof.

General appearance is that of a regular metal building, and the city manager says it would be quite adequate for a city garage.

Low bid for the building only was $23,332.52 from the Erco Development Corp.

Claude Plumbing and Heating was awarded the heating contract at $5,719.84, and the plumbing contract for $3,211.89. Ralph Sager will do the electrical work. His bid was $1,800.

These figures total $34,064.25.

Mr. Zorn says city employees will put in a concrete floor and erect partitions. He estimated the cost at $8,000. Construction of sewer and water lines to the site, near the old city dump, will raise the final figure to about $46,000.

Last month, city received bids which ran from $69,500 upwards. At the time, the city manager told Council that he would check other possible construction and report back.

The city had allocated $45,000 in the budget for the building.

Actual construction is expected to start yet this month.

MIS Race

Continued from page 1

Jones' position it was also announced and unofficially reported that he was traveling at an average speed of over 90 mph., while Donohue was averaging slightly under 85.

In the under two litre class car 41 was also given the checkered flag when actually a car owned by Fred Baker and driven by himself, and briefly by comedian Dick Smothers, was on lap ahead of the announced winner.

The Kweeh tragedy happened on the 10th lap when his car hit a bump over the back stretch of the oval track leading on the road course extension in the infield, he lost control of the car and slid on the slippery turf into spectators sitting in cars or standing near a snow fence.

Fletcher and his wife, Lorna, also in the hospital in fair condition, were sitting in their automobile at the time of the accident. According to witnesses to the incident, everything happened so quickly that there was little time to react. Kweeh was traveling at a speed estimated at 120 mph.

Rain, snow and all the elements were partly responsible for the accident.

Time trials were held in a steady downpour — on Saturday, which held the time trials to speeds slightly slower than had been anticipated.

Ronnie Bucknam, winner of last year's inaugural race at MIS perhaps put it best after his car was forced from the race due to power steering failure, "My wife's a lot smarter than I am, she stayed in California; she'll never believe this." Bucknam is from La Canada.

'Gazebo' is Players 'Bang-up'

By BILL SANFORD

The Tecumseh Players will ring down the curtain on their 1968-69 season this weekend with the final performance of Alec Coppel's mystery - comedy, "The Gazebo." While no food for thought, this is a fun bit of fluff for a relaxing evening.

Coppel's main characters are Elliott and Nell Nash (Ted Broderick and Judy Dornan) who have purchased a home in one of the counties around New York. While neither really like the house, Nell maintains Elliott, who is a mystery writer, needs it as a place to concentrate. Some of the funny dialogue pertains to Elliott's persistent attitude to sell the home through a saleslady, Mrs. Chandler (Charlotte Parker).

Next door to the Nash's lives Harlow (Phil Baker), an assistant district attorney. He collaborates with Nash on some of the plots which Elliott writes. One in particular is a plot to do away with a blackmailer. It just so happens that Elliott is being blackmailed by a dirty varmint in the city for some pictures and information about charming Nellie when she was young.

The title comes from a bargain purchase of Nell's, a gazebo, gaze-bo or mid-Victorian breezeway, whichever you prefer, that will eventually adorn the back yard of the Nash spread in Westchester.

The plot which Nash contrives to do away with the blackmailer works, to a degree, in that he shoots somebody after a funny scene of laying out the villain. Nash plants the victim under the breezeway, pardon me, Gazebo, and feels secure in that he has done away with the skunk that could detrack actress Nell's career.

But Harlow explains that the Boston Blackie of the extortionists's union has already been shot, in New York, in his own apartment. Elliott, at a loss for words, tries to find out just whom he had laid to rest in the lily bed.

It turns out to be a henchman for the real crook. Two toughies, the Dook and Louie (Ron Wisner and Ron Wetter) come on the scene to find their expired comrade because he holds the key to $25,000 in a lock deposit box.

On and on it goes until the end and all is well in Suburbia. Whoever heard of anyone in suburbia being bad outside of Dr. Kinsey, Dr. Spock's predecessor?

The acting in Gazebo was well done for the most part, Broderick in the role of Nash came through well. He used his voice to a disadvantage, however. He raised the volume until he sounded, at times, like a boy soprano. Normally he has a deeper voice, he should have used it in the close confines of the Glass Room.

Judy Dornan as the wife could have used a little more pep. It was opening night, however, and she might have been down. A little more vivacity would have added a great deal.

Phil Baker as the neighbor was well in the supporting role. In fact, many parts of the play sparkled when the character actors were on stage. Ron Wisner and Ron Wetter, both were fine in their portrayals: they had fun with their parts; what you should have in a comedy and it came through.

Charlotte Parker was also worthy of mention among the supporting cast, as was Lyle Dornan as Mr. Thorpe, the construction man who puts up the gazebo.

Dennis Goller was fine as the detective who thinks Elliott did in the villain as was Tom Marine and Guil Rothfuss in other supporting roles. Marie Woszczynski as Matilda the Maid is also complimentary to the cast.

The production was capably directed by Loren Ruff, who was asisted by Jennie Beland and John Day in putting together play, sets and lights.

The play will be performed Friday and Saturday this week, tickets are on a reservation only basis. According to the players, tickets will be available through the weekend eprformances.

It can truthfully be said the Players ended their season with a Bang.

YOU TOLD US

By DOROTHY GRIGG
Herald Society Editor

It sometimes is difficult to convey to a child that Mom will devotedly love him regardless of what infernal thoughts, words and acts of the devil he may find himself in the process of producing. Sometimes necessary discipline fosters doubt of his parents' eternal love in the child's mind.

A clipping from a recent publication found its way to our desk this week that seemed to make good sense for anyone connected with youth. "It is important to keep clear in your own thinking and to convey to the child from the beginning the fact that, though you often disapprove of what he does, you do not therefore disapprove of him. It is the rare high school counselor who has the good sense to say to the delinquent student: 'I abhor what you are doing; I will not tolerate such actions for a moment, yet I think you're a great guy; I would enjoy your company.'" This is the essence of being a successful counselor — or a successful parent.

Along with Dot Dabe's renewal check for The Herald, she gives us a bit of news of the family in Summerville, S. C. "Still enjoying this beautiful area — despite recent problems in Charleston," she writes. "Pam has her new VW and is proud and happy to have her own wheels — you'll probably see her in July. Ralph is well and hitting the old golf ball well and I'm still struggling in that department. Our hello to all — we miss your smiling faces." Tecumseh friends, I'm sure, miss the Dabes, too.

VOICE of THE HERALD

Commend Efforts

City officials and Rotary Club members should be commended for their interest and achievement in obtaining Michigan State Police here next week to conduct safety inspections of vehicles.

Through their efforts, Tecumseh has another first. State Police never before have concentrated on a community and small area for safety inspections over a five-day period.

Why is there fear that many arrests will occur? If there is a willful violation, there should be citations issued. After all, State Police are here to protect us and enforce the laws, whether they be traffic or criminal.

Motorists should be thankful that an authentic check of their vehicles will be made free of charge. A defect in an auto should be corrected, and we would think all drivers would want to know about it.

We have enough cars on the highways today that probably are unfit, dangerous to the driver, his passengers and to all others on the road. These cars should be out of traffic until properly repaired, or in some cases, retired to the junk yard.

We've been assured there will be no mass arrests. Arresting drivers is not the purpose. The purpose is to emphasize safety and one of the first places to start is with the auto you drive.

Having the State Police, Tecumseh Police and Sheriff's Deputies checking your car according to the standards of the State police should be a vast improvement over the safety-check lanes of the past.

Our cooperation as citizens this next week is a must if the safety inspections are to be successful. What's wrong with having a defect pointed out to you, one which may not only endanger your life, but also members of your family?

We should be thankful what our city officials and Rotary Club have secured for our benefit — an honest-to-goodness vehicle safety-check.

Golfers Win 2 Matches

The Tecumseh High School golf team remained on the winning track in the past week of action as they recorded two lopsided league victories.

At the Country Club Tuesday, the Indians defeated Monroe Jefferson, 160-201. Bill Holmes and John Bryan were co-medalists with one-over par 37Ss.

Bryan's round included a near-ace when he drilled a shot that bounced off the pin on the par-three 15th.

Holmes reeled off eight straight pars before bogeying the final hole in the rain. Frank Geisenhaver, Ralph Miller and Bill Gibson all shot 43's to complete the scoring for Tecumseh.

Last Monday at a chilly Carleton Glen course, Tecumseh trounced Airport, 161-196. Holmes fired a 38 to lead the Indians as Miller and Geisenhaver carded 40's and Bryan added a 43.

The team will compete in the Class B regional this Friday at the Burroughs Farms course in Brighton. A scheduled practice round for the Indians was washed out by the heavy rains and cold of last weekend.

Tecumseh is currently in second place in the Huron League with an 8-2 mark. The team's overall record for the year is 8-5.

Letters to the Editor

TO THE EDITOR:

In the near future people will be wearing poppies as a symbol of remembrance of "America's War Dead". Let us pause then to remember and take time to re-read "In Flander's Field". It was my privilege to see the poppies blooming and blowing in the fields while traveling through Europe with my late husband. We agreed that no other flower could be more appropriate to express our feelings about honoring the dead and aiding the living. Also, we visited our government cemeteries in other countires.

It might be comforting to the families whose loved ones are buried there to know that the cemeteries are groomed to perfection and kept beautiful at all times. Those countries provide the locations and our government pays them to care for the cemeteries.

The money received from the poppy sales not only pays the hospitalized veterans a small fee for making the poppies but it is also used by the American Legion Auxiliaries for rehabilitation, child welfare, and scholarships of our veterans' families. Volunteers will be on hand in prominent places to receive contributions on May 22, 23 and 24. Please join us in wearing a memorial poppy proudly.

Sincerely,

AMAZED...

I tell a few war stories—just like the rest. The censorship of good taste and modesty makes my experiences pretty drab. But Jerry thrills to them. He's proud of his Dad's Purple Heart!

My son would be amazed if I were to tell him the stories we never tell, our thoughts as we hit the beach . . . what it was like in those jungles . . . what war does to its dead . . . and its living.

And in at... ...ays Jerry would be amazed; for he doesn't know me as a man who prays often. He can't realize the depth of my Faith. He has never met the brave chaplain who brought me in when I was hit.

I'll never tell Jerry all of it. I don't think God wants me to!

I pray that Jerry's may be a different world. I want him to learn day by day, step by step, what his religion will mean to him!

That's why we're a church-going family!

Card of Thanks

I want to thank all my relatives, friends and neighbors for all the lovely cards, letters, flowers and gifts. Also the nurses, nurses' aides, Drs. Blanden and Cook for all the thoughtfulness shown me while I spent three months in Herrick Hospital. I surely will never forget how kind they were to me.
Mrs. Minnie Spreeman. 5-15c

We would like to express our heartfelt thanks to all of our friends who helped and meant so much during the illness and death of our loved one. All of the visits at the hospital, the many cards, gifts and flowers during her stay there, the contributions of money for memorials and to the cancer fund. The beautiful flowers, the food that was brought in and all of the kind expressions of sympathy at the time of her death were so greatly appreciated. A special thank you to Pastor Krueger, Pastor Mueckler, the ladies of Emmanuel Lutheran Church and Mr. Niblack for their thoughtfulness and consideration.
The family of Lillian Miller. 5-15c

We would like to thank our many friends and neighbors for their assistance and thoughtfulness shown us during our recent misfortune. Also thanks for the clothing and articles donated at the open house to replace those lost in the fire.

HERCULES

We three Duncans and one Austin met Hercules and how exciting. It was the last Sunday of April and I know we will long remember the day. First of all, the weather was near perfect, sunny and warm; secondly, it was our first ride of the year; thirdly, we stopped to see some old friends but Dorothy and Lyle were out gadding apparently; fourthly, we met some new friends, and they are the ones who introduced us to Hercules.

Neither Mom, Dad, Gram nor I had ever seen a great horned owl. And, although for a week I had been reading about them, I was completely taken by surprise and absolutely thrilled at the size and appearance of the bird whom Lynn Sullivan carried towards our white station wagon.

He was at least the size of a small guinea hen, and imagine, this was a baby great horned owl. He was not even old enough to fly — quite a baby. When full grown, he will be about 25 inches tall and will rank with the largest members of the owl family.

The white snowy owl from the far north is said to be 25 to 27 inches tall and the great gray is a gigantic 27 to 28 inches. But let us start at the beginning . . .

The Sullivans found themselves playing foster parents to a pair of these young owls when, while doing some spring yard cleaning up, they found first a dead youngster and later the two live ones. After waiting and watching for the parent birds to come to the rescue, it eventually became apparent that their vigil was in vain.

The nest from which the kids had fallen was an old crow's nest high in the top of a tree and, according to Mrs. Sullivan, it looked far too small to hold the baby owls.

★

USING A CROW'S or some other large bird's nest is a common practice of the great horned owls. As early as February or March such a home site is selected and Mrs. O. lays her white eggs. This makes them the earliest nesters in our area.

Why, after falling from their dilapidated home, these youngsters were abandoned is hard to say. After checking with the conservation department, because owls are protected birds and cannot be kept without permission, the Sullivans settled into their role as owl raisers.

The birds were given their freedom, of course, and made themselves completely at home on the grounds of their own private lakeside luxury resort. On a diet of raw liver and hamburger, they thrived for a while but suddenly one developed problems. By the time of our visit, there was only one baby great horned but Hercules certainly gave every indication of being 'hale and hearty'. The death of the one owl points up one of the great difficulties in trying to raise either wild animals or birds.

Although Mother Nature knows what is best for her youngsters, we humans often do not. The Sulivans feared they 'killed the one owl with kindness' when, unknowing, they gave it water. These birds have no gullet or gizzard and are unable to take care of too much liquid. There are so many little things like this, so many tricks of the trade so to speak, that unless it is a case of absolute necessity, people might better let nature take care of her own.

AS MENTIONED before, our first look at the great horned owl was breathtakingly exciting. He was perched on a small piece of branch carried by Mr. S. He was not the least bit afraid, in fact he might even have enjoyed showing off.

As they came close to the wagon, he looked us over thoroughly and then hooped to the open window and settled down. I was in the car, sitting next to the door where Hercules perched. Imagine being eyeball to eyeball with a great horned owl baby. Marvelous!

His eyes were wonderful — big, and round, and such a yellow; his eyelashes were long and curly, as sexy as a giraffe's his eye make-up was colorful and perfect, and very much in style these days. The eyes, by the way, are not movable as are ours, an owl may wink at you but he will never roll his eyes.

This is no handicap, however, because the birds have amazing neck mobility. They do not twist their heads completely around as some legends say but they do have almost a 180 degree or a half circle range of motion. So when Hercules wants to see something, he merely turns his head and stares. And what a solemn, penetrating stare it is, too.

So it is that Hercules is quite a bird but his story is a long one — we will continue next week.

Rotary Chaperons Teens

Rotary Club members are proving their interest in the community by serving as advisors and chaperons to the Tecumseh Teen Club, now in the progress of re-organization.

Lenord Bruner and Walt Daniels will be the regular advisors, with the assistance of the other Rotarians.

"We will need at least one, preferably two, alternate advisors so there will always be two Rotarians present at each meeting of the Teen Club legislature," Mr. Bruner said Tuesday.

Sam Brooks, president, and the officers of the Teen Club have completed the re-writing of their constitution and by-laws to provide a simpler and more flexible organization.

Nine potential advisors attended a meeting May 7. Rotary will provide two couples to chaperon every dance during the month of June. Supervision has been the biggest single problem for the young people, Mr. Bruner said.

Youths Tell of Experiences

Mrs. John Snyder, foreign relations chairman for the past two years, introduced Harvey Schmidt and Michael Murphy to members of the American Legion Auxiliary Thursday evening.

Mike told of the three months he spent in Enschede, Netherlands. He compared their hime life, parents' thinking and jobs, young people's ideas of America, politics and aims to young peoples lives and expectations here.

He said he enjoyed their food, but they seemed to generally serve less meat.

The eight children in the family he stayed with went to several different schools, and for only part of a day, as some of the older children worked.

Their main means of transportation was by bicycle although Mike's family had two automobiles. On special days they still dress in the traditional clothing and wooden shoes.

Harvey Schmidt spent his time in Elmen, Germany, and enjoyed it as much as Mike seemed to have enjoyed his visit. Harvey showed some of the slides he took and narrated the story they told.

He found the people friendly and the young people interested in learning of America.

He worked a couple of days in one of their modern dairies to finance a camping week-end in beautiful mountains near the East Sector. He particularly enjoyed going through the large Brewery and a visit for the week-end with the Neils Hansen family.

At the business meeting the members voted to contribute $5 to the Leprosy Fund.

"We are still badly in need of volunteers from the membership to help at the VA Hospital in Ann Arbor one Thursday a month," Mrs. Robert Koffron said. "If you have time, call Mrs. T. Rentschler," she stated.

The membership was informed of a tea planned by the District President for this year's and last year's Girls State representatives their mothers and President Mrs. T. Rentschler and Girls' State chairman, Mrs. Kenneth Herrick to attend.

Refreshments were served by Mrs. Larry Goller and Mrs. John Sisson.

Hoover-Smith Wedding Held in Bride's Home

CLINTON — Anne Kathleen Hoover and Calvin Arthur Smith were married Saturday noon at the home of the bride's family, west of Clinton by the Rev. Carfon Gene Foltz of Flint.

Parents of the couple are Mr. and Mrs. Guy Hoover, 157 W. Michigan Ave., Clinton, and Mr. and Mrs. Arthur Smith of Ionia.

The ceremony took place in front of the fireplace. White lilacs in white containers and white candles in pewter candelabra decorated the mantle.

Given in marriage by her father, the bride wore a short, full-skirted, long-sleeved dress of white dotted swiss that she designed and made. Her short white veil of silk illusion was attached to a pearl-studded head band. At the V-neck she wore a carved ivory rose which was a gift from the groom. The "something old" was one of a matching set of gold engagement bracelets given to her great-grandmother, Sarah Halladay, 98 years ago and worn by her sister and aunt at their weddings. Her bridal bouquet was made up of long-stemmed English violets.

Bonnie Lynn Hoover was maid of honor for her sister. She wore a full-skirted, yellow dotted swiss dress with a short yellow veil and carried a bouquet of yellow jonquils and white narcissus.

The groom asked his long-time friend, David Hoover, brother of the bride, to be his best man.

The wedding ring used in the single ring ceremony was the gift of the bride's grandmother, the ring she wore until her 60th wedding anniversary.

Traditional wedding music was played by pianist Mrs. Ralph Halladay, grandmother of the bride.

Immediately following the ceremony and reception line, a buffet luncheon was served to the wedding party and guests, members of the immediate families of the bride and groom.

Hilda Smith and Diane Johnroe, apartment mates of the bride in Ann Arbor, presided at the punch bowl and tea and coffee service.

The new Mrs. Smith is a graduate of Clinton High School and the University of Michigan School of Nursing. She is employed as a nurse in the Department of Anesthesiology at the U. of M. Hospital in Ann Arbor.

The groom is a graduate of Saranac High School and Michigan State University and is a teacher of Family Life Education at Flint Northern High School. He will be working on his master's degree in Education at EMU this summer. They will reside in rural Clinton.

Keep It Beautiful

If America hired people for the job, it would take the largest sort of army to keep our country free of litter.

But there's no need to hire anyone. It's a job we can do for ourselves. All of us. Every family that spreads a picnic lunch. Every boatman who cruises the lakes and waterways. Every motorist who uses our roads and highways.

It is the pleasure of the U. S. Brewers Association each year to give its fullest support to the Keep America Beautiful Campaign. Remember: Every Litter Bit Hurts.

This is our land. Let's treat it right.

In Boston

T. L. Neill, director of safety, of the Tecumseh Products was among a group of 14 safety management personnel from all parts of the country who attended a week-long Industrial Hygiene Institute in the Boston area recently.

The institute, held at the Liberty Mutual Insurance Companies' Hopkinton research center, was designed to aid safety people from the 13 attending companies in learning fundamental steps to deal with simple industrial hygiene problems.

"What it comes down to," says director William LaRocque, a chemist at the research center, "is simply instilling confidence in those safety personnel who have not had experience in technical problems and therefore shy away from them.

"We teach that a little scientific knowledge and common sense can make a tremendous difference."

One of the major problems facing industry is the control of air pollution in the plant itself.

THS Golfers Win Pair

The Tecumseh High School golf team regained their winning ways as they won two league matches in relatively easy fashion.

In an important match at the Country Club May 6, the Indians downed Flat Rock, 167-183. Frank Geisenhaver and Ralph Miller were co-medalists with 40's as Bill Holmes shot 42 and John Bryan had 45. This was Flat Rock's second league loss and placed them, Monroe CC, and Tecumseh in a 3-way tie for second place, two games behind Grosse Ile. However, Grosse Ile must face each of these three teams again this season and a Red Devil loss or two is quite possible.

Monday, May 5, at the windy Country Club, Tecumseh crushed New Boston Huron, 162-215. Geisenhaver fired a fine 37 for the Indians as Bryan posted a 38, Holmes had 43, and Bill Damon added a 44.

Tecumseh's overall won-lost record now stands at 6-5, with the league record at 6-2.

Pastor tell me

By DUANE H. McNEIL

WILL THE WORLD END SOON?

The world will come to a flaming end. We are told "The elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up." II Peter 3:10. The Bible puts certain events before this and these should be noted.

The next event in God's calendar will be a return of Jesus Christ for His Church. Note this is not some denomination but a group of persons with explicit Faith in Christ. This occasion, described in I Thessalonians 4:13-17 may occur at any time. There is no end of the world as such, simply a removal of those who make up the special church of Christ.

A seven-year period follows this catching away. It is called the Tribulation. Great troubles and natural disasters shall abound in these days. Though called natural they are seen to be directed by God. The Tribulation period will end with the return of Jesus Christ at His Second Coming. The Great Battle of Armageddon will take place and world order as now known will end. However, Bible Prophecy indicates a literal Kingly reign of Christ for 1000 years after which the end as we think of it shall take place.

Spiritual application leads us to believe that not to be included in the first group above, will be as it were, the end of the world for us.

Investigates Six Accidents

Five of six traffic accidents investigated during the week of May 16 by Tecumseh police were minor, but one mishap May 4, sent five persons to Herrick Hospital, including one who was transferred to University Hospital at Ann Arbor.

According to the police, Glenna M. Fish, 14, Sand Creek, lost control on S. Ottawa St., struck a telephone pole and then crossed the street and finally stopped against a tree.

Passengers injured were Miguel J. Guisar, 18; Bruno Florez, 17; Jesse Florez, 13; Jack Steele, 14; and Miss Tirb. Guisar suffered facial lacerations and was transferred to Ann Arbor.

Miss Tirb was cited for careless driving and no operator's license. Guisar was charged with allowing an unlicensed driver to operate a vehicle.

A resume of the other accidents is:

May 1 — Gerald L. Pendell, 22, of 606 Murray Dr., was cited for running a red light after hitting Max L. Handy, 25, of 203 Pine St., at the intersection of W. Chicago and Union.

May 2 — Shirley E. Wolf, 22, of 11585 Tecumseh-Clinton Rd., attempted a right turn off N. Evans St. into the parking lot of the Herrick Park branch office of the United Savings Bank. She was struck during the turn by John C. Schulz, 26, of Dayton, O., who thought the shoulder there was a traffic lane. No citations were issued.

May 2 — Linda L. Kuder, 50, Saline, was charged with failure to yield the right of way after a mishap with Donald R. Hayman, 32, of East Rochester, O., at N. Evans St. and Brown.

May 5 — Zina H. Opel, 48, of 909 Murray Dr., was cited for improper backing after colliding with Margaret B. Brown, 41, of 1110 Murray Dr., in front of the Opel residence.

May 6 — Diane M. Aiuto, 29, Adrian, ran into a street sign on W. Chicago Blvd.

Visit South for Two Weeks

Mrs. Naomi Sallows and Mrs. Perry Hayden returned May 2 from a two-week trip through the Southern States, visiting many points of interest. Some of the beauty spots they saw were Cypress Gardens and the Magnolia Gardens at Charlotte, S. C. In Savannah, Ga., the two spent some time along the Atlantic Ocean, they traveled through the Smoky Mountains, the Cumberlands and the Clinch Mountains.

They spent a few days with Mrs. Hayden's daughter and family, Mr. and Mrs. Ronald Wells and son at Spartanburg, S. C. They attended the presentation of song and drama written and directed by Mrs. Wells entitled "I Wonder" and presented to an audience of over 1,600 persons. Mrs. Sallows said that it is expected that Mr. Wells will take the group of 100 students on tour with the performance.

Pink and white dogwood, wisteria, azalia, locust and red bud trees were all in bloom, making their trip one of real beauty.

Board Tables Bush Request

By BILL SANFORD

The Lenawee County Intermediate School District Board of Education May 5 voted to table a request by Leland Bush to transfer property from the Tecumseh School District into Britton-Macon.

Supt. James McDowell, Ass't. Supt. Robert Duhan and Aden Mead of the Tecumseh School Board were on hand to object to the transfer.

Mr. Bush seeks the change of district based on the fact that children of the families living on the Bush farms, which include over 1,200 acres, go to Britton-Macon Schools, and the entire tax base of the farms should be in that district.

He stated at the hearing that in the past, once or twice, he had paid all of his taxes into the Britton district. The Board agreed that this might have happened, as supervisors who make up the tax rolls assign the land to the proper school district when applying it to the rolls. Many times errors have caused changes to be made.

This makes it impossible for schools to actually know what lands might be excluded from their tax base for any given year. Since the Bush farms pay three quarters of their taxes to the Britton district, it was agreed among both parties, that a supervisor might have assigned the entire 1,200 acres to Britton without noting the 323 acres that would normally have been paid into Tecumseh.

This was the primary reason for the tabling of the issue until June 2 when a final determination will be made.

One parcel of land was a part of the Mills-Macon District which was dissolved prior to 1950 and has been the center of occasional controversy since. The largest portion, excepting a few acres, was annexed to Britton-Macon. During the mid-50's when the consolidated districts were being drawn up, residents and landowners in that area were given the opportunity to choose the district that they preferred. An L-shaped plot of nearly 160 acres chose to stay in Britton. Richard Earhardt, who owned the property in question at present, stayed with the boundary lines which went through his property.

At a later date the property was scheduled for a hearing before the board at the request of Mr. Earhardt. However, according to Milton Porter, the day of the hearing the request was withdrawn and Mr. Earhardt stayed with the established boundaries.

Supt. McDowell feels that if the property has been in Tecumseh since 1950, the 19 intervening years are long enough to establish that they are a part of Tecumseh School District.

Mr. Mead stated at the meeting that he felt that lines should be established and had been and that the county should respect lines already drawn and cease the constant moving of district boundaries.

In tabling the matter, Supt. Porter said that a check of the records would be made to determine if the property was now or ever had been a part of the Britton-Macon District. Following this check a second hearing will be held June 2 where evidences to either cause will be presented and a decision reached at that time.

Summer Fun at Clark Lake

During the summer months mid-Michigan area residents face a problem that's become more and more universal in recent years — what to do, constructively with their leisure time. For many of them the answer to the question of what to do on a warm summer night lies in the Clark Lake Summer Theatre.

Located on the south side of Clark Lake, approximately five miles south of Jackson, the Clark Lake Theatre has made the lake much more than simply a physical summer oasis.

The theatre houses, in fact, one of the fine summer stock companies available to Michigan residents, and one that is a perennial favorite with mid-Michigan theatre-goers. It is, consistently, something of a cultural oasis.

Operating from a 16-year tradition of professional productions, the program offered this year by the Clark Lake Players consists of: Comedy hit, "The Impossible Years" (June 19-20-21 and 26-27-28); the New York drama critic's prize musical "Guys and Dolls" (July 3-4-5 and 10-11-12 and 17-18-19).

Edward Albee's powerful drama, "Who's Afraid of Virginia Woolf" (July 24-25-26 and July 31-August 1-2); the comedy, "Three Men on a Horse" (August 7-8-9 and 14-15-16) and the popular musical "Lil Abner" (August 21-22-23 and 28-29-30 and September 4-5-6).

Clark Lake Players offer, besides the quality of its productions, a chance for anyone interested to become a part of the theatre itself. There is always a need for personnel, people to become involved in the many facets of the operation of a summer theatre, from the many backstage operations to the acting proper.

For further information on either the plays themselves, ticket information, or how you can become personally involved in the theatre, call Jackson (529-9141 or 529-9512).

Red Cross Needs Funds

Due to the heavy drain on disaster resources since 1965, the American National Red Cross is making an immediate appeal for more disaster funds. Flood waters are pounding at the levees from Eau Claire, Wis., across Minnesota, North and South Dakota, Missouri, Iowa and Illinois. Thousands of families have been evacuated and are being fed, clothed and sheltered by the Red Cross.

To meet the emergency, Red Cross has placed 55 trained disaster specialists to work with over 5,000 volunteers who are actively engaged at this time of need. A big battle is being conducted by Civil Defense and other government agencies to hold the dikes and avoid more serious flooding, particularly in heavily-populated areas.

More than 9,500 workers are fed daily by Red Cross mobile canteens and stationary feeding centers. Your Red Cross has served over 143,000 meals since the beginning of this operation.

Chapter Chairman, Dr. Robert Murray wishes to inform all communities, the Lenawee County United Fund, Tecumseh Community Fund, Clinton Community Chest, Britton-Macon Fund, and those who contributed to the Red Cross March Drive for members and funds, that this request by the National Red Cross is for additional disaster expenses, over and above the amount received from them for chapter operational costs.

Contributions may be sent to your Lenawee County Chapter, American Red Cross, 204 N. Broad St., Adrian.

"He's tremendous," Mr. Speer said.

Water To Return To Globe Pond?

Further steps were taken by Council May 5 to eventually return Globe Mill Pond to its former status — full of water.

City Manager Cal Zorn was told by Councilmen to check for Federal or state funds and to obtain approximate costs in replacing the dam, washed out last June 26.

City officials already have one estimate of $41,600 from L. E. Winkelhaus, Ann Arbor engineer. Others are to be obtained to provide an approximate cost before officials proceed with special assessment plans that would have property owners adjoining the pond, helping to pay the total cost.

After a lengthy discussion, Council generally agreed that cleaning out the muck and some of the debris in the pond would be too costly.

Mr. Zorn said that sediment there measured about three feet deep and estimated volume at about 150,000 cubic yards. According to the city manager, R. H. "Spike" Miller said removal costs would probably be about 70 cents per cubic yard.

Councilman Wallace Whiting suggested that local folks be allowed to remove the sediment free of charge. The silt is said to be excellent top soil.

Mr. Zorn disapproved of the plan, saying folks would haul out muck which was most easily obtainable and the city would then be left with that which would be most difficult. He also pointed out vehicles were apt to become stuck, and explained that the best way to clean up the pond would be with a drag line.

No timetable has been set for replacing the dam, but it became apparent Monday evening that a new dam was unlikely until late this year or next.

Cecelia Gauss Is Named V-P

WABJ radio station manager, Mrs. Cecelia E. Gauss, has announced that WABJ has allocated $1,000 for full sponsorship of the Adrian American Legion Baseball Team.

According to Bob Rossman, baseball chairman of the Adrian American Legion Post, the team in previous years has been forced to search for numerous smaller donations all over the area in order to meet expenses. This year WABJ's donation has alleviated that problem.

The radio station sponsored team will compete this summer in the American Legion's Second District against teams from cities in Lenawee, Monroe, Washtenaw and Jackson counties.

Dick Gaver from Adrian High School will coach the team again this year.

Wit and Wisdom Hear of History

The history of the Wit and Wisdom Club as written by Mrs. C. A. Slayton in 1934 was read at the 75th anniversary celebration of the Club May 5 in the Baptist Youth House.

It was read by Marian Whelan following the dinner with invocation by Mrs. Perry Hayden who also welcomed the guests.

She read three poems from the "Ideals" magazine.

Fred C. Dickinson and Dennis Bryan sang, accompanied by Mrs. Dickinson.

A film, "Michigan in the 20th Century", courtesy of Consumer's Power shown by Ralph Comfort provided many chuckles.

A letter was read from the Rev. Alvin Brazee in Florida stating that his health is much improved and he is able to walk about six blocks a day.

Wilfred Waldron told of an orchestra of which he was a member who played at Dr. North's residence among other reminisces.

Mr. Dickinson commented that he had sung Irish songs for the Club members many times and this time he would sing a "sandwich of Irish, Scotch and Irish".

Club souvenirs and early pictures of Tecumseh along with sample programs were on display after the close of the meeting.

Remember, you don't have to spend a million to look like a million. Just be sure to get a lot more for your money. Example: Cutlass S. This one's got Olds class and quality written all over it. There's a Rocket 350 V-8—that runs on regular gas. A genuine Olds ride and handling action that make you feel like a million, too. There's even an anti-theft steering column lock you can't get on many cars at any price. Put them all together and they add up to extra value that goes far beyond the modest Cutlass price.

How to look like a million on the same old budget you had before.

No Change Sought in School Millage

Tecumseh School Board approved a resolution Monday night to place 14 mills — all renewal — on the June 9 ballot.

The Board's decision resulted after the Teachers Education Association and the School Board came to an agreement over salaries for the 1969-70 term.

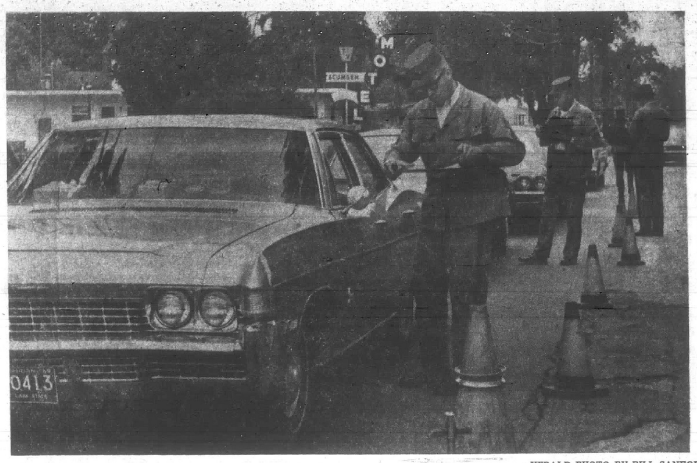
Supt. James McDowell and Robert Duhan, assistant superintendent, report it was not necessary to ask the voters for extra millage since the evaluation in the district was increased by over $2½ million, an increase in state aid, and an expected surplus at the end of the present fiscal year.

Mr. McDowell says the Board ruled against asking the electorate to approve the operating millage for a longer period of time, since it's possible that a governor's committee may come up with a new method of financing schools in the state. The committee is currently investigating possible methods.

School officials are expecting a $47,000 increase in state aid, about $63,000 extra from increased evaluations in the district, and approximately a $50,000 surplus at the end of the present term.

Other issues on the June ballot will include one mill for special education, .7 mill for the local library — an increase of only .1 mill — and two seats on the School Board.

Dr. Fred Freeman, incumbent, and Robert J. Van Sickle are competing for a four-year term, and William Macbeth, incumbent, and John Wanzeck, a one-year term.



—HERALD PHOTO BY BILL SANFORD

POLICE SAFETY CHECK — Hundreds of motorists were chanelled through the State Police safety check stations here this week and the first were drivers here on N. Evans St., Monday morning. Some passed, some didn't and those who were ticketed have let their feelings be known. State Police will be checking vehicles here through Friday.

Mrs. Dulles Is Guest Speaker for Foundation

By BILL SANFORD

The name of John Foster Dulles, after over 10 years, is still synonymous with American foreign policy. The name Dulles is an illustrious one wherever words of international politics are spoken and so it is with Dr. Eleanor Lansing Dulles, the sister of the late Secretary of State. Dr. Dulles will be in Tecumseh Sunday to speak at the presentation of grants from the Niels Hansen Foundation at St. Elizabeth's School.

Dr. Dulles has the unique distinction to be the granddaughter, niece and sister of secretaries of state, the most recent, John Foster, who served until his death under the late President Eisenhower.

Dr. Dulles served with the state department from 1942 until her retirement in 1962. She is an author, educator and researcher in the field of international understanding.

Her tenure with the state department included four presidents, eight secretaries of state and a vast change in the political and social structure of the entire globe.

One of her most prime studies of late has been West Berlin. In 1968 she published a book, "Berlin: The Wall is Not Forever", and in the early part of this year had published "One Germany or Two? The Struggle at the Heart of Europe".

She made many trips to Germany during her stay with the foreign service. That nation awarded her an honorary degree from the Free University in Berlin. She has been honored by that city with a medal for her work in reconstruction and support.

In 1960 President Eisenhower bestowed upon her the personal rank of Minister. Shortly before her retirement she undertook a study of 60 Asian, African and Latin American countries for the State Department.

Throughout her illustrous career which followed the pattern of John Foster and another brother, Allan, she has been associated with a number of educational institutions in either research or teaching capacities; Simmons College, Bryn Mawr, Duke University, Harvard and Radcliffe, Stanford, the Center for Strategic and International Studies and Georgetown University.

She will arrive in Tecumseh late Saturday from Washington. While in Tecumseh she will be the guest of Mr. and Mrs. Robert Bonner.

School District Value Jumps $2.7 Million

Tecumseh School District evaluations have jumped from $50,674,172 to $53,387,513 for 1969-70, according to Robert Duhan, assistant superintendent.

It amounts to a $2.7 million hike with the City of Tecumseh "picking up" about 75% of the tab. Most of the residential property owners in the city received hikes this spring with raises in residences amounting up to 20%.

Tecumseh's share of the $2.7 million hike is nearly $2.1 million.

Raisin Township's school evaluations were increased approximately $415,000 and Tecumseh Township, about $235,000. Other townships received smaller raises except Franklin, which was lowered $225,000.

Evaluation figures for the city and townships are:

	1969-70	1968-69
City of Tecumseh	$30,515,000	$28,435,500
Adrian Township	90,200	71,559
Clinton Township	360,700	287,175
Franklin Township ...	2,818,214	3,043,378
Macon Township	1,988,200	1,950,508
Raisin Township	13,449,950	13,033,010

Tecumseh Township ..	3,346,849	3,109,420

Safety Parade Today

It's "parade time" in Tecumseh with the city's two biggest parades scheduled this Thursday afternoon and the annual Memorial Day parade next Friday, May 30.

Today's Safety Check parade is scheduled to start from City Hall at 5:00 p.m. and will include over 50 units, according to Vern Manwaring, parade chairman. If rain forces postponement, it will be held at the same time Friday.

The parade will march west through the downtown district and then eventually back to City Hall at E. Chicago Blvd. and Maumee St.

Local and visiting officials from Three Rivers, queen candidates, contestants in various categories, and others will participate. Tecumseh High School varsity band, along with Cadet and Junior High bands, will march.

A reviewing stand will be located at Easton's Friendly Service, where the Safety Check Queen will be announced along with other winners. The Rev. Blair Bashore is master of ceremonies.

Queen candidates include Pat Cook, Jane Osburn, Jan Wilson, Diane Vogel, Sherry Hunter, Jan Snyder and Vickie Pace.

Carl Schmidt has been elected Safety King. His daughter, Valerie, sixth grade student at Ridgeway, wrote the winning essay, nominating her father.

Karen Auten, fifth grader at Ridgeway, placed second, and Keith Lockridge, sixth grader at Herrick Park, won third place.

Winner of the poster contest was Deborah Burkhard, seventh grade. Sherry Holmes, seventh grade, and Audrey Schroeder, eighth grade, placed second and third respectively.

Fonzo Fritz, 10th grader, was first place artist with his painting on the show window at Lawson TV. Marc Beard, 10th grader, was second with his art work at Flanders Music. Cindy Freeman, a freshman, took third place with her painting at the office of Dr. Robert Bowers.

These winners may pick up their prize money at the reviewing stand after the parade. First place is worth $15; second, $10; and third, $5.

Financing the Safety Parade and contests this year are the United Savings Bank, Fisher Body, Tecumseh Products, H. W. Tuttle Co., Rumpf Truck Lines, Faraday and Stauffer Chemical.

Construction Plans Given To Officials

Three construction programs for the city have been presented to the Planning Commission and Council.

Robert Holmes has presented plans for 132 apartment units on about eight acres, just off Occidental Rd. This site was recently annexed to the city.

Twelve buildings of two-bedroom apartments are included in the layout. Since plans did not include lighting, fences or dimensions, they were returned to Mr. Holmes for proper adjustments and revisions.

Ernest Oliver has submitted plans for a single and multiple-family addition to Goodacre Gardens, just north of Burt St. His plans would necesitate re-zoning and were referred to a city consultant for a recommendation.

William Powell has a seven-unit plat for single family dwellings just north of Conklin Dr., and west of Ternes Rd. These homes would be in the $30,000 and up bracket.

Developer Seeks Zoning Change

A public hearing for June 16 was scheduled by Council Tuesday evening for a change in zoning in the Indian Hills Subdivision.

Dean Cunningham, developer, has proposed plans for 60 dwelling units, 48 two-family and 12 one-family units. These plans, however, will be altered to meet requirements of a city ordinance.

Zoning change is sought for the multiple dwelling units, and the Planning Commission has recommended the change.

New Dam Is Possibility This Year

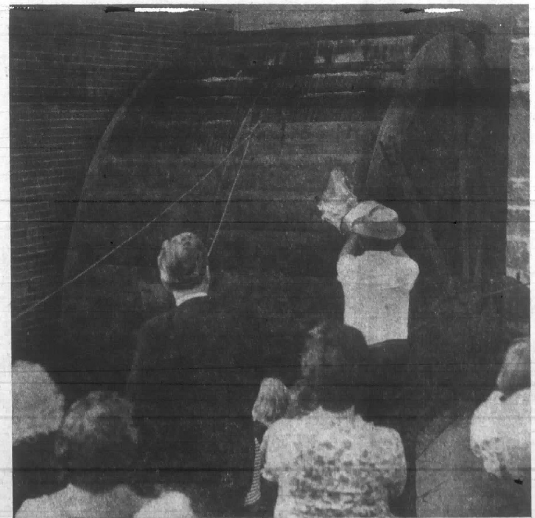
A new Globe Mill Pond dam is a definite possibility for this year, according to Cal Zorn, city manager, after an engineering report was made to Council Tuesday night.

L. E. Winkelhaus, Ann Arbor engineer, told officials that his estimate last month of $41,600 was maximum, and he had based part of his estimate on figures secured from suppliers and other contractors.

He was authorized to proceed with plans and specifications. Mr. Zorn said bids could be taken yet this year for a new dam.

Principal problem is the financing, and city officials are still hoping to obtain some Federal aid. Approximately $30,000 is needed and may have to be obtained by special assessment bonds, according to the city manager.

The city does not have sufficient funds budgeted in the general fund, but ample monies are available in the water department fund. In the past, the city has borrowed from the water fund to meet some other needs.



WATER WHEEL TURNS AGAIN — Zell McCarty, president of the Senior Citizens, "christens" the water wheel at the Community Center during ceremonies Tuesday afternoon. The Jaycees have been working several months preparing for the turning of the wheel. The wheel was installed by the late Henry Ford. The biggest q uestion seems to be, with the Mill Pond dry, "where does the water come from?" Stop by the Community Center and see the wheel and the mysterious water. Dr. Sid Adams was chairman of the Jaycee Water Wheel Committee.

State Police Check Close

Tecumseh's 14th annual Safety Check started here with a bang Monday morning when a team of State Police set up a station on N. Evans St. — and it's questionable whether some folks approved.

Monday, 21 motorists were issued tickets at the N. Evans station, and Tuesday at the Community Center, 31 more were given citations. It is the first time that State Police have concentrated vehicle safety inspections on a single community.

According to Charles Butler, general chairman of the Safety Check, most of the violations occurred for drivers who failed to have registration papers with them. Some lacked drivers' licenses and others no proof of insurance.

In most cases, motorists were given opportunities to provide the necessary papers. Some drivers, however, discovered that they had failed to renew their drivers' licenses and were operating on expired ones. They received tickets.

Mr. Butler says the State Police inspected 170 cars Monday and 180 Tuesday. A second team of officers is expected to arrive in Tecumseh either Wednesday or Thursday and increase the number of vehicles to be checked.

State Police plus help from the Tecumseh Police Department will continue inspecting vehicles here through Friday.

Present inspections here show that most of the vehicles passing through the inspection stations are in better than the state average, Mr. Butler reports.

Purpose of the checks is to make motorists safety conscious and reduce the number of traffic accidents.

Poley, Berkley Are Assistant Principals

Dermont Poley and Donald Berkley, veteran school teachers in the Junior High, were re-assigned by the School Board Monday to assistant principalships.

Mr. Poley, who holds a masters degree in administration and supervision, was appointed to an assistant principalship in the high school. He is presently a physical education instructor and has served the local schools for 14 years.

Mr. Berkley, present Junior High shop instructor, has taught for over 14 years in the Tecumseh system and has a masters degree, plus 15 hours, in industrial arts and administration.

He will assist David Dick, Junior High principal, and will concentrate his work on attendance and as an all-around principal.

Mr. Poley will deal mostly with discipline and attendance for Neville Hart, High School Principal.

High School's other assistant principal is Don Brazee.

Teachers Receive Pay Hike

Tecumseh school teachers received a pay boost Monday evening when the School Board approved an agreement reached previously by the Board's negotiating team and one representing the Teachers' Education Association.

Under the new salary schedule, base pay for a teacher with a four-year degree will be $7,000 annually, an increase of $500 from $6,500. New maximum salary, reached in 10 years, is $10,870.30.

For teachers with a masters degree, the base will be $7,644, and the maximum, $11,870.60. Longevity pay of $250 in four steps, every five years, is included for teachers after reaching maximum.

Total salary package for the teachers is estimated to cost $159,000, and officials anticipate absorbing it in the current 14 mills now used for operating.

Last year, the Board hiked teachers' salaries from $6,700 to $6,500, which was then about average for the state. Many contracts are now being negotiated in the state by teachers with their boards for base salaries in excess of $7,000.

The cost of the current raise here will be paid out of increased district evaluations, increased state aid, and an expected surplus at the end of the present school term.

Well, if thus be the case, best we not put off until tomorrow but get to work right now in making the surrounding area a better place because we are here. Maybe we had best start by taking that smile to lunch that Almina has been suggesting for several weeks. See you at Harry's.

Services Held for Four Traffic Victims

Funeral services were held Wednesday for two Tecumseh residents and two from Britton who were killed early Saturday evening near the Michigan-Ohio line in Whiteford Township.

The four traffic fatalities were Joseph Leach, 58, and his wife, Genevieve, 43, of Britton, and Mrs. Hazel Creger, 51, and John Wantuck, 55, both of Tecumseh.

According to reports, David Welker, 19, of Ottawa Lake, ran through a yield sign at Yankee and Clard Rds., striking the local automobile broadside.

One of the men was thrown about 150 feet from the car, and the two women were pinned in, requiring special equipment to remove them. They were en route from Britton to a bingo game in Ohio.

The Ottawa Lake youth suffered scalp lacerations, bruises and a concussion. He was taken to a Toledo hospital.

Mr. Leach, a native of Deerfield, and his wife were married just two years ago on May 7, 1967. He worked for Budd Co., in Clinton. Survivors include a sister in Toledo.

Mrs. Leach was born in Adrian, Aug. 20, 1925. She is survived by her mother, Mrs. Daisy Ostrum, Adrian; three sons, Ronald Jordan, Tecumseh; Michael Jordan, Britton; Gerald Jordan, U. S. Army at Ft. Knox, Ky.; five brothers and three sisters, including Mrs. Gladys Shelhart, Tecumseh; Mrs. Charles Anspach, Britton; and Mrs. Duane Creger, Tecumseh.

Mrs. Creger was born in Toledo, Feb. 19, 1918. Her husband, Leonard, died in 1963. She is survived here by a son, Michael; her mother, brother and four sisters, all of Milan; and also sisters at Saline and Deerfield.

Services for Mr. and Mrs. Leach were held at the Britton Bethel Baptist Church, and for Mrs. Creger, at the Stevens and Bush Funeral Home in Milan.

Funeral rites for Mr. Wantuck were held in Detroit Wednesday morning.

Entertains Garden Club

Mrs. Ed Klopp entertained nine members of the Tecumseh Garden Club at her home May 16 when Flora Smith was elected president. Others elected are:

Vice-president — Mrs. Klopp.
Treasurer — Laura Smith.
Recording secretary — Mrs. Marshall Coulter.
Corresponding secretary — Mrs. Neil Pearson.

Mrs. Pearson presented a program on W. A. Burpee and the founding of the Burpee Seed Co.

She said that Burpee was a successful poultry man at the age of 14. The first seed catalog was published by another company in 1877 and Burpee's first one came out in 1880.

The Burpee Company was incorporated in 1917 with Mr. Burpee's son, David, as president. They now employ over 1,000 people and sell over 52 million packets of seed per year.

Mrs. Klopp and Mrs. Waldo Mohr served pumpkin cake with whipped cream and tea.

3 Are Retiring From Schools

Tracksters Perfect, 8-0

Tecumseh Indian thin clads picked up half of the Huron League track championship Monday afternoon at the high school athletic field downing rival Flat Rock, 74-44. Prior to the dual meet both teams held 7-0 records. Entering the league meet Wednesday the Indians led the field, 8-0.

Jim Collins led in the field events with a pole vault win of 11' 6". Teammate Scott Dalton cleared the bar at 11' as did Jessop for Flat Rock. However, the visiting vaulter had fewer misses in attaining his mark and was awarded second place over Dalton.

Terry Boldon captured first in both the broad jump and the high jump. In the broad jump he went 20' 1½" and Gary Fairbanks and Scott Dalton picked up second and third.

In the high jump Boldon went 5' 10", Dave Laidlaw finished in a tie for second with Hardy of Flat Rock.

On the cinders it was pretty much Tecumseh all the way. Richard Graf finished in second place in the two-mile run by .02 of a second to Stuart of weiler, Mark Goodacre, Gerald Girbach and Fairbanks making up the quartet. Their time was 1:36.6.

Jack Edwards led two other the 880 relay with Dave Gurtz-Flat Rock. Laidlaw finished in third.

The Indians finished first in teammates, Lamar Rufner and Terral Ives to the tape in the mile run with a time of 4:55.2. The Rams had no one to keep up in this field.

Fairbanks continued his winning ways in the hurdle events, capturing both the high hurdles in 16 seconds flat and coming back to take the lows in a time of 21.2. Gary Hannibal finished second in both behind Fairbanks. Hannibal also finished third in the shot put in the field events.

Tony Lisenbee won the 880 run in 2:08.5. Paul Randall finished third. Dave Laidlaw led most of the way through the 440 but had to settle for second behind Flannigan of the Rams.

Girbach dropped the 100-yard dash by 05 of a second to Ellias, but came back to hand the Ram a defeat in the 220 by 2 of a second.

Flat Rock won the mile relay over the team of Goodacre, Lisenbee, Jack Edwards and Laidlaw.

Golfers Win Dual Meets

The Tecumseh High School golf team recorded two more league triumphs and also finished eighth in the regional golf meet during the past week of action.

In a match at the Country Club Tuesday, Tecumseh routed Blissfield, 160-202. Bill Gibson overcame two opening bogies to post a 38 for medalist honors. Bill Holmes carded a 40 as John Bryan and Ralph Miller turned in 41s to complete the Indian scoring.

Tecumseh competed in the strong Class B regional at Burroughs Farms in Brighton Friday and wound up a not-too-distant eighth. Hillsdale won the event with a 316 total as the Indians were 18 shots back at 334. Tecumseh scores were: Bryan, 39-41—80; Frank Geisenhaver, 42-39—81; Gibson, 45-41—86; and Holmes, 41-46—87. Bryan, Gibson and Holmes all played the back nine first.

A chip-in birdie and a strong finish of six straight pars highlighted Bryan's round. Geisenhaver fashioned an excellent eagle 3 on the par-five 12th as he rolled in a curving 30-foot putt. Gibson turned in a creditable performance on his first nine but faltered slightly in the late stages. A three-hole stretch of eight over par marred Holmes' first nine holes but he recorded a steady finishing nine.

Tecumseh avenged an earlier defeat Monday as they squeaked past Monroe CC in a key match, 170-173, at the Country Club. Ralph Miller holed a chip shot for a birdie en route to a 41 to lead the Indians. Gibson and Geisenhaver shot 42's and Holmes had 45 for Tecumseh.

The race for the Huron League crown presently has evolved into a two-team fight between league-leading Grosse Ile and Tecumseh.

Grosse Ile is unbeaten while Tecumseh has two losses in league play and the teams meet in a showdown battle at Grosse Ile this Friday. This match and the conference meet at Tecumseh June 2 will decide the league championship.

Tecumseh's record is now 10-2 in the league and 10-5 overall.

Through My Window

HERCULES (continued)

Well, let's see — last week we left Hercules, the owl, quietly sitting in the open window of the car, staring at me. We were eyeball to eyeball and believe me, never in my wildest dreams, had I ever thought to be so close nor have such a good look at such a magnificent bird.

On top of his head two little tufts of feathers were just beginning to show. An adult great horned owl has surprisingly long 'horns', they are aptly named birds except that, of course, one must remember the horns are really feathers. Hearing is an owl's long suit, it is a most sophisticated, refined and complicated sense.

Even the feathers on the facial disc are sound-sensing organs. Superb eyesight plus an incredible hearing ability make owls awesome hunters. Actually, by ear work alone, an owl, in a completely dark room, will catch mice.

With Hercules perching in the open window, I had a marvelous look at his feet and legs, too. The legs were short and strong looking, but oh, what feet! His claws were raw, naked power and strength. The curved nails were thick, long and pointed — what a pedicure they would take.

These talents are also highly specialized and a unique muscular arrangement in the feet and legs operates as an automatic clasping device. Once prey is caught, it is held in a secure and almost unbreakable grip. But Hercules was very careful with his weapons, he seemed almost to know when and where not to 'over'down.

★

THIS GENTLENESS also extended to his mouth. He had the wickedly hooked and sharply-pointed bill peculiar to all owls. Just by looking at it one could imagine what an effective 'ripping' tool it could be.

This particular Sunday was unusually warm if you will remember, and the baby owl was noticing the heat. Like many birds and animals, his only way of cooling off was to open his mouth and pant. It was quite a mouth, complete with a light pink tongue.

The Sullivans' cute little granddaughter came over and, while petting the bird with one hand, laid the first finger of her other hand under the owl's hooked bill and in the mouth. When she felt she still had 10 fingers — that is being gentle.

Oh, yes, I said petting. Her cuties seemed to like being petted and fondled. Mom and Dad said his feathers felt every bit as soft and downy as they looked.

Even an adult owl has this fluffy plumage, especially the wing feathers. This accounts for their silent flight, their fastest dives upon prey are practically soundless because of the muffling effect of these soft feathers. While being stroked, Hercules made a soft, happy sound deep in his throat. Such utter contentment, such complete bliss.

The Sullivans expect their foster parent duties to end in late June or early July when Hercules, being well able to fend for himself, will be taken to some woodlot and released.

Of course, having his complete freedom now, he may decide to assert his independence early and leave home of his own accord.

What his wingspread will be when fully grown, I can hardly imagine. When we saw him it was surprising and, as an adult, he will stand some two feet tall, which is only several inches shorter than the great gray owl.

This owl can have a wing spread of five feet. Inconceivable.

★

WHEN HE DOES strike out on his own, I hope he finds a friendly territory. There was an unhappy time when most people automatically shot any big bird. Hawks, vultures, owls, all were looked upon with disfavor. Now, of course, it is known that all of these birds play important roles in Mother Nature's well-designed cycle of life.

A great horned owl, for example may dine occasionally on a farmer's chicken, a hunter's game bird, or anyone's song bird but the basic items on his bill of fare include such things as rats, mice and snakes.

Actually this bird will eat "any kind of animal life large enough to be worthy of its notice and small enough to handle", according to Richard Pough's "Audubon Bird Guide". This even includes skunks — somehow the smell which we find so offensive, bothers this bird not a whit.

So it is that we three Duncans and one Austin had a marvelous visit with the Sullivans and their interesting Hercules.

Speedway Winners

Despite the forecast of rain, Friday evening was warm and dry for the 53 qualifiers at Manchester Speedway. The fastest was John Luderman at 19.24.

The first heat saw Butch Moull jump out to lead until the ninth lap, when Jim Stemen and Sam Henson both passed him for first and second place finishes, Moull taking third and Ray Jennings, fourth.

In the second heat, Larry Blaisdell grabbed a good lead and held on for the win. He was followed across the line by Ray Barnard, Dick Slade and Marvin Carmen. The third heat had Gary Rhodes take the checkered flag over John Hooneyham, Bob Paul and Allen Tubert.

Dick Cronk hit the back retainer in the fourth heat, rolling once over. He was not hurt and was awarded the first up-side down trophy of this year. The winner of the race was Paul Whittaker, Art Call, second, Jim Shook, third and Gene Hilton, fourth.

In the pursuit race, Moull led all the way again until the last turn when he lost control, due to a steering failure. Don Taylor took the win over Luderman. Moull was third and Dick Crup fourth.

The semi-final had Gary Rhodes taking his second win of the evening, followed closely by Mooneyham, Whittaker and Shook.

Don Taylor took the lead on the 6ixth lap of the feature and quickly built up a half-track lead for his second win. John Luderman was second and Dick Slade, third.

"Speedy", the track clown, is going to slide through a wall of fire next week. He is talented and a joy to all the "kids" at the track.

Agriculture Award for Development

The "Agricultural Development of the Year" award, on the county level, was awarded to Jack Raymond and his stepson, David Stutzman, of Seneca. Jack and David farm over 500 acres and raise over 900 feeder cattle per year.

They were awarded this coveted award for their practice of applying urea mechanically thru an automatically-calibrated metering device. The metering device mixes urea, a 282% protein equivalent from urea, evenly throughout silage as it is chopped in the field.

This practice is especially important for horizontal silos. Up to now urea was added by hand to the silage as it was dumped into the silo. Mixing the urea evenly at the rate of 10 lbs. per ton of silage was the problem.

John Jansen, teacher of vocational agriculture at Clinton, John Comstock, County Agent, and Paul Burns, chairman of the "Agricultural Development of the Year Award' and teacher of vocational agriculture at Tecumseh were the judges.

A regional winner is selected from the county winners and the state "Agricultural Development of the Year" winner will be selected from the 16 regions by a panel of judges. The state award will be presented at the Michigan State Fair in Detroit, August 23 through Sept. 1.

Youth Movement Under Discussion

James Seregow of Ann Arbor will speak at Tecumseh Assembly of God, 210 W Bidwell, Sunday, May 25, at 11 a.m., according to the Rev. Harold Speer, pastor.

The Rev. Seregow, graduate of Evangel College, is Field Director of Campus Action, an assemblies of God college evangelism program in the state of Michigan. He is currently ministering in several of the 45 colleges and universities in the Michigan area.

"Our youth movement under campus action is vital to the future leadership of America", says the Rev. Seregow, whose ministry has taken him to five countries, as well as speaking to churches, rallies, and in crusades.

"The public is invited to these special services," Mr. Speer stated.

The Rev. Rosa Reiniker, home on furlough from Ceylon, will be the speaker at the Wednesday, May 28, evening service at the Assembly of God.

A veteran missionary, the Rev. Reiniker has served several terms in Germany.

Letters to the Editor

TO THE EDITOR:

The Tecumseh Jaycees and Jaycee Auxiliary would like to express their sincere and grateful appreciation to the merchants and friends that supported our efforts in the community throughout the year. And in particular this past year, with their time, talents and facilities. And lest we forget for frequent impositions for their financial support. Without their full cooperation and assistance our efforts would have been fruitless.

Any community service organization such as ours needs the full backing of its city government, which we have received in abundance for which we are eternally grateful.

We owe a full debt to the community as a whole, for without their participation, all our efforts would be in vain.

We thank and salute you all.

Most grateful,
David Schoonover,
Jaycee President,
June Day, Jaycee
Auxiliary President.

DAR Group Hears Defense Report

Sensitivity Training was the principal thought presented in the national defense report for the Abi-Evans Chapter DAR meeting Friday at the home of Mrs. Neil Pearson.

The "training" is a form of group criticism, called group therapy, now used by many organizations, schools and even churches.

It parallels the "brainwashing" used by the North Koreans on servicemen captured during the Korean conflict and later, the Pueblo personnel.

During the "group therapy", the leader and chosen members of the group compare family and national standards, dissuading and degrading those with high moral and other standards. Those who are called "square" by the rest of the group are urged to conformity of the group, thus accepting many of the ideals and low standards of communism.

As a result, the United States is being conditioned to accepting military and moral defeat in Vietnam. Discussion of this and many other related topics was given by members.

The Regent read the message of President General Betty Newkirk Seimes, from the May 1969 issue of the DAR magazine, expressing her sorrow on the death of former President Eisenhower and thanking members for the sympathy given to her on the recent death of her husband, Erwin Frees Seimes, a loyal supporter of DAR and its ideals.

Communications were read from Lucy Wolcott Barnum Chapter, inviting the Chapter members to an installation of officers and luncheon May 15 at Croswell House in Adrian.

The group was also invited by Sarah Treet Prudden Chapter to attend a luncheon, June 10, at the Jackson Country Club.

Transportation will be provided for members participating in the Memorial Day Parade, forming at City Hall at 9:45 a.m.

Marian Whelan spoke of receiving correspondence from a direct descendant of Musgrove and Abi Evans. There is a possibility of obtaining proof of Abi Evans being a "Real Daughter" (one whose father or mother aided in the cause for freedom during the Revolutionary War). If proved, Abi Evans' grave will be marked as such.

Mrs. Joseph Rice informed the members that the opening of the DAR National Convention in Washington, D. C., was given favorable TV coverage.

Mrs. Ellsworth Robison gave a report on American Indians. She had obtained a scrapbook, "The American Indians and the History of Early Detroit".

A booklet, "The Indians of Michigan", by Emerson F. Greenman and recent clippings from the "Presbyterian Life" magazine were also read. An issue of "The Bugle", the newspaper from the Indian School, St. Mary's Episcopal School for Indian Girls at Springfield, S. D., was shown. The school is one of the Indian Schools supported by DAR.

Mrs. Pearson served fruit salad, home-made bread and beverages preceding the meeting.

Highway Dept. Adopts Plan

The State Highway Commission has adopted a program calling for $60 million in highway improvements to be undertaken in the fiscal year ending June 30, 1974.

The portion of the program approved today is based on projected costs and availability of funds.

About $16.5 million in state-financed improvements, including safety projects, will be added to the fifth year at a later date. Final contracts will be awarded in that period for completion of the presently authorized Interstate system.

Freeway projects and estimated costs include right of way acquisition for the relocation of 11.1 miles of US-12, from M-50 easterly to M-52, at a cost of $760,000.

Teenagers and Narcotics

Sheriff Richard Germond was the speaker at the Rotary Club meeting May 13. Introduced by Clyde Spivey, Sheriff Germond spoke on "Teenagers and Narcotics."

He stressed the fact that it is not just marijuana and other drugs that youth are using, but items found in most households, such as household glue and aerosol cans of various kinds, even flavoring extracts and cigarets made especially for victims of asthma.

The Lenawee County officer stated that only recently three or four youngsters in the metropolitan area froze their throats and died from breathing fumes from paper sacks which they had sprayed with aerosol items.

Nasal inhalers are sometimes used by the youngsters to "get a ride." Sheriffs officers picked up some young people in Adrian not long ago that had become intoxicated on "Scope," a mouthwash.

Mr. Germond stated that this is a developing problem in the county and parents would do well to be alert to irregular actions in their young people, an unusual odor, dilated eyes, etc.

He lighted a simulated marijuana pill used in police training to give Rotarians an idea of the odor when it is used in cigarets.

The speaker also emphasized his talk with the use of a movie.

Ouch! Man Loses To Lawn Mower

James Creger, 314 Park St., was hospitalized for six days recently following a lawn mower accident, in which he severed most of his large toe. He was at the home of his father, Frank Creger, on Sisson Hwy., pulling the mower backward when he tripped, and the mower blade neatly cut through shoe and toe and all.

Tiptoe Thru Tulips In Holland (Mich.)

Little Garden Club of Tecumseh sent its members tiptoeing through the tulips of Holland (Mich.) Wednesday.

Part of a year-long emphasis on, bulbs and their use inside and outside the home, the trip marked the opening day of the annual Tulip Festival at Holland. Several carloads of members attended, along with a plane load flown there by Mrs. Carlton Cook.

Mrs. Cook commented that the Tulip City Airport personnel were in the festival spirit along with the rest of this western Michigan area, providing free transportation from the airport to the city.

Settled by Dutch immigrants, the Holland area contains some major producers of tulip bulbs. Their fields, acre after acre of neat rows, each row containing a single type and color of bulb, are open for visitors. The rows are numbered so the flowers can be identified.

The hot weather of early May didn't last, so Holland's tulips were in their prime. A few of the earliest varieties were gone, and a very few not yet open, but the miles of Holland's streets were lined on both sides by a dazzling array of tulips. Parks held artistic displays of tulips, along with flowering shrubs and other plants which will provide color all summer long.

The Tecumseh group enjoyed a large flower show with arrangements and horticulture exhibits prepared by Holland garden club members. Among the most striking exhibits were dried flowers which had to be touched to prove they were not fresh-ly cut. A large number of displays were by junior gardeners, some as young as third graders.

Holland's annual festival parade, street scrubbing and klopphen dancing by costumed youngsters added to the full day.

Nurses Oppose Bill

Twenty-two nurses from Lenawee County attended the District Nurses Association meeting at the home of Mrs. Lavern Moll, Holloway, May 15.

All nurses were urgently asked to write their State Senators and Representatives in opposition to Bill No. 2847, currently under discussion by the House Committee on Public Health. The bill, if passed, would allow persons to be licensed as Practical Nurses solely on the basis of experience, without any formal schooling.

They were asked to write soon and try to prevent the possibility of untrained people doing the work that only someone with the proper background and education should be doing. The District will send a telegram opposing further movement of this bill, and all nurses are urged to contact their representatives or members of the Committee on Public Health and make them aware of the potential dangers to patient care and health care programs if this bill passes.

The delegates to the October Michigan Nurse Association convention in Lansing, are Mrs. Journey Stoner, president, and Mrs. George Wilson. Sue Denger is an alternate.

The officers and several other interested nurses met this past Monday evening with Mrs. Joan Guy, representing Michigan Nurses' Association. The purpose — to introduce the possibility of a pilot program to recruit new members and interest current members in the Lenawee District. A task force committee will be set up to work with M.N.A. toward these goals.

President Stoner will attend a workshop for District Presidents at St. Mary's Lake from July 17 to 19. Mrs. Ruth Goodsell, membership chairman, will attend a regional district workshop in Ann Arbor June 17-18.

Two members were installed as officers for a two-year term, Mrs. Hazel Giddings, vice-president and Mrs. Charles Newell, recording secretary.

Refreshments were served by Mrs Moll and her assistants

Tulip Time Theme

Holland, Michigan, may be famous for its Tulip Festival, but the Lutheran Church Women of Gloria Dei staged a most successful "Tulip Time' Mother-Daughter Banquet on May 15.

An authentic wooden windmill was in the center of a small tulip-bordered garden. Decorative window boxes and colorful table arrangements transformed Luther Hall into a springtime fantasy.

Fathers and sons served the roast beef dinner to the 100 guests in attendance

Mrs. Wallace MacGeorge presented a toast to daughters, and Sharon MacGeorge responded with a toast to mothers.

Toastmistress Mrs. Richard Gentz introduced the guest speaker, Mrs. Ada Rippey from Sturgis. Mrs. Ripey held a captive audience with her clever narrative and interesting presentation of her foreign and antique doll collection.

Remembrances were given to the mother who had had the most birthdays, Mrs. Frank McRae; to the mother who had traveled the greatest distance, Mrs. Walter Lewis, Fostoria, O.; to the mother having the most daughters present, Mrs. Wallace MacGeorge; and to the youngest daughter, Jennifer Platt.

Co-chairmen, Mrs. Douglas Dunn and Mrs. William Macbeth, commended all who gave so generously of their time and talent to make this occasion pleasurable for all.

CLINTON — A musical program entertained 80 mothers and daughters at their annual banquet in the United Methodist Church, May 10. A salad buffet was featured.

Christine Thompson and Darcee Schneider gave recitations for the mothers. Mrs. Gordon Gove sang a solo and Gale Christian played a piano solo.

Mrs. Frank Allen accompanied a vocal trio composed of Mrs. Martin Scott, Mrs. William Nighswander and Mrs. Donald Quick. Jeannie Meeks led a children's chorus.

The toast to the mothers was given by Karen Schroeder and the toast to the daughters was given by her mother, Mrs. George Schroeder.

Pictures Shown Of Recent Tour

CLINTON — Mrs. Paul Nesbett of Adrian provided the program for the May 12 meeting of the Methodist Faith Circle, held at the home of Mrs. Gordon Satterla.

Mrs. Nesbett showed a wide variety of slides taken while she and her husband were on a tour of India, England, Germany and the Holy Land. She answered many questions concerning these countries and showed specimens of the fine handiwork of the people. Her presentation enhanced the members' understanding of their world neighbors and gave a greater insight into, and appreciation of, the problems of those countries.

Doris Negus furnished the Double or Nothing feature of the meeting by selling decorative straw novelty flower items from her recent sojourn in Florida. This aspect of each meeting consists of the sale of some specialty of each member and the remuneration received goes into the circle treasury.

Refreshments were served by the hostess from a serving table decorated in the theme of the meeting, "Knowing Our Friends From India."

Election of officers will be held at the potluck supper meeting planned for June 12 at the home of Mrs. Mary Anderson. The program will be in charge of Mrs. Clare Reiser with devotions by Mrs. Merle Greenfield.

Band Boosters Elect President

CLINTON — Rex Winchell was elected as the new president of the Band Boosters Club, at the annual banquet attended by members and parents, Monday night at the high school.

Other officers elected are:
Vice-president — Harold Moon.
Treasurer—Mrs. Harold Moon.
Secretary — Mrs. Robert Girbach.

At the business meeting conducted by retiring president, Harry Herndon, it was reported that the club has $1,397 on hand.

Band Director Richard Perkins announced plans for the band members to attend Camp Kahana near Glen Lake again this year for the week of Aug. 17-24. About 55 students have made the necessary $10 deposit and indicated their intentions to attend. Others may do so soon. There is a need for more chaperons to accompany the group.

Mr. Perkins explained the need for 10 to 15 new band uniforms to accommodate the new members coming up from the eighth grade. There are only a few seniors leaving this year. Cost of the uniforms is $100 each.

Private lessons will be given during the summer for six weeks, at no charge to the band students. This would be especially helpful to the fifth graders and up through sophomore class, but Mr Perkins suggested that junior and senior bandsmen would benefit most from private tutoring on their instrument. He can arrange for such tutoring through college students in Ann Arbor if desired.

700 Attend Funeral Services for Sam Brooks, THS Senior

What is normally a time of joy for graduating seniors turned to gloom here Saturday when it was learned that one senior was killed and another critically injured.

Killed instantly about 1:30 a.m. Saturday was Samuel Brooks, 18, only son of Mr. and Mrs. Thomas H. Brooks, Jr., 505 Parkway Court. Injured but since taken off the critical list is Joseph Bagby, 18, son of Mr. and Mrs. Herbert Bagby, 1201 Murray Dr.

Funeral services were held Monday afternoon at the Baptist Church at what was probably the largest funeral service ever conducted in Tecumseh. High school let out early and hundreds of classmates and students paid their last respects to the popular Sam Brooks. Estimated attendance was 700.

According to the Tecumseh police report, the two seniors were headed north on Bagby's new motorcycle, traveling between 60 and 70 mph, when they lost control shortly after passing over the River Raisin bridge.

Mrs. Bagby says her son lost control of the cycle after running into gravel left on the pavement, just north of the bridge. Berms of the street had been scraped a couple days prior to the mishap.

In the police report, the bike left the pavement 400 feet before young Brooks struck his head on a telephone pole at the intersection of N. Evans and Burt. He then apparently spun off the bike and into Burt St., about 60 feet from the pole.

Bagby, still on the motorcycle, crossed Burt and just missed a street sign pole and another utility pole. Part of the bike apparently snagged a guy wire there, causing the bike to flip. It landed against a small tree some 100 feet north of the pole where Brooks was killed.

Carlo Mobley, a classmate and former teammate of Bagby's on the Indian football team, was behind the two boys and witnessed the accident as did John Kennedy and David Lord, also seniors, who were in an automobile on Red Mill Dr. at Evans.

Mobley turned his motorcycle around and raced to the police station.

When Officer William Meni arrived, Bagby was standing next to a wire fence by his bike at 702 N. Evans St. He was in a dazed condition but still conscious when taken to Herrick Memorial Hospital.

Later that morning, he was rushed to University Hospital in Ann Arbor and underwent surgery.

According to his mother, he suffered broken ribs, broken pelvic bones, damage to a lung and has only a 50-50 chance of keeping a damaged kidney. His spleen was removed. He was taken out of intensive care Monday.

Joe Bagby had quit work at G&J Wood Products just about an hour before the accident. He was working there to help pay for the new motorcycle.

After work he joined Sam Brooks and other students at the House of Pizza on W. Chicago Blvd.

Later, Sam slid onto the seat behind his friend there and the fatal ride began.

Officer Meni says a protective helmet worn by Bagby probably saved his life. The helmet at the police station is scraped and dirty, indicating that Bagby, who landed some 15 feet from his bike, had hit his head on the ground.

Sam Brooks' death shocked the senior class, which met Saturday morning to decide whether to go ahead with Saturday night's Junior-Senior Prom. Class officers, meeting with their advisor, decided to hold the dance — but it was not the usual happy affair.

Both Neville Hart, high school principal, and his assistant, Donald Brazee, were shocked by the tragedy and spoke highly of young Brooks. He was not only popular with the students but with the faculty as well.

Sam was president of the Teen Club and a member of the present Indian baseball team. He played frosh football and then became a Jayvee football manager, basketball manager, member of the wrestling team as a junior, held a leading role in the junior play and worked backstage for the recent senior play, was a member of the Smoke Signals' staff as a junior and was a member of the Varsity Club.

Mr. Hart says "Sam was a good student," and had applied and had been accepted at both Central Michigan and Eastern Universities. It's not known which college he would have attended.

Survivors, besides his parents, include a sister, Pamela, a student at Bowling Green State Uni-

DEATH SCENE — Rut in this lawn at 618 N. Evans shows the path of a motorcycle on which two Tecumseh High seniors were riding early Saturday morning. Sam Brooks was killed at this telephone pole, and Joe Bagby was critically injured after spilling in the yard just north of Burt St. Services were held Monday afternoon for young Brooks. Bagby since has been taken off the critical list and is reported recovering at University Hospital in Ann Arbor.

Youngsters To Register For Lessons

You wouldn't know it by the cool weather during the past few weeks, but the swimming season is almost upon us.

Vic Lawson, veteran manager of the pool, will again supervise the annual swimming lesson program which will include eight water safety instructors.

Three swim lesson sessions will be offered to the public this summer with the first session running from June 12 to July 4th; second session, July 7 thru Aug. 1; and the third session, Aug. 4 thru Aug. 29.

Lessons in the first session will start Thursday, June 12, and it will be necessary to have lessons on the following Saturdays in order to complete the regular 20 periods of instruction, according to Mr. Lawson.

These Saturdays are June 14, June 21 and June 28.

The second and third sessions will be the regular Monday thru Friday dates for four weeks. Lessons will be given in the morning from 8 until 12.

Classes will be offered for beginners, advanced beginners, intermediates, swimmers and advanced swimmers, and junior and senior life saving.

Registration for swimming classes will be from 3 to 5 each afternoon, June 2 thru June 5, and June 9 thru June 11.

THS Alumni Is June 21

The Tecumseh High School Alumni banquet will be held Saturday, June 21, in the school cafeteria.

Several special reunions are scheduled for many of the 10 classes — 1919, 1929 and 1939, etc.

The alumni committee hopes to make this a friendly get-together for all Tecumseh alumni. Dave Hohenstein will chair another meeting Thursday evening to further the plans.

Tickets are available at Eggleston's Jewelry, Wright's Pharmacy and the United Savings Bank.

Last Safety Check Was Not Very Popular Here

A State Police safety check here last week during Michigan Week provided the Safety Committee of the Rotary Club some interesting — and some unfavorable — facts.

The random checking of automobiles and other vehicles proved to be very unpopular with motorists and not enough vehicles were inspected. The condition of local vehicles, however, proved to be in better condition than found by State Police at other checking points.

Police Chief Murell Clark reports there were 912 vehicles inspected here during the five-day, concentrated effort of state officers and the Tecumseh police.

Violations noted were:

18 — excessive noise.
2 — not wearing glasses.
22 — No registration for car.
52 — No proof of insurance.
16 — no operator's, or expired license.
1 — driving with license revoked.
2 — no windshield wipers.
3 — no rear view mirrors on trucks.
13 — defective lights.
1 — improper plates.

Safety checks have been conducted here for the past 14 years, but officials are considering dropping it. They report the State Police were unable to check enough cars and the old system is not satisfactory.

C. O. Butler, general chairman of the safety check and parade, says a new method, perhaps a state inspection law, should be enacted for the welfare of all motorists.

He says all but 19 states have such inspection laws and Michigan is lagging in adopting one.

SAFETY QUEEN — Jan Wilson, second from left, was picked 1969 Safety Check Queen for Tecumseh last Friday. With her is Carl Schmidt, Safety Check King. Also in the front row are Jan Snyder and Sherry Hunter. At top, is Vickie Pace, Diane Vogel, Jane Osburn and Pat Cook.

Don Moffatt Quits Post For New Job

Don Moffatt, superintendent of Parks and Recreation here since March 2, 1964, has resigned to accept a similar position at Wheaton, Ill.

His resignation will be effective June 23.

His new position will entail a much larger area and will consist of the city of Wheaton and outlying communities. It is called the Wheaton Recreation District.

Since Mr. Moffatt came here from Lansing, many activities, including expansion and development of the senior citizens organization, have been developed and enlarged.

Cal Zorn, city manager, says applications for his replacement are being sought from Western, Eastern and Michigan State Universities.

Ballots Are Now Ready for Voting

Absentee ballots for the June 9 school election are now available at the Board of Education office on W. Chicago Blvd.

On the ballot, Tecumseh Public Schools are seeking a renewal of 14 mills for operation. This is the total amount of millage the schools are now using. Other funds for operation are derived from state aid.

An increase of 1/10th of a mill is being sought for the public library, and the county is seeking one mill to continue operating special education for the handicapped next year.

The ballot will also include two contests for positions on the local School Board.

Dr. Fred Freeman and Robert Van Sickle are in a race for a four-year term, and William Macbeth and John Wanzeck, one-year term.

Deadline for voting an absentee ballot is Saturday, June 7.

BEHIND PAGE ONE

The Rev. Duane McNeil of Britton, his father and young son were carrying on a conversation about currency when the pastor mentioned that "if things continue, some could lose their shirt." Young Bobby piped up, "Well, if I lose mine, I hope it's that one that won't stay buttoned."

Hats off to Greenwald Cleaners for the free cleaning job which they did on the city's flags displayed last week along the streets. It's a good civic gesture on their part to help celebrate, not only Michigan Week but Memorial Day and other holidays of remembrance of who we are and what we stand for. "Thank yous" should also go to Don Mayes who put them up and Dick Cangley who took them down.

A home planning kit is available from the Plan Service Office, Agricultural Engineering Building, Michigan State University, East Lansing 48823 for $1. Entitled "Planning Your Home," the kit includes publications on home building problems and plans for building structures ranging from small cabins to five-bedroom homes.

Among the state's "No, No's" on wild flowers is the trillium but Loch Erin, just off Gilbert Hwy., on Kingsley Drive had the most magnificent large patches of the pretty deep pink ones that we have ever seen. — Ah, ah, just for looking . . . mustn't touch.

The Croswell Summer Repertory Theatre will present the second season of shows at the Theatre July 3 through August 10. "Gypsy", "Odd Couple", "Don't Drink the Water" and "Inherit The Wind" will be presented by a professional cast of 10 assisted by local people interested in acting or working backstage. Those who would care to help may attend the two organizational meetings June 3 and 5 at 7:30 p.m. at the Croswell.

GIRL SCOUT NEWS

Mrs. James Wheeler was elected as the Tecumseh Neighborhood Chairman of the Irish Hills Girl Scout Council at the meeting held Thursday morning, conducted by Mrs. John Robinson.

A report was given by Mrs. Avery Lee on the Girl Scout float to be in the Memorial Day parade. The theme this year is camping. Girls will meet at City Hall at 9:30 to line up for the parade. Leaders are asked to help set up the float at 4 p.m. on May 29 at the Dave Faling residence, 322 Park St.

One girl should be chosen from each troop to ride on the float. They will dress in regulation brown or green camp shorts, white blouse and knee socks.

The next Cabin Association meeting will be held on June 12 at 8 p.m. at the scout cabin. Each troop should send a representative for these meetings.

Mrs. James Hedley is in need of two or three unit leaders for the day camp to be held from June 23-27. Assistant leaders are also needed. If leaders are not found by May 30, it may be necessary to cancel the day camp program for this year, she said.

An interesting camping program for all ages is being planned, but to be effectively carried out enough unit leaders and assistants are necessary.

The deadline for girls to register is June 9. A physical examination within the last year is required for each girl. The medical form will be given to the girls at the time of registration. Forms may be obtained from Mrs. Donald Escott. A state law requires each girl to have a TB test. These are given at the Health Department in Adrian at no cost.

Troop leaders and assistant leaders are needed for next year's scouting program. Anyone who may be interested in working with the Girl Scouts may contact Mrs. James Wheeler.

Troop 100 Juniors held a Court of Awards at the Scout Cabin on May 20. Each girl lit her candle, saying a Girl Scout Law. The Girl Scout Promise was said by the girls. Mrs. Howard Kronberg and Mrs. Carl Albaugh presented the badges with each girl then telling what she did to earn her badge.

Badges were presented to Lisa Albaugh, Mary Barrett, Peggy Burns, Colleen Fagan, Jody Fielder, Susan Laidlaw, Pat and Pam Knisely, Karen Kronberg, Beth Leathers, Judy McVoy, Jana Mueller, Carla Roberts, Peggy Robideau and Terest Wilson. Mrs. Bruce Brown assisted the girls on a dance badge.

Peggy Burns received her Girl Scout pin. Debbie Haeussler was unable to attend. Cookies and punch were served.

Troop 232 held a picnic at the home of Mrs. Paul Henning. The scouts roasted hot dogs and made "somores". As a service project, get-well cards were made and given to the people at Herrick Nursing Home. The members of this troop are Barbara Wheeler, Susan Cole, Joni Tomecek, Kelly DesErmia, Karen Humphreys, Karen Milliman, Judy Hyde, Dorie Sanford, Pam Kahle, Carol Henning, Priscilla Kahle, Carol Henning, Pricella Shelton, Tammy McKeever and Cheryl Coffey. Their leader is Mrs. Harold Cole.

Junior Scout Troops 167 and 202 held a combined Court of Awards at the Scout Cabin. Terri Fisher welcomed the mothers and guests.

Troop 167 conducted the flag ceremony. Troop 202 lighted the three candles to symbolize the three parts of the Girl Scout promise: "to do my duty to God and my country, to help other people at all times, and to oben the Girl Scout Laws".

Badges were presented to the girls by their leaders, Mrs. Wayne Morley and Mrs. Paul Heming. Each badge has a purpose whether it be for the arts, the home or citizenship, and is a symbol that the girl is now prepared to give service in that area.

The Scouts are looking forward to the Cadette Scouting program next year. Refreshments were served to the guests by the Scouts and a film on "Scouting 12-14 year old girls" was shown.

Girls participating from Troop 202 were Roxanne Groover, Barbara Henning, Melaine Hochrein, Ann Lundahl, Betsey McKeever, Theresa Raper, Sandy Schneider, Elnine Service and Alyce Wheeler.

Girls from Troop 167 were Deborah Creger, Teri Ery, Deborah Escott, Brenda Hand, Janet Hessen, Brenda Ives, Deborah Keller, Julie Parros, Beverly Rodifer, Deborah Wisner, Teri Fisher and Barbara Morley.

'We Must Read' Says Dr. Dulles

By DOROTHY GRIGG

"We must read articles with which we disagree," Dr. Eleanor Lansing Dulles said Sunday afternooon as she spoke in St. Elizabeth Auditorium on the subject of "Understanding the World of Today".

"Don't trust the press," Dr. Dulles stated. "Use it and test it. We are flooded with data, some complicated, some distorted, we are suffocated in reading material but we must read to understand what is going on around us."

The world traveler and author was introduced by Arthur Collingsworth, chairman of the Niels Hansen Foundation, who also presented the grants to 13 Youth For Understanding exchange students, including Donald W. McVay, Tecumseh, Donna L. Murphy and Martha Louise Osburn, Tipton and Carol L. Dixon of Clinton.

"We used to be just people," Dr. Dulles continued, "Now we become individuals at a very early age and we are not willing to follow a course already set out for us."

In her list of obstacles and difficulties in today's world, the stateswoman included emotion, language and the desire to find immediate solutions to current problems.

"We rush headlong into it rather than work patiently toward improvement," she charged.

"Miscalculations at a high level," Dr. Dulles said was the cause of the situation in which the world of today finds itself. Serious economic mistakes resulted in the great depression of the late '20s and early '30s, lack of understanding of the trends in Europe and mistakes with respect to Russia and China, a gap in knowledge and wisdom, she claimed were the nation's errors.

"Don't stop learning and you will find that some problems will yield to your efforts," the lady concluded.

Introcations were given by the Rev. Fr. Robert Handley and the Rev. Paul J. Brantingham. Mayor Harold Easton welcomed the guests, spoke warmly of the late Niels Hansen for whom the Foundation is a living memorial, and presented Dr. Dulles with a gift, Clara Waldron's book, "One Hundred Years — A Country Town".

Michael D. Rohrer, a member of the Board of Directors of the Foundation, read messages from many ambassadors, congressmen and from the Hansen family.

Mrs. Rachel Andreson brought greetings from the Youth for Understanding program and gave a brief resume of its goals.

Mr. Collingsworth told of the founding of the Niels Hansen Foundation by classmates and friends of the former exchange student when he was here in Tecumseh.

Robert J. Bonner, vice chairman, presented one of Dr. Dulles' books, "American Foreign Policy in the Making", to each of the grantees including those of last year.

Mr. and Mrs. Robert Bonner entertained at a reception for Dr. Dulles at their home following the program at the school.

Mrs. Neri Collingsworth and Mrs. Wyman Service presided at the silver service in the Bonner home.

"A Place Where Friends Meet"

By MARVEL NEUMAN

HOLLOWAY — The Rev. J. Daniel Frost is the 14th paid pastor of the Raisin Center Friends Church, having taken over the ministerial duties here, Aug. 1, 1967.

The Rev. Frost first pastored the Pelham Friends, Church near Niagara Falls, Ontario, for three years, following his graduation from Malone College in Canton, O., in 1964.

Pastor Frost married the former Wanda Cramer of Birdsall, April 20, 1968, and together they work with the congregation at Raisin Center.

In additional duties, he is the current director of the Friends Junior Camp for all Friends churches in Michigan and Directory Clerk of the Ohio Yearly Meeting. He has also served as Youth Superintendent for the same Friends churches.

In 1832 and 1833 a group of Quaker Friends decided to move from their home in Royalton, Niagara County, N. Y., to the state of Michigan.

Some of these people settled in Raisin Township and at times found it impossible to cross the Raisin River to attend services at the Friends Meeting House in Birdsall.

In 1834 the group met to worship in a log cabin on the property of Sylvanus and Esther Haviland Westgate.

In 1842, a meeting house was erected on the corner of Raisin Center Hwy. and Labordee Rd., at a cost of $300.

The present building, located on the same corner, was built in 1832 at a cost of $3,200.

In 1869 these Friends in Michigan voted to affiliate with the Ohio Yearly Meeting of Friends headquartered in Damascus, O., rather than continue affiliation with the New York Yearly Meeting.

The church did not have a paid pastor until 1903.

The first nine ministers were residents of the local community and asked by the church to accept this charge.

The next five ministers served the church without pay, supporting themselves by working at various jobs in the community.

Today the church is showing a numerical increase in attendance at each of its Sunday Services.

Sunday worship services begin at 10 a.m., with Sunday School classes for nursery through adult ages at 11 a.m. and evening worship at 7:30.

Prayer meeting services are held Wednesday at 7:30 p.m.

The church known as the place "where Friends meet" cordially welcomes guests.

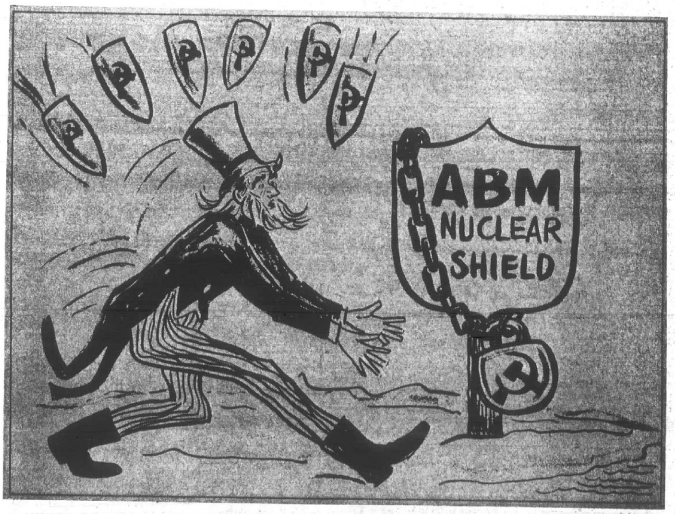
DO THE REDS HAVE A LOCK ON AMERICAN SURVIVAL?



While Communist nations gird themselves with nuclear arms for the "inevitable final conflict" with the Free World, their agents in America saw doubt, division and defeatism among their intended victims.

Through the skillful use of propaganda, and a network of fronts, the Communist Party of the United States is mobilizing massive opposition to the President's plan for the defense of our Nation.

So effective is their program that they have been able to delude well meaning persons — persons who do not realize that they are jeopardizing not only the survival of America, but that of the entire Free World.

The Soviet Union and its satellites are armed camps. They maintain large standing armies with full corps devoted to rocketry, the most modern fleet of missile-equipped naval ships, and an advanced air force of gigantic proportions. They stand ready to rain atomic destruction across the United States the minute we lose the capacity or THE WILL to defend ourselves.

Meantime, their cities in Russia are protected by rings of anti-ballistic missile systems — THE SAME SYSTEMS THEY OPPOSE OUR HAVING TO DEFEND OURSELVES!

The situation is serious . . . your survival is at stake, along with that of your nation. Already, Congressmen report mail running as high as 15 to 1 against the "Safeguard" anti-missile defense system.

Only prompt action by you, and other concerned citizens, can conserve this defense of our lives, our children, our homes.

Write to your congressman and senators today. Tell them you want to be neither Red nor Dead. Tell them you want all the protection our technology can devise. Our wealth, our liberty and our lives depend on the action we take now.

HERE WHAT YOU CAN DO TO KEEP AMERICA STRONG AND FREE!

Pastor tell me

By DUANE H. McNEIL

WHY SHOULD I READ THE BIBLE?

We should read the Bible because it is a message from God. "All scripture is given by inspiration of God and is profitable." II Timothy 3:16.

It is a message which is timeless. "Heaven and earth shall pass away, but my words shall not pass away." Matthew 24:35.

It is a message which is sure success. "This book of the law shall not depart out of thy mouth; Thou shalt make thy way prosperous: and have good success." Joshua 1:8.

It is a message of peace. "Great peace have they which love thy law." Psalm 119:165.

It is a message of joy. "Thy word was unto me the joy and rejoicing of mine heart." Jeremiah 15: 16.

It is a message of directions. "Thy word is a lamp unto my feet and a light unto my path." Psalm 119:105.

It is a message of salvation. "Believe on the Lord Jesus Christ, and thou shalt be saved." Acts 16:31.

It is a message of wisdom. "The holy scriptures are able to make thee wise unto salvation through faith which is in Christ Jesus." II Tmothy 3:15.

Some Bibles are read because they should be read.

SILENT SOUNDS — At Lenawee Institute on Sutton Rd., deaf children are being taught to be eventually integrated into hearing classes. The youngsters in this picture are but two of the many children who receive aid at the Institute. A millage issue June 9 will determine whether this program is to be continued or not. A reduction in state funds and increased expenses make it impossible to run the school without additional millage.

A Time to Pause A Time to Remember

Once, again, on Memorial Day, we pause to recall, with respect and much pride, the selfless sacrifices of our brave and valiant departed heroes. Gallantly, they marched forth, united as one in defense of freedom. And with unflinching courage and unyielding devotion to cause, they gave their lives so that our precious heritage of liberty might endure. Lest their deeds be forgotten or ignobled, and their sacrifices be in vain, let us all resolve to be equally steadfast and courageous in preserving that which has been so heroically achieved. Let us dedicate ourselves to ever cherish and uphold that priceless freedom, which is the legacy of those whose memory we honor today . . . and a great country.

Card of Thanks

I wish to express my deepest appreciation to all my friends, relatives and neighbors for the lovely cards, gifts, letters, flowers and prayers during my 22-day stay at St. Joseph's Hospital in Ann Arbor. Everyone has been so wonderful to me especially my husband, Bill, and children. The kind attention afforded me helped me through a difficult time. Many, many thanks.
Betty Flanders. 5-29c

"There is no death! The leaves may fall
And flowers wither one by one,
But they will waken to new life.
When winter's storms are done.
There is no death! Our souls sail out
To anchor on a fairer shore
And 'mid the flowers of Paradise
They live forever more."
Royal Neighbors of America, Camp 4069. 5-29c

I want to thank all my friends, neighbors and relatives for the lovely cards, letters, flowers and calls during my stay at Herrick Memorial Hospital. I also wish to thank the doctors, nurses and aides and the Rev. Lover, the Rev. Porteous and the Rev. McNeil.
Mrs. Alice Maschino. 5-29c

We would like to express our thanks to all of our friends and relatives, also the United Products Workers for the kindness shown during the passing of our loved one. Many thanks for the flowers, cards and food at the time of his death. Special thanks to the nurses, aides and Dr. Cook for the care shown; Niblack Home for Funerals for their consideration. Also to Rev. Lover for his comforting words and the Womens Society of Christian Service for the luncheon.
The Family of Darwin K. Harvey, Sr. 5-29p

Words are inadequate at times but they can help, so with this in mind we extend to all of you who knew Edna, our heartfelt thankfulness for your loyalty, your love and understanding; and for those of you who did not know her we only repeat, "There is the tragedy, or the sadness rather, that the world is full of delightful people whom one will never meet." Bless you and let them be peace on earth and let it begin in each one of us.
Neil Hause and family. 5-29c

2 More Wins for Golfers

The Tecumseh High School golf team counted two more victories last week; one of them being an important decision over previously unbeaten Grosse Ile.

Wednesday at the long and swamp-like Lilac Brothers golf course, the Indians ripped Gibraltar-Carlson, 165-210. Steve Dalton, Frank Geisenhaver and Ralph Miller all recorded 41's for the squad as Bill Holmes shot a 42 to complete the scoring.

At the championship course of Grosse Ile Country Club Friday, Tecumseh won its most significant match of the season as they thwarted Grosse Ile, 171-173. Miller birdied the first and third holes in carding an excellent 35 for medalist honors. Holmes and Geisenhaver fired 43's and John Bryan had 47 for the Indians.

This was Grosse Ile's first defeat of the year and left them with a 13-1 Huron League record with two dual matches remaining. Tecumseh has a league mark of 12-2 and also has two matches left. If both teams win their remaining matches and it is expected that they will, then the league championship will go to the team that finishes higher at the conference golf meet. This meet will be held at the Indians' home course, Tecumseh Country Club, on June 2.

Tecumseh currently is the hottest team in the league with eight consecutive wins. The team's overall record presently is 12-5.

Stocks Spin-out At Speedway

The roar of engines as the green flag drops is getting louder at Manchester Speedway each week, as more cars run and faster times are set. Fifty-six qualified with several more in the pit that blew engines during warm-ups, including top point man, Don Taylor. Dick Crup was fastest at 19.63.

The first heat was fast with Jim Stemen taking the lead on the third lap, hanging on for the win over Louie J. Stemen, Jim Drumhiller and Don Earles. The second also went smoothly as Ray Barnard beat out Larry Gray, Jim Shook and Jim Martin.

In the third heat there were cars spun out all around the track but Doug Harvey came through for the win over Paul Whittaker, John Shaffer, and Allen Tiebert.

Carl Sandborn and Larry Leedle fought for the lead in the fourth heat until the last lap when both spun out. Art Call slid through for the checkered flag over Al Orner, Marv Updike and Joey De Weaver.

The pursuit was racing at its best with five vars finishing closely bunched. Louie J. took the win, second place went to Dick Slade and third to Don Earles.

Twenty cars took the green flag for the semi, with only seven finishing. On the fifth lap Leo Hepner, Jr., and Al Orner collided between one and two turns. Orner's car drifting up the track into the path of Doug Harvey's car which hit Orner broadside. He was taken to the hospital with possible leg injuries. Paul Whittaker took the win over Art Call, Tubert and Hepner.

The feature was thrilling as four cars were all bumper to bumper until the last lap when the two leaders got tangled with slower cars they were lapping and both spun out. John Ludermon was a half car length over Jolie J. for the win. Don Earles took third and Jim Shook fourth.

Friday night will be Memorial Day Trophy Races. All winners will receive a trophy for their efforts.

Jr. Hi Hosts Track Relay

The Junior High School hosted the invitational track relay last Friday at the high school athletic field.

Tecumseh finished in second place, 14 points behind trophy winner, Hillsdale. Other teams and their positions in the standings was as follows: Erie-Mason, third; Gibraltar-Carlson, fourth; Saline, fifth, Chelsea, sixth; Ida, seventh, Dundee, eighth; and Monroe Jefferson, ninth.

The high jump relay was won by Tecumseh with a new record distance for the event, a total distance of 9' 10".

The Tecumseh record was not the only one set in the relays as the Hillsdale team set a total of three records. Tecumseh set two, but was disqualified in the shuttle hurdle relay and Carlson was awarded the trophy.

Tecumseh wound up the event when the distance medley relay was captured by the four team members of Tecumseh Junior High.

A total of 32 trophies were given out to the thinclads and one trophy for the team leader. Ribbons were awarded to second, third, fourth and fifth place finishers in each event.

GARY FAIRBANKS

THS Track Champs

Terry Boldon and Gary Fairbanks led the Tecumseh High School track team to their second consecutive league championship in the Huron conference.

Boldon captured first in the long jump and the high jump. In the long jump he went 20' 1¾". The high jump saw the Fosbury Flop artist take the number one spot with a clearing of 5' 11".

Fairbanks cleared the way for easy wins in both the 120-yd. high hurdles and the 180-yd. lows. In the highs, he ran the distance on the cinders in a time of 15.65. Gary Hannib was fourth behind his teammat

In the 180 hurdles Fairban ran a time of 20.7 and Hannib finished in third place.

In the two-mile run, Richa Graf was third and Laidla fourth. Lee Cheever was fif in the high jump and Fairban finished in third behind Boldo in the long jump.

In the 100-yd. dash, Gerald G bach finished in fifth place.

Tecumseh finished in fi place in dual meets, capturin all eight. A point system is u ed in determining the champio ship, one point for each leagu dual meet win and nine for t league meet which was held la week, giving them a total of for the championship.

Grosse Ile, which finished se ond to Tecumseh in the leagu meet also finished second in t league.

Rutherford - Cornell Nuptials Spoken

Patricia Ann Rutherford became the bride of Ward A. Cornell Saturday afternoon in a double ring ceremony performed by the Rev. Blair Bashore in the First Baptist Church.

White gladioli and daisies with palm branches and two seven-branched lighted candelabra enhanced the altar for the ceremony. Lighted tapers accented with carnations and bows marked the family pews.

Mr. and Mrs. Robert S. Rutherford, 905 W. Russell Rd., are parents of the bride and Mr. and Mrs. Morris A. Cornell, 706 River Acres Dr., are the parents of the groom.

Dennis Bryan accompanied by Mrs. Fred Dickinson, sang before and during the ceremony.

The bride wore a floor length empire style gown of lace with tulle coat as she entered the sanctuary on the arm of her father. The sheath gown featured a scoop neckline and short sleeves and her fingertip veil was secured to a cluster of petals trimmed with sequins and seed pearls.

She carried a cascade of orchids, miniature carnations and stephanotis.

Mrs. Thomas Mason of Houghton was her sister's matron of honor in a floor length gown of light pink chiffon.

Her matching veil was secured to a petal cluster and she carried a colonial bouquet of pink carnations centered with a red rose with trailing satin ribbons.

Donna Greer, cousin of the groom and Mrs. Dennis Martinus served as bridesmaids. They were attired as the matron of honor.

Dennis Martinus was best man and the guests were seated by Marvin and Norman Grigg, cousins of the groom.

Mrs. Harold Love of Blissfield, cousin of the bride, and Mrs. Marvin Jackson, aunt of the bride, made the four-tiered cake, topped with miniature bridal couple that was served at the reception in the Youth House.

The cake was flanked by lighted tapers encircled with pink and white carnations on the pink skirted table.

The bride was employed as a clerk typist for the Tecumseh Products Co. until her marriage. Her husband is a scientific glass blower for Jodon Engineering Associates, Inc., in Ann Arbor, where the couple will live. They are honeymooning at Niagara Falls.

The rehearsal dinner was given at Don's Beef Buffet by the groom's parents.

Parents of the couple are Mr. and Mrs. J. Hubbard Snyder of Laingsburg and Mr. and Mrs. Charles Anspach of Britton.

Given in marriage by her father, the bride wore a floor-length gown of Chantilly lace over poie de soie, fashioned with a fitted bodice, square scalloped neckline accented with pearls and sequins. Sequins, pearls and crystal beads trimmed the full, ruffled skirt.

The bride carried a white lace Bible topped with red roses and pink carnations.

Matron of honor Mrs. Gladys Max, of Ovid, sister of the bride, and the bridesmaids, Bonnie Snyder of Holt, and Linda Snyder, of Grand Ledge, nieces of the bride, were gowned alike. They wore floor-length, empire-styled gowns of aqua chiffon, with lace collars and the bodices were accented with small buttons. Their bouquets were red roses and white chrysanthemums.

Dan Staples of Ypsilanti was the best man. The ushers were Lee Snyder, of Grand Ledge, nephew of the bride; Glenn Dowell, of Temperance, brother-in-law of the groom and Ron Taktinen of Grand Rapids.

The groomsmen were Walter Anspach, of Clinton, brother of the groom and Tom Swedenberg, of Grand Rapids.

Following the reception at the church, the couple left for a wedding trip through Canada and Maine.

Through My Window

HI, GALS!

The towhees have been back for weeks now and should be well established in their chosen area. The first report of their arrival, which came from the General and his Lady, was closely followed by several others. Day after day we waited, day after day we looked and looked, but no towhees. We had about given up hope. Suddenly though, and on a Monday morning when everything else was breaking loose, the long-awaited happened. And, as so often happens, the good action that followed, made the wait worthwhile.

We had not one towhee but three! They were all females and, once the joy of our creek bank was discovered, they settled down as if it were the long lost old homestead. Gradually, of course, they sorted themselves out, decided whose territory was where, and finally two of the gals left.

Towhees are not overly gregarious. Having three around for a while was most exciting and, as they say, it was fun while it lasted.

I am not complaining now because having just one towhee in residence is great fun. The creek bank, the mini-ravine in back of the white end-of-the-street bar ditch, and "the wilderness" across the creek are all ideal habitats for these birds. Their reputation as great scratchers in underbrush is well earned.

We laugh at our gal — when we see dead leaves flying on the creek bank and sometimes during up a veritable storm, we know exactly who is around.

She blends so perfectly against the background that it is often hard to spot her, she would be completely invisible were it not for the commotion she kicks up. What she is after, of course, are the bugs which live in such places.

* *

WHEN OUR GAL ventures out into the open, oh how lovely she is. None of the bird books even begin to do her justice. And when they speak of her colors as being dull, it is almost libelous.

Her head, neck, back, wings, and tail are a rich reddish brown; a wide band, almost brick red in color, runs down each side of her breast, meets at the base of her tail and extends almost halfway down its underside; a creamy white splash fills her breast and lower tummy between the side stripes.

Her rather short wings are freely marked with white and there are also most noticeable white areas on the outside edges of her long rounded-off tail. Her bill is dark and, if the bird books are to be believed, a close-up look would show her eyes to be red.

When the three birds were around, they were having such a high old time that I am sure, had we caught a glimpse of any red eyes, we would have said something about blood-shot eyes on the morning after.

Also when the trio was here, we kept wondering where the boy-friends were. Male towhees are handsome fellows. They are jet black where the females are a rich reddish brown, their side markings are a bit brighter, and their middle of the breast white is sparkling bright. The gals didn't seem as anxious as we were to have the boys show up — oh well, they probably knew there was no need to worry.

*

WE HAVE NOT as yet decided where the towhees have their nest. Since their preferred site is on the ground in the shelter of a small shrub, clump of grass, stump, or brush pile or up to five feet above the ground in a bush or small tree", there are many possibilities here.

They are masters at concealing their nest and we shall probably never know its whereabouts. I hope they have been extremely careful and have hidden their nest well because cats are — but this is no time to go into a tirade about cats. Marda.

Another danger nesting towhees face is from the parasitic cowbirds who show great preference for laying their eggs in the towhees' nest. Of course, the cowbirds show great sense (although I am sure this is not why they do it) in selecting towhees as foster parents because they are extremely good parents.

Both male and female share the family-raising chores. I just hope our towhees have not been visited by a responsibility-shirking cowbird.

So it is that even though we were not visited at the very start of the season, we have had enough fun to make up for it and the whole thing started when, to the three towhees, we shouted, "Hi, Gals".

Troopers Study New Methods

Michigan State Police troopers in the Fourth District are undergoing training to qualify as operators of a new electronic speed computer, VASCAR, to be used in patrol car traffic law enforcement starting about July 1, according to Sgt. Henry Louwerens, commander of the Clinton Post.

The Fourth District includes the posts of Jackson, Clinton, Teconsha, Blissfield, Jonesville and Battle Creek.

The troopers are being trained by district safety and traffic officers who were schooled and certified as intructors by VASCAR company officials. VASCAR is an abbreviation for "visual average speed computer and recorder". Prosecutors and judges will be oriented in its opforcement activities.

The computer is a small, two-piece instrument which is mounted on the dash of a patrol car. The department has purchased 100 of these so that each post will have at least one of the units in operation.

The computer is reported extremely accurate. It is reported in use in more than 30 states

THS BARKERS — Local parents may have been somewhat startled last week as their teen-agers left for school in a Roman toga or sheet, but it was all in fun as the high school celebrated Sponge Week with an international theme. Students were introduced to foreign foods and dress throughout the week which was topped off with a carnival and a dance. The events were sponsored by the Student Council and French Club, whose "Zoo Parade" is shown here.

Cubs Become Bob Cats

Dan Kirby, Randy Cooper and Brad Mead were inducted as Bob Cats at the May meeting of Cub Scout Pack 73.

Committee Chairman Francis Packard and Den Chief Gary Wonderly conducted the ceremony, followed by the presentation of Cub Scout Medallions to the new Bob Cats from Assistant Cubmaster Harry Snyder.

Members of the Webelo Den presented the colors to open the meeting.

Individual Achievements received were:

Four silver arrows under wolf — Ronnie Birchfield, Mike Keller, Jeff Ives, Jeff Rae, Doug Wood.

Three silver arrows under wolf — Mike Kies.

Bear badge and gold arrow — Mike Kies.

Silver arrow — Doug Wood.

Denner bar — Clifford Schill, Brian Knight.

Assistant Denner bar — Robert Peterson, Joel Wood.

Webelos Athlete Award — Mark Deming, Bill Gray, Scott Samonek.

Sportsman — Scott Crabtree.

Special events for May will be the Pack's participation in the Safety Parade and Memorial Day Parade.

Mr. Snyder reminded the adult leaders and any interested parents of the adult training program being held at Alexander School in Adrian.

Dens three and five presented the May Cub Scout theme "Wonders of the World". The Cubs narrated slides of many natural wonders in America.

The next Pack night will be June 17, at the Presbyterian Church at 7:30 p.m. Pack meetings will be continued through the summer months with many entertaining events being planned.

All 'Round The World

The Tecumseh High School French Club, under the advisorship of Mrs. John Wakeford, sponsored their first International Extravaganza May 17 in the High School gym.

It was a modified carnival with an international theme. Other clubs cooperated and set up booths suggestive of countries all around the world. Tacos and pinatas represented Mexico; flower vendors and cream puffs, France; pretzels, sauerkraut and German chocolate cake, Germany; bagels, the Middle East; fortune cookies and tea, China; dunking booth, baseball loving America; and kisses, Italy.

Several special events sparked the day including an around-the-town bicycle race and a fun-for-all tricycle race.

Periodically there was entertainment by harem dancers and terrific "male" can-can dancers, set off by the singing of Lotta Bergstrand foreign exchange student from Sweden.

An international fashion show in the afternoon was organized by Jan Davis, Jeanine Koske, Barb Bock and Vivian Williams.

Over 25 around-the-world outfits were displayed — to highlight was a Swiss wedding dress over 125 years old, modeled by Rosalie Sypcher. Most who modeled were high school students but some little brothers and sisters were borrowed for the more petite outfits.

An exhibit of articles from several foreign countries including a display of dolls from over 20 countries artistically set up by Diana Joachim, caught the interest of many carnivalites.

In spite of inclement weather and several conflicting activities, the extravaganza was a success and plans have begun for next year.

The carnival would not have been possible without the cooperation of merchants who willingly donated prizes.

Jack Miller Resigns Post

CLINTON — The board of education accepted the resignation of Jack Miller, Clinton High School principal, at a meeting, Tuesday night.

Bids were received for the rough grading at the new school site, and after review by the architect, the contract will be awarded this week.

Elementary Principal Michael Walls reported on a meeting with local ministers, at which it was suggested that the board consider the possibility of maintaining one night per week with none or a minimum of school activities so that churches may hold activities, without conflict with student's programs. Release time for religious instruction is also being studied.

Approval has been received for a NDEA Title II application and it was voted to spend the total $3,411 for the industrial arts program.

Further discussion concerned the operation of Van Tuyle pool, which has operated in the red since it was given to the school.

This year community groups have consented to help defray additional costs. A representative of each group has been named to a pool committee including: Roger Waltz, board of education; James Meeks, Clinton Township; Forest Swift, Clinton United Fund; Gary Underwood, Village Council and Richard Wegner, Clinton Community Schools.

Mrs. E. J. Kehoe Visits Homeland For First Time

CLINTON — Mrs. Edward J. Kehoe left Monday for a three-weeks trip to Europe. It was her first return visit since she came to the United States with her family in 1908. She was born in Luxembourg.

Sister Angela was hospitalized for eight years at St. Joseph Hospital, Ann Arbor, until last August when she underwent open heart surgery. World Hunger Is Program Theme

CLINTON — Mrs. Ralph Kuether, pastor of the Emmanuel United Church of Christ, Manchester, presented a film strip, "An Apple is to Eat", at the meeting of the Women's Fellowship in the United Church of Christ, Thursday evening.

Mrs. Kuether presented a collection of posters and program ideas to stimulate the church women toward greater efforts in alleviating hunger in America and throughout the world.

The program was arranged by Mrs. Arthur Hill, material aid chairman.

Mrs. Hill and her committee composed of Mrs. Paul Dunham, Mrs. Edgar Randall and Mrs. Agnes Geiger gave the annual report on the Fellowship's mission gifts. Over 700 pounds of used clothing were sent to Church World Service; more than 118 children's dresses; 25 large quilts and 19 baby quilts and 57 hospital gowns were made by the church women and many more dresses were cut out and sent to the Delmo, Miss., mission to be made by the women in need there.

Mrs. Randall explained the need for old framed eye glasses to be collected for the "New Eyes for the Needy" organization, which optically catalogs and distributes them. Unframed lenses cannot be used.

A Senior Recognition reception will be held Sunday, June 8, following the morning worship service. All church affiliated high school seniors and recent graduates will be honored. Mrs. Charles Steffens and Mrs. Harold Calhoun are co-chairmen for the reception.

The new president, Mrs. Arthur Hill, and other new officers were installed in a service conducted by Mrs. Robert King.

Mrs. King and Mrs. Robert Vogel served spice cake and coffee to the 23 members attending. The Fellowship will recess until September.

The Rev. Warner Memorial Speaker

CLINTON — The Rev. Jack Warner, pastor of the Christ Episcopal Church, Adrian, will give the Memorial Day address at the ceremonies at Riverside Cemetery, Friday. Rev. Warner served as a lay-minister in the St. John's Episcopal Church, Clinton, several years ago.

Gordon Satterla, commander, will be officer of the day and Conrad Bartram, sergeant at arms, for the Walter E. Pieper Post American Legion unit which will lead the parade.

The parade will form at the high school and will begin to march at 10 a.m., pausing for the wreath-laying service at Memorial Park.

Units will include the color guard, firing squad, veterans and members of the American Legion Auxiliary, Clinton High School marching band, Gold Star mothers in the automobiles, Boy Scouts, Girl Scouts, followed by the children on decorated bicycles.

It is requested that there be no horses in the parade.

There will be refreshments for the children, provided by the American Legion Auxiliary, at the school when the parade disbands.

Village President Canoes Down River

CLINTON — A canoe trip down the river for several miles was a highlight of the Michigan Week visit to the Village of Manton by Clinton's President, John Truesdale and Councilmen Dr. Richard Dixon and Franklin Englehart, last Monday. They were entertained for breakfast at the home of Manton's Mayor and Mrs. Ransom Harris, and were given a key to the city.

The visitors were also treated to a bit of trout fishing in the community trout ponds. They were shown about the town which has a waterworks and a trailer park, owned and operated by the village. There are 1,100 residents in the community.

Mr. and Mrs. Harris and Mr. and Mrs. Kibbee came to Clinton Tuesday and were welcomed at the village office by the Clinton High School marching band, directed by Richard Perkins.

John Truesdale and Mrs. Frank Fitzpatrick, representing the Chamber of Commerce, hosted the visitors for the day's events which began with a breakfast at Roumell's where the ladies were presented with corsages.

Following a tour of the two schools and the newly-restored Smith-Kimball Community Center, the group was taken about on a school bus to see the State Police post and new fire house.

A smorgasbord luncheon at noon at Roumell's was attended by 50 businessmen and others. Gifts were presented to the visitors by John Truesdale.

While the ladies toured the Irish Hills area in the afternoon, the men toured more factories and the groups reassembled at the village office for cake and coffee. Mrs. Jerry Jaqua had decorated a cake with the State of Michigan featuring the state bird, state fish, stone and many landmarks, and clearly marking Manton and Clinton.

Scholarships of $40,000 To Be Given

Commencement exercises will be held Sunday afternoon at 3:30 at the athletic field for 248 members of the Class of 1969. In case of inclement weather, the program will be moved into the THS gym.

Included among the graduates are Samuel Brooks,, who was killed here May 24, and Joseph Bagby, who is recovering from injuries at University Hospital.

Class of 1969 is largest ever for Tecumseh High School, and is 45 more than the number who finished last year.

Highlighting the program will be the announcement of scholarship winners. These scholarships will amount to over $40,000, including local scholarships of $37,000.

Most prized ones — eight scholarships amounting to $4,500 each — are given by the Herrick and Sage Foundations.

Other local scholarships include Lucius Lilly, Kiwanis Club, Jaycee Auxiliary for Judy Fielder, Tecumseh Education Association, Hospital Auxiliary, and for the first time, a scholarship from the Alpha Delta Kappa sorority.

There will be 13 other scholarships, six from Michigan State University, two from University of Michigan, three from Eastern Michigan, one from Adrian College, and one from the University of Iowa.

Thirty-five members of the class will receive one or more scholarships, either monetary or honorary.

Tecumseh's VFW, for the 19th straight year, will present pen and pencil sets to the valedictorian and salutatorian.

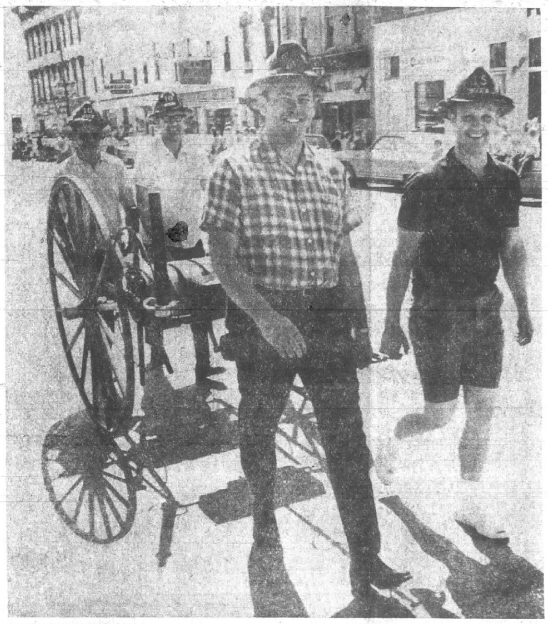
The Rev. Paul Brantingham, pastor of the Friends Church, will deliver the commencement address.

Joel Baughey and William Holmes will give the valedictory and the salutatory, respectively.

Diplomas will be presented in the usual manner with High School Principal Neville Hart reading the names of the graduates and Supt. James McDowell making the actual presentation.

The exercises, if held outside, are open to the public, but in case of rain and moved inside, an admission ticket will be required.

Class Night was scheduled for the seniors Wednesday evening. This program included presentations of trophies to the valedictorian and salutatorian, and gold scholarship keys to the top 32 students who maintained a B or better average in high school.



NEW TANK WAGON — Firemen, laughingly, boast that this antique hose reel cart is their long-sought-after new tank wagon. It's doubtful that it will ever fill the bill, but does the present 600-gallon antiquity? These firemen, Dave Faling, Mahlon Sebring, Lonal Bishop and George Ruhl showed it off during Friday's Memorial Day Parade.

Schools Lose 1 Property, Keep Other

Lenawee County Board of Education voted to transfer the Raymond Martolock property on Ridge Rd. into the Britton School District Monday night.

At the same session, the Board turned down a request from Leland Bush to transfer approximately 320 acres from the Tecumseh district into the Britton section.

Votes on both issues were 4-1.

County Supt. Milton Porter says the reason for transferring the Martolock property to Britton was the enrollment of Martolock youngsters there. This same reasoning was evidently used in refusing to transfer the Bush land.

Although there are a number of Bush children attending the Britton school, there are none from the Leland Bush residence.

William M. Powell, local real estate businessman and developer, took out an application Tuesday to have approximately 50 acres of his property in the Clinton School District transferred to Tecumseh.

The area, heavily wooded, lies just north of Meyers Airport.

If the local schools had lost the Bush property, it would also have meant a loss of $1,700 in tax monies. Amount of funds lost in the Martolock transfer is not known to school authorities here.

A new house there, however, is estimated to be in the $30,000 bracket.

2 Board Races, Millage Issues Before Voters

Voters will go to the polls here next Monday and make selections for two seats on the School Board, decide on whether to renew or reject 14 mills for operating the Tecumseh schools, and favor or reject a 1/10th mill increase for the public library and a new mill for special education.

Dr. Fred Freeman, incumbent, is being opposed by Robert Van Sickle for a four-year term on the Board, and William Macbeth, incumbent, is being opposed by John Wanzeck for a one-year term.

The local schools are not seeking an increase but a renewal in its operating millage. Current millage is 14 mills, same as being sought on the ballot.

A slight increase in millage is being sought for the library. Present millage is .6, and the Board is asking for it to be raised to .7.

The county-wide special education program is asking the voters to grant an increase of one mill for educating the handicapped youngsters. Over 1,100 disabled pupils are currently attending special education classes in the county, many of them here in the Tecumseh district.

Special Ed is under the jurisdiction of the Intermediate School District, which operates Lenawee Institute on Sutton Rd.

For several months officials have discussed their program with groups throughout the county and have solicited support at the polls. Their present operating budget of a half-mill will not cover operating expenses for the next school term, they report.

If the one mill increase is rejected, reports indicate that special education for the handicapped youngsters will end in Lenawee County.

Since next Monday's ballot involves little controversy and practically little change in millage being sought, a light turnout at the polls is expected.

Absentee ballots may be cast at the Board of Education office until 2 p.m., Saturday.

Brief sketches and comments from the Board candidates are:

William Macbeth

William Macbeth, 400 Outer Dr., is general sales manager at Tecumseh Products. He is married and has three children, Billy 14, Paula 13, and Scott 10. The family is on vacation and Mr. Macbeth could not be reached for a statement about his candidacy for the school board position.

He was appointed to the Board, succeeding the late Orville Bishop.

WILLIAM MACBETH

Robert Van Sickle

Robert Van Sickle, 36, 4223 Occidental Rd., has lived in the Tecumseh School District for 11 years. His wife is Shirley, and they have four children, Kim 12, Robin 9, Jerry 7, and Penny 5. He is employed at the Blissfield Post Office.

Mr. Van Sickle stated, "I have four children in the Tecumseh Public Schools and I'm interested in helping the schools with their problems."

Dr. Fred Freeman

Dr. Fred W. Freeman, Munger Rd., is the director of Hidden Lake Gardens and a professor of Michigan State University. He is married and their school age children are Cynthia, 15, who attends Tecumseh High School and Carol, 13, who attends Tecumseh Junior High.

Dr. Freeman has served on the Tecumseh Board of Education since he was first appointed to fill a vacancy in the fall of 1964, and was elected to the board in June, 1965. He is the vice-president of the Tecumseh Rotary Club.

Dr. Freeman states, "I've always been close to the school. I'm interested in the building program. The job has its problems, but I enjoy working with the board."

John Wanzeck

John Wanzeck, 603 W. Chicago Blvd., has been a resident for eight years in Tecumseh. He attended high school in Ann Arbor and attended Eastern Michigan University. He is self-employed in a contract cleaning

Deny Speedway One-Way US-12

The State Highway Commission Wednesday noon denied a request by Michigan International Speedway at Cambridge Junction to turn US-12 into a one-way thruway before and after races at the speedway.

The particular request met heavy opposition in Lenawee County from both Sheriff Richard Germond and from county road engineer, William Burchfield. The sheriff's office was asked to help supply guards for some 40 intersections along the 16-mile route the request covered from M-52 west of Clinton to US-127 west of the speedway.

The stipulation made by the highway department asked for guards to be placed at each county road along the route. Both the sheriff's department and the state police seemed reluctant to do so.

Had the request been granted by the state motorists traveling US-127 south and wishing to go east on US-12 would have been forced considerably out of their way. The route south on US-223 to Adrian and back north on M-52 is a distance of 35 miles. No county roads would have been used in the transfer of traffic.

Local officials felt that the changing of the traffic flow on the busy highway, in the peak months, would be a disservice to other businesses along the route through the Irish Hills as well as considerable inconvenience to those who travel to Walter J. Hayes State Park and other lakes dotting the area.

The state seemed willing to meet the request until charges of discrimination against other private enterprises in favor of the Speedway touched their ears and a reversal of their original intent was changed at the Wednesday noon meeting.

Two Teenagers Escape Injury

Two Swartz Creek teenagers, youngsters of Larry Goddard, former city assessor here, escaped serious injury Saturday when their motorcycle jumped the curb on N. Ottawa St. and plunged down the embankment there.

According to the police report, Robert W. Godard, 18, Swartz Creek, and his sister, Susan, 14, were traveling north on the one-way street when he lost control, jumped the curb and skidded down the 75-foot embankment.

Susan was jostled off the bike at the top of the embankment, but her brother, driver of the motorcycle, stayed on it. He suffered minor injuries and sought his own treatment. He was cited for failure to have his vehicle under control.

A resume of other accidents during the past week is:

May 28 — James R. Stuart, 38, of 502 Pottawatamie, was cited for failure to yield the right of way after an intersection accident at N. Evans and Brown with Nancy Brady, 20, of 112 Burt St.

May 28 — Annette Leather, 212 E. Shawnee, reported her bicycle damaged, apparently by a motorist, while parked behind the Watkins Shop.

June 1 — A trailer broke loose from a pickup, driven by Ronald D. Maddux, 28, Petersburg, and struck a parked car owned by Larry Demlow, Tecumseh, in front of Holmes Pharmacy.

June 2 — John A. Bays, 17, of 4335 N. Adrian Hwy., was backing into a parking stall in front of Baldwins Hardware when he struck another motorist who was attempting to leave. Other driver was Bethel F. Hatch, 47, of 1104 Willow St.

June 2 — Steven J. Dalton, 18, of 906 W. Pottawatamie St., told police that another driver struck his car at the intersection of S. Pearl and Kilbuck St. and then left the scene. Dalton had the right of way. The other vehicle is believed to be a 1964 Oldsmobile 88 and maroon in color.

June 3 — Daniel Vilylegas, 42, Metamora, O., was cited for failure to yield after colliding with Roy W. Dahlke, 49, of 8400 Matthews Hwy., at the intersection of E. Russell Rd. and S. Maumee St.

Doug Dunn Heads Exchange Club

Douglas Dunn was elected president of the Tecumseh Exchange Club last week. Others elected are:

Vice-president — George Choske.

Secretary — Robert Bird.

Treasurer — David Dick.

Board members — Wayne Kaiser, Dwight Hodges, John Hopson.

Carl Clark, program chairman, introduced Milo Thompson, representative of the Michigan International Speedway, who gave a resume of the operation of the Irish Hills raceway.

He is in charge of traffic and screening 750 employees plus permanent workers.

Mr. Thompson is a retired State Police officer from Jackson. Plans were discussed for the upcoming Dawn Patrol.

Sex Ed Program Facing Changes

For the past several weeks, many mothers and one local physician have been critical of the sex education program at Tecumseh High School.

It came to a head last week when the School Board and administration held a special meeting and agreed to changes for the 1969-70 term.

Supt. James McDowell says the current handbook is not the handbook that the schools had desired, and this will be changed for next fall. Present handbook includes several questions and answers that many mothers and doctors considered unfitting for 14-year-old girls.

Several handbooks — not to be taken out of the high school — were taken out and shown to the girls mothers. They, in turn, contacted school officials and were quite critical of the contents.

Since the handbook was not the the school's choice, many of the questions and answers were really not part of the course, Supt. McDowell explains. Contents were, however, there for the girls to read.

Alumni Plan Fete June 21

Invitations are out but only to the five and 10-year classes outside the immediate area for the alumni banquet June 21, hosted by the class of 1959. The family-style dinner will be served at 7:30 p.m. in the high school cafeteria, followed by a program at 8:30.

Robert H. Moore is hosting the class of 1919 and is expecting a 100% attendance.

It will be necesary for all alumna to invite all the others they come in contact with in the immediate future. Postage didn't allow for personal announcement to everyone.

Reservations will be received by David Hohenstein, 412 S. McKenzie St., Adrian, 49221, until June 10 and tickets are available at Eggleston's Jewelry, Wright's Drug Store and the United Savings Bank.

New Teen Club For 'Sam Brooks'

A preliminary move to change the name of the Teen Club for Samuel Brooks, 18-year-old Tecumseh senior who was killed May 24, was made Monday evening when Council approved a resolution and a plaque in his honor.

Councilman Wallace Whiting told his colleagues what the teenagers had in mind and asked the other city officials if they would approve. He said the Teen Club is planning a dedication along with redecorating the facility at the Community Center.

Joe Bagby Recovering

Joseph Bagby, 18, is making good progress at University Hospital, according to his mother, Mrs. Herbert Bagby.

He was injured in a motorcycle accident which claimed the life of Samuel Brooks at the intersection of N. Evans and Burt Sts.

"The kids have been wonderful," Mrs. Bagby said Wednesday morning in reflection to the number of "morale boosters" who have visited her son or sent cards.

"They are really keeping his spirits up, though his heart is broken about Sammy," she remarked.

Joe suffered broken ribs, pelvic bone and damage to a lung and kidney. He is now able to sit in a chair and can move about on crutches. He is not expected to be released until later this month.

Senior Citizens To See Tigers

The Tecumseh Products retirees will meet at the Union Hall June 11 from 1 to 5 p.m. for another party of fun and games.

On June 21, they, with other senior citizens of the city, will go by bus to Tiger Stadium to watch the ball game between Detroit and the Washington Senators.

The group will meet at the Community Center at 10:30 a.m. for coffee and doughnuts before leaving.

Satterthwaite Is Re-Appointed

Perry Satterthwaite was re-appointed to another term on the Herrick Memorial Hospital Board Monday night by Council.

In other appointive action, officials picked Cal Zorn, city manager, to continue as maintenance superintendent for the state trunkline, with Mayor Harold Easton to sign maintenance contract with the State Highway Department.

Sidewalk Sale Date Is July 18

Chamber of Commerce has fixed the date of July 18 as the time of Tecumseh's annual Sidewalk Sale.

Harold Green and D. J. Martin are co-chairing the event.

Porters Holding Grand Opening For Pro Shop

Raisin Valley Golf Club, owned and operated by Willis and Frances Porter on Comfort Rd., just south of Tecumseh, will hold a grand opening of their new pro shop, Saturday, June 7.

The new golf course will probably open about the first of July, Mr. Porter says.

Would you like to tour the **General Motors Technical Center** at Warren? Effective Monday, June 9, through Sept. 2, the 45-minute tours will begin on Mound Rd. from 10 a.m. to 6 p.m. daily and from 12 noon to 6 p.m. Sundays.

Robert G. LeTourneau of LeTourneau Earthmovers died Sunday. He was known to several townspeople through his publication "**Now**" and his personal appearance in Tecumseh several years ago to speak at a dedication service. Active in Christian work, Mr. LeTourneau attributed his success in business to, "Not how much of his money did he give to God, but how much of God's money did he keep for himself".

"You can never do your Christmas shopping too early," said **Jean Anderson** of Bakersfield, Calif., Tuesday, "maybe too late, but never too early". You guessed it, that's just what she was doing at **Sluyter's**.

Jan Osworth was so excited about the coming school election that she called all her friends and neighbors Monday to urge them to go down and **vote**. Only thing wrong was that the election isn't until next Monday.

If you are going to be an **exhibitor** at the **Michigan State Fair** this year, you must return your entry form on or before **August 1**, which will be the deadline for all departments without exception.

Petersburg's greatest birthday party is scheduled Sunday, June 8, through Sunday, June 15, when the Petersburg Area Centennial, Inc., will be celebrated. The event will commemorate the **100th anniversary** of the village's incorporation and plans have been made for daily entertainment deemed second to none for a community of similar size.

The **Cessna** which landed on the **Red Mill Pond** Sunday morning belonged to the **Rev. Hank Scheltema**, medical missionary in the Amazon. He and his family came here as guests of the **Bethel Baptist Church** in Britton. Arriving in the rain, the family departed in the rain just before dusk after spending the day in Britton and showing moving pictures of their work in South America to members of the local church which helps to support them.

Know what portion of the eight-hour day is put into earning enough to pay the various costs of government? **Two hours and 34 minutes.** Eight minutes more than 1968.

Looney-McNamara Nuptials Spoken Before Grandfather

James Bradley McNamara and Patricia Lee Looney were united in marriage in a Sunday afternoon ceremony performed by the bridegroom's grandfather, the Rev. O. E. Priest.

The intimate family wedding took place at the Priest residence, in a tree-shaded setting beside Evans Lake. The bride is the daughter of Mr. and Mrs. Paul Looney of Oxford and the groom is the son of Theodore and Anita Priest McNamara of Holly.

The attendants were Jeffrey McNamara, of Holly, brother of the groom and Mrs. Lisa Davoreski, of Oxford, sister of the bride.

The Rev. and Mrs. Priest, and the daughter and son-in-law, Mr. and Mrs. John Robison, of Torrance, Calif., who are visiting for two weeks, attended a reception for the newlyweds, Monday evening, at the home of the groom's parents in Holly.

Mr. and Mrs. McNamara left this week for Asmara, Ethiopia, where he is stationed with the Army Communications Station for 18 to 24 months.

Too Late Smart For Boat Owner

John Feldkamp, 9280 Kaiser Rd., Saline, reported larceny of a 12-ft. Meyers boat to Clinton State Police, Friday at 6:15 p.m.

Mr. Feldkamp told officers he rented his boat to three men in a late model red pickup, who wanted to fish on his privately-owned Lake Joslin. The men went to the lake for a short time, then drove away with the boat.

Mr. and Mrs. Wanzeck have eight children, Michael 18, Patrick 17, Timothy 16, Mary 14, Kathleen 13, Tracy 12, Jane 9, and Philip 6. Three of the children attend Tecumseh Public Schools and four of the children attend St. Elizabeth's Catholic School.

Mr. Wanzeck says, "I want to make sure that the dollars we spend in education are spent wisely. I am opposed to the closed campus, and I feel it is not the schools responsibility to police children on main street. I feel that there should be more emphasis on vocational training. I am interested in having driver training taught during normal schools hours, since present summer scheduling discriminates against the youth who are employed."

VOICE of THE HERALD

Yes - Yes - Yes

Next Monday's election probably will raise little interest here, except perhaps in the two races for seats on the Board of Education. There's little on the ballot to affect the pocketbook.

In the main issue the most important locally is the request for the voters to renew 14 mills for operating the Tecumseh schools. It's inconceivable that the district's electorate would reject the schools' entire operating millage.

If defeated, there would be only two alternatives for the Board: vote again before school starts in September — which would be added expense to the taxpayer — or simply not hold school at all.

This issue on the ballot should receive the yes vote of every parent and everyone who believes in education. This issue must pass!

Another proposal on the ballot is a request for increased millage for operating and maintaining the public library. It is hardly an increase — you are being asked for 1/10th of a mill, a raise from .6 to .7. Support of the voters is being sought, and it should pass easily.

The last issue on the ballot concerns the education of the handicapped. Do we offer them educational opportunities, the same as we offer the normal, healthy child, or do we say no?

If we say yes, a one mill raise will be effected.

Most of us seldom see these youngsters struggle for their personal betterment. We seldom see them in wheel chairs, on braces or crutches, attending classes and learning the way a normal child does.

Is it right that they be denied an education? Is it right that the Intermediate School District be forced to close the doors at Lenawee Institute?

If you're a fortunate parent and have normal children, consider what you might feel and do if you were a parent of a handicapped child.

Let your conscience guide you next Monday at the polls, and if you do, we're sure you'll vote in favor of the one mill for the handicapped. Over 1,100 youngsters in Lenawee County will be affected by your choice.

Welcome Wagon Has A Heart

Mrs. Stella Hubbard, president of the Herrick Memorial Hospital Auxiliary, was a guest at the May 26 meeting of the Welcome Wagon Club at City Hall.

She explained the intensive heart care unit at the hospital and members responded by giving her a check for $100 for the Heart Fund. Mrs. Hubbard thanked the Club.

Installation of officers was held. Cherry and pineapple dessert were served to 17 members present from a floral centered table by Mrs. Allen DeShano and Mrs. James Hedley.

The centerpiece was awarded to Mrs. Earl Caswell.

Meetings will be resumed in September.

Japan New for Student

[EDITOR'S NOTE — A Western Michigan University junior, Melissa Mattis, daughter of Mr. and Mrs. Merval Mattis, 601 Jackson St., Clinton, is spending eight weeks vacationing in Japan with a classmate, Jan Benson. Jan's parents are the Rev. and Mrs. Ben Benson, Baptist missionaries to Japan for about 20 years. Melissa's in-depth report of her impressions of Japan are a bit unique since not too many students visit Japan to report about life there. Her letters will appear in serial form from time to time in The Herald.]

By MELISSA MATTIS

MELISSA MATTIS

We arrived in Tokyo Saturday, May 10, at 4 p.m., Japan time, which is 2 a.m., Clinton time. Jan's parents, Rev. and Mrs. Benson, and two younger sisters, were waiting for us. We went through the customs without any delay. They didn't even look in our luggage.

It seemed strange to see nearly everything written in Japanese. Here I was in a foreign country for the first time in my life.

The first thing I noticed was my height in comparison to the Japanese. In America I would be considered about average height, but here I seemed to hover above everyone. I would guess their average height to be 5'2" or less.

The women's hemlines are longer than American styles. Mid-knee seems to be the popular length especially with high school girls. Possibly because of the uniforms that are worn, but I haven't seen any skirts that are 3 to 4 inches above the knee that are so popular at home. Kimonas are still worn to a great extent along with shoes known as "geta" that separate the big toe from the others.

A lot of information about Japanese women can be learned by the kimonas they wear. Young unmarried women wear bright colorful attire and as they grow older the colors become more subtle. One is able to determine a woman's age by her dress. I found it difficult to tell their age other ways. Men, as well as women, dye their hair black as it is the custom not to show grey hair. At first, I thought their hair did not turn grey. In Tokyo a few men and women are beginning to break the custom and refrain from dying their hair. But, in Sendai and other places in the north that I shall be visiting, the custom remains unchanged.

Tokyo, the largest city in the world, is indeed a fascinating place. Their railway system is known throughout the world. Trains are the main means of transportation primarily because of convenience. They are designed to hold as many people as possible. A row of seats outline the inside of cars which leaves two aisles for people to stand in. They are always filled to maximum capacity. The seats are on a first come first served basis. Because of the men's position in society here, it is quite rare to see a man offer a lady a seat — so if you want to sit down, you soon learn to be quick and push with the rest of the crowd.

The roads are very narrow and rough. A few have been paved recently. There is a small increase in automobiles. These are driven on the left side of the street. Some streets are so narrow that if two cars happen to be coming down the street in opposite directions, it is not unusual to see one back up the entire length to let the other one pass.

Sidewalks are uncommon except in the main downtown area, which means that cars, buses, bikes, and people all use the same narrow streets. One soon learns to watch out for himself, especially as a pedestrian. Pedestrians can safely cross the street when they raise a hand. This is supposed to stop the traffic, but I am not too dependent on it yet. Since there are no sidewalks in many places the stores and shops open right into the streets.

At the present time I am staying in a small cottage on the campus of the Christian Academy of Japan with Jan and her parents. Jan's two younger sisters, age 9 and 11 are boarding here at school. Their home is 300 miles north of Tokyo in Sendai. Mostly children of missionaries attend school here with the greater percentage being American with few Japanese. In grades one through 12 there are about 500 students.

Thursday we will travel to Sendai where Jan's father teaches in the seminary and holds chairmanship of the mission. He also acts as chairman of EMAS, which coordinates all missionary work in Japan.

Jan's mother teaches English and cooking besides helping her husband in mission work. According to Rev. Benson, only 1% of the population of Japan is Christian. Shintoism is the religion of the Japanese people. The young people do not practice this form of religion as the previous generations have done. Truthfully, I know very little about it, but I hope to learn and to try to understand the younger people's attitudes and opinions about it.

Franklin 4-H'ers To Correspond With Sweden 4-H

The North Franklin Hustlers 4-H Club, at a recent meeting, made plans to correspond with a 4-H club in Sweden. Greg Williams will be in charge, assisted by Jane Woodward and John Vincent. Kathy Hartung will run the tapes, and all club members are welcome to talk on the tapes that will be returned to Sweden.

Susan Richardson gave a demonstration on flower arrangements. Jane Woodward demonstrated "Choice of a Good Beef Animal" and Greg Williams, on vegetables.

Barbara Vincent read the letter from Janet Reusink, IFYE student in Ceylon, who will contact a Young Farmers' Club (4-H), who will follow through with contacting the club in the United States.

A sum of $54 was reported from the recent bake sale, and the proceeds will be used for boxes of goodies to be sent to local boys in Vietnam for the annual "Christmas in July" project of the Hustlers. Recent addresses are required for these boxes. Anyone who has an address of a serviceman may call 456-7283.

The first club tour was held Saturday afternoon with members visiting each animal project at members' homes. A hot dog roast was held and a baseball game climaxed the tour at Greg Williams' home.

She will attend St. Mary's of Notre Dame College in South Bend, Ind., this fall where she will major in theatre arts.

River Raisin Group Seeks Cooperation

Quietly flows the Don (River Raisin) with too much garbage says the State of Michigan and the River Raisin Watershed Association. The group met Tuesday noon in the Community Center to search ways of getting greater participation from communities affected in the watershed.

The state has money available to communities, in limited amounts, for purification studies of the state's waterways.

The most disagreement occurs when cities and townships discuss who pollutes waterways the most. The city of Tecumseh, who increased the capacity for treatment of sewage in the early 1960s, is once again faced with a problem with industrial waste.

While the problem of increased capacity arises for the city a strain is put on finances there as additions to the city are made and an increase in population. As the city's boundaries widen so do the problems for the city's concerning treatment of sewage and a decrease in the pollution of the state's water.

The state has previously studied the River Raisin and its tributaries and ways that the county can improve upon them to reduce flooding and give the flow of the river an increase in efficiency.

It is hopeful that a study can soon be made in a counter-clockwise direction around the county of the River Raisin for cleaning existing tributaries and providing a better flow of water. Adjoining counties are being wooed in an attempt to gain cooperation in the project.

Public Responds On Poppy Days

According to members of Underwood-Orr Post No. 34 and Auxiliary, the public responded generously to the idea of wearing memorial Poppies recently in tribute to the war dead and aiding the living veterans and their families.

The members feel honored to be entrusted with the disbursement of the contributions and feel duty-bound to use the money wisely for rehabilitation and child welfare purposes.

Hospitalized veterans who fashion these poppies out of crepe paper, the material being provided, receive 1½c per poppy. The poppies cost the Unit $262.50 for 7,500. Mrs. T. Rentschler, president of Unit No. 34, reports that $524.50 was used for purposes intended during the past year.

She wishes to thank all who wore poppies as well as the volunteer workers besides those who provided good publicity. "Comfort should come to all who help their fellow-man", Mrs. Rentschler concluded.

AMEN

In prayerful memory of all who died defending our Country.

Memoriam

In loving memory of Charles McCarbery who passed away six years ago, June 5, 1963.
When we sit alone,
And look at the sky so blue.
Our lonely thoughts,
Keep returning to you.
The days have passed, oh so slow,
Since we received the sudden blow.
That you would no longer return to your wife, Wanda, children and grandchildren, you loved so dear.
Sadly missed by us all! 6-5p

THE REV. ALFRED SHEELEY IN FRONT OF FUTURE CHURCH

Purchase Friends Church

Final papers for the completion of the sale of the Friends Church property including the parsonage at 212 Van Buren St. to the Church of God were signed Monday, the Rev. Alfred Sheeley announced that afternoon.

The price was a nominal $50,000.

The sale included all the furnishings, a fine Conn organ, church school equipment with the exception of moveable training aids, song books and Bibles, and the kitchen utensils.

Happy over the transaction, the Rev. Sheeley said that the bank had appraised the parsonage alone at $20,000.

The Church of God was established in Tecumseh in June of 1953, making the purchase of the new property almost a 16th anniversary present.

The Rev. Sheeley said that it is hoped that the new Friends Church building can be occupied by the latter part of the month and the Church of God congregation can move to their new quarters in time for a July 13 homecoming and dedication.

The moves are pending the delivery of pews and pulpit furniture for the Friends Church.

The present building occupied by the Church of God was built in 1956. The Rev. Sheeley has been pastor there since March of 1962.

You Told Us

By DOROTHY GRIGG

A day of gladness, a day of sadness. Sunday when the class of 1969 of Tecumseh High School receive their diplomas, every senior will weep a little in his heart because their beloved Sammy is not there. The tragic accident May 24 that resulted in his death shocked the community. His flashing smile will be missed by young and old alike, at the church, the school, the Community Center and on the street. We hope that we can lead a little better life and smile a little more because of having known Sam Brooks.

Mrs. Jean Anderson of Bakersfield, Calif., spent Monday thru Wednesday this week with Mrs. Ray Sluyter, en route to Philadelphia to attend graduation exercises for her daughter, Nancy. Mrs. Anderson will return next week for a few more days' visit.

Mr. and Mrs. Daniel Schooley, Kris, Michelle, Ann, and Allen, of Rural Fremont, arrived at his parents' home Thursday evening. Friday morning Mr. and Mrs. Frank Schooley, Susan, Frank, Debbie and Mary (and dog) arrived at the William Schooleys' home to spend the Memorial Day weekend. (In poker it only takes five to make a full house!)

Mr. and Mrs. Donald Clark and son, of Lockport, N. Y., were weekend guests of her brother and family, Mr. and Mrs. Ferris Anderson. Friday a family gathering was attended by relatives from Flint, Detroit, Adrian, Tipton and Tecumseh.

Mr. and Mrs. John Seay, Mr. and Mrs. Dan Henning and Mrs. Seay's sister, Pam Calhoun, spent the holiday weekend in Kentucky and visited with Mr. Seay's brother, Pvt. Sammy Seay, who is in training at Ft. Knox. Johnny Seay spent the weekend with his grandparents, Mr. and Mrs. Harold Calhoun at Clinton. David and Kim Seay remained home in the care of Helen Schooley.

Seaman John A. Hesse is spending a 30-day leave from Guatamano Bay with his grandparents, Mr. and Mrs. John R. Lott, 5403 Green Hwy., and his parents, Mr. and Mrs. Paul E. Hesse, of Whitehall. He will go to school at Treasure Island for a short period and then will have further training at Newport, R. I.

The engagement of Mary Marie Schmidt to Gary Lee Dunham is being announced by her parents, Mr. and Mrs. Herman Schmidt, Sr., 208 W. Cummins St. Mary is a member of the graduating class of 1969, and is employed at the D & C Store in Tecumseh. Mr. Dunham is the son of Mr. and Mrs. Delmar Dunham of Britton. He is a 1965 graduate of Britton High School. He served in the Army for three years and is presently employed at Peerless Gear in Clinton. A 1970 wedding is being planned.

New Requirement For Adults In Lutheran Church

Two-year regular instruction is the requirement of adult membership in the Lutheran Church. Those teen-agers who have finished their two-year study and been approved by the Church were admitted into the communicant membership of the congregation at Gloria Dei Sunday through the solemn rite of Confirmation.

Pentecost Sunday 13 boys and girls were confirmed and received first Holy Communion.

They were: Edward Solarski, Ricky Cooper, Eugene Lathrop, William Rohweder, William Macbeth, Paul Wegner, Lynda Knight, Susan Baaske, Carole Christman, Paula Filter, Karen Pribble, Cheryl Williams and Pamela Wisner.

Each confirmant received a Bible as a gift and as an admonition, "Be ye faithful'.

* * *

The Planning Committee of the Gloria Dei Church will have a meeting at the Luther Hall Wednesday, May 28, at 8 p.m. Larry Wagner, chairman, asks all members to be present.

* * *

Sunday, June 1, Christina Marie, infant daughter of Mr. and Mrs. Tom Wright, will be admitted into God's family through Baptism. God parents are Nancy Popelar and Kenneth Wright. The Sacrament of Holy Baptism will be administered during the worship service at 10:30 a.m.

It's Tie for THS Golfers

For the second consecutive year the Tecumseh High School golf team has proven themselves to be the class of the Huron League; however, this season they must share the conference championship with Grosse Ile.

In the league meet Monday at the Country Club, Tecumsehs 328 total won first place easily as Monroe CC finished nine shots behind. Grosse Ile was a distant third at 350.

Ralph Miller of Tecumseh carded an excellent 41-36—77 to take medalist honors for the meet. Miller used a hot putter in recording his back-nine even-par 36 as he putted only 11 times. Bill Gibson fired a steady 39-39—78 for the Indians as he scored a birdie 3 at the tough eighth hole. A birdie on each nine highlighted Bill Holmes' consistent round of 40-40—80 for Tecumseh. Frank Geisenhaver added a 47-46—93 to complete the Indian scoring.

The situation of co-champions occurred because a team's number of dual match victories is multiplied by two and the league meet standings are added on. Since there are nine teams in the Huron League, the team finishing first receives 9 points, second, 8 points; third, 7 points; and so on. Grosse Ile won 15 matches, therefore their point total is 30 and seven or 37. Since Tecumseh won 14 league matches their point total of 28 and nine or 37.

Tecumseh possessed a winning record against every team in the league and still did not win the title outright. Grosse Ile had the same record against every other team as the Indians did and, had a losing record against Tecumseh. However, Grosse Ile still won a share of the crown.

In other action last week, Tecumseh won their last two matches of the season as they defeated Monroe Jefferson and Flat Rock by scores of 163-186 and 169-180, respectively.

In the Jefferson match Wednesday, Bill Holmes had an unusual bogeyless round over the River Raisin course. Holmes had a birdie, six pars, a double bogey, and a triple bogey in shooting a 38. Ralph Miller shot a 40—as Bill Gibson had a 42 and John Bryan a 43.

Thursday against Flat Rock at the hot and windy Carleton Glen course, Miller was medalist with a strong 39. Holmes and Gibson carded 43's and Frank Geisenhaver had a 44.

These two wins, ninth and 10th in a row for the Indians, brought the team's final league record to 14 wins and 2 losses. The overall record for the Indians was a creditable 14-5.

Tecumseh will lose two experienced veterans to graduation Sunday. Bill Holmes, four-year man, and John Bryan, three-year man, have begun a golfing dynasty at Tecumseh. Miller, Gibson and Geisenhaver should continue.

SPECIAL EDUCATION

MONDAY, JUNE 9

Because . . .

1. MORE THAN 1100 CHILDREN WILL NO LONGER RECEIVE THE SPECIAL EDUCATION SERVICES THEY NOW RECEIVE IF THE MILLAGE FAILS.

2. WITHOUT SPECIAL EDUCATION MANY CHILDREN WILL BECOME TAX LIABILITIES IN NEED OF TAX SUPPORT THROUGHOUT THEIR LIFE. WITH SPECIAL EDUCATION THESE CHILDREN MAY BECOME RESPONSIBLE TAX-PAYING CITIZENS.

3. HANDICAPPED CHILDREN DESERVE AN EDUCATION AS MUCH AS OTHER CHILDREN. WHY SHOULD THEY BE DENIED AN EDUCATION BECAUSE THEY ARE HANDICAPPED?

4. THE LENAWEE INSTITUTE BUILDING WAS GIVEN TO US. IT WAS A GIFT. THE LEAST WE, AS TAXPAYERS, CAN DO IS KEEP ITS DOORS OPEN.

5. THE LENAWEE INTERMEDIATE SCHOOL DISTRICT HAS SHOWN THAT IT CAN MAKE A LITTLE MONEY (½ MILL) GO A LONG WAY. THE HALF-MILL TAX HAS SERVED HANDICAPPED CHILDREN WELL FOR 10 YEARS, BUT IT NO LONGER IS ENOUGH. WE HAVE MORE CHILDREN, INCREASED COSTS, REDUCED PERCENTAGE OF STATE AID, AND EXPANDED PROGRAMS WHICH HAVE MADE IT NECESSARY TO SEEK AN ADDITIONAL MILL OR CLOSE MOST OF THE EXISTING PROGRAMS.

THE ROGERS' PONY FARM

It does not seem to matter when, where, or for how long — just let the three Duncans and one Austin take a trip and immediately the weather is bad. I realize that the next to the last week of May does not necessarily bring record-breaking high temperature readings or oceans of sunshine. But we were only gone for three days and would it have upset the whole world if there had been just a little sunshine and some slightly warm weather?

Actually, since the purpose of our mini-trip was to visit cousins, the gloomy skies and the raw winds were not as disastrous as "they might have been. In spite of the miserable weather, we had a marvelous time."

Pat and Ken, their two girls, Melinda and Karen, the two dogs and the 20-some ponies all live on a most attractive 13 acres up in the Thumb area. Six miles south of Pigeon, to be exact.

I am a bit indefinite about the number of ponies because, at this time of year and especially if one is in the business, there are apt to be additions. When we were there, for example, their newest colt was only four days old.

Our drive north started on an exciting note. We had just begun our back-road meandering to the expressway when a big cock pheasant stepped out of the weeds which were growing right next to the road. With a squawk and a frantic flailing of wings, he took off and just barely cleared the car — I rather think that the end of his long, beautiful tail brushed the hood.

Red-winged black birds were numerous everywhere, even with no sunshine their crimson shoulder patches were beautiful. Many martin houses had tenants, the rightful mosquito-eating type, that is: it was only with a slight smile that I noticed Pat and Ken's martin house attracts the same renters that ours does, sparrows.

★

OUR MOTEL was located right on Saginaw Bay and every morning we awakened to the shrill cries of gulls. It was fun to look out the big window and see them circling and turning. On the way home, just south of Whitmore Lake, a large bird, with stilt-like legs trailing behind, flew overhead. His long neck extending straight out in goose-fashion, identified him as a crane and not a heron.

But back to the pony farm, and that is exactly what it is. Pat and Ken raise registered Shetlands. Now we Duncans are used to bird and occasionally dog talk but, when it comes to ponies and horses, we are bird and dog people.

It was fun though, to hear about the Shetlands, the Welsh, the Hackney and the Arabian; to hear about the saddles, bridles, harnesses, and all the other paraphernalia.

There are tricks to all trades, people who show horses know just as many as do those who show dogs. Pat and Ken were originally "big city kids" but now, with the best of them, discuss the cold weather affecting the crops, the prospect of getting a second cutting of hay from one particular field, and the Hackney getting used to her new shoes or "finding her feet".

Melinda and Karen, 10 and seven, are not a bit afraid of any of the horses or ponies and, in fact, can probably do more with them than anybody else. Because of the cold, damp weather we did not see the girls ride nor could they put the show ponies through their paces. Even though the barn has a section large enough for riding and training, the weather was just too cold for me. What this all adds up to, we hope, is another trip this summer.

★

ONE THING WE were able to do was get close to the new colt. What a cutie! A pretty head, big soft eyes, a little mane that looked as though a barber had just given it a brush-out, a short, stubby tail and, of course, long legs with the knobbiest knees you ever saw. He came right up and nuzzled my knee.

While her youngster was exploring, the mother never took her eyes off us, she thought everything was all right but she was certainly taking no chances.

Another thing we thoroughly enjoyed was watching the ponies when Pat took them from their stalls into the corral for some exercising. Oh, what fun they had — running and kicking and jumping and rearing up and bucking and rolling and prancing and then some more running.

Going into the Thumb was like driving two weeks back into spring. The fresh, new leaves showed every shade of green imaginable, the fruit trees were at the height of their blossoming, the lilacs were at the beginning of their blooming, the tulips were good, the dogwood excellent but the spirea and iris had not quite started. The countryside was indeed lovely.

So it is that in spite of the uncooperative weatherman, we had a grand and glorious time with the Rogers at The Rogers' Pony Farm.

NEXT WEEK:
"Cuckoos and Catbirds."

Big Day for Race

One of the largest crowds ever, attended the Memorial Day Trophy Races at Manchester Speedway. A $2,000 purse was divided among the drivers. A trophy was presented to the winner of each race. Don Taylor's time of 19:28 was the fastest of 70 cars that were timed.

The first heat saw Dick Crup come up fast from sixth starting position to take the win over Bill Younkin, Fred Seltenright and Jack Sharp. In the second heat, Dick Slade was pushing hard at the finish but had to settle for second behind Bill Heeney. Howard Woodman was third and Bill Kopka fourth.

Paul Whitaker quickly jumped into the lead in the third heat and stayed there. He was followed by Art Call, Mike Lowe and Gary Rhodes.

The fourth heat was an example of racing. Jim Martin tried several times to pass John Schaffer, but did not have quite enough motor to hang on to the lead as Schaffer came out ahead each time. Results were: Schaffer first; Martin, second; Hebert Holbrook and Tom Hubbard, third and fourth. The winner of the fifth heat was Bob Kash, followed by Al Orner, Curt Kelly and Dick Cronk.

The pursuit provides excitement, as several cars came together at top speed, sending Louie J. Stemen backwards over the bank. He was able to finish the race which was half completed at the time. Don Taylor came through for the win over Bill Younkin, L. J. Stemen and Jack Sharp.

The excitement continued into the consy when Nick Nichols "flew" up the bank in the first turn, took out some of the fence, jumped the roadway into the track and ended up on all four wheels with the driver unhurt. After several spins, and one leader black-flagged for running over his time, we finished with Curt Kelly winning over Cronk and Allen Tuebert.

Another black flag was shown in the semi-finals for a lead car. The finish had four cars closely bunched with Junior Gary on top, followed by Larry Michael, Larry Gray and Mike Lowe.

In the 50 lap feature Howard Woodman jumped into the lead and held it for 22 laps, when Don Taylor took over. Taylor picked up his third trophy for the evening. Second went to Stemen and third to Woodman.

Pastor tell me

By DUANE H. McNEIL

DOES THE BIBLE TALK ABOUT SEX?

Yes, the Bible does speak of sex. It gives proper standards for the behavior of young people to the opposite sex. It tells what the relationships of married people should be. Young people are admonished by God to "abstain from fornication". 1 Thessalonians 4:3. Added to this, is the exhortation in I Corinthians 7:1, "It is good for a man not to touch a woman". If this is compared with the teachings of the new morality, there is an obvious contradiction. That God is right and giving us good advice is seen by the results in the lives of those who have adopted the new morality. Broken hearts, battered bodies, beaten conscience and ruined lives attest to the accuracy of God's commands.

Married folk may find sufficient materials for their use in the Bible to be confident of a happy married life. One of the ten commandments says, "Thou shalt not commit adultery". The New Testament tells both husband and wife to love each other. In I Corinthians 7 they are taught to cooperate willingly in a happy marriage relationship.

Sex is a proper human appetite. It should not be over indulged nor misused. Only by following the God-given standards can we expect to find the God-given happiness.

TO THE EDITOR:

When we reached our new site here, we were pleased to have the latest Tecumseh Herald waiting for us, although the address was not quite right. So, just for the records, and to make sure we continue to receive The Herald, I am enclosing corrected address.

We are still living in our travel trailer, as the places to live here in Dover Foxcroft are very hard to find. We're hoping there will be a house available to us on base, as promised, by the 10th of June or before.

We will have just time to get moved in, before we leave for the south. Bill has to start school at Tindall Air Force Base in Panama City, Fla., June 18, for six weeks. Then we'll be back here for at least 30 months.

It's beautiful here, but still rather cold. We saw snow on the ground at Sebec Lake, just six miles from here — on Memorial Day!! Godness!

Guess we'll just catch up on the home town news when we return from Florida, so just send The Herald here.

Thank you,
Mrs. W. J. Starkey.

AERIAL VIEW OF THE CLOVERLEAF JUST NORTH OF U-12 ON M-52. PAST OR FUTURE?

Freeway in the Future for US-12

By BILL SANFORD

The Irish Hills for several years was a holiday mecca for only a few. To those living in the area the vacationers were a way of life. The lake dotted landscape proved to be rather secluded from other more famous resorts. A new emphasis on just what the Hills will be in the future was added last fall when big-time auto racing thundered its way onto the landscape.

Last week in an obscure press release from the state highway department, another change appears to be in store for the Irish Hills within the next five years, perhaps in part brought about by the Michigan International Speedway which is becoming meteoric in its rise to national prominence.

The release said that the state commission was adopting a program of highway improvements which would be carried out through the fiscal 1974 budget. It is the non-interstate portion of federal aid projects which are part of a five-year program to improve existing trunklines across the state.

In Lenawee County this means US-12 which runs along the corner of Lenawee and Washtenaw Counties. Bids are to be sought on the projects at a date to be announced in June.

The simple phrasing from the state highway commission in a letter to Charles Waid, county road commissioner, stated that the project concerned acquisition of land to re-locate 11.1 miles of US-12 from M-50 easterly to M-52. The cost estimate was for $760,000.

In view of raising land costs in the Irish Hills area over the past two years, several voice pessimism over whether this is to purchase the right-of-way for a relocation or for some other purpose.

In the recent communique to the county, the state deferred from offering any completed explanation of its plans. The county has not received a study of relocation of that portion of US-12 since 1961. At that time, then state highway commissioner John C. Mackie, had just completed a study of freeways that would be needed in the future across the state. His study followed much of his predecessor, Charles Ziegler.

Ziegler was the father of the freeway system in the state. At the time which Mackie defeated Ziegler for the state post, he (Ziegler) had just finished a projected 20-year program of freeways. The Mackie study and the Ziegler study differed greatly in the location of US-12. Many plans have been pre-empted by the changing complexion of the communities involved.

Ziegler proposed a route running north of the present highway from Cambridge Junction through Walter J. Hayes State Park and north of the village of Clinton. The Ziegler study, completed in early 1956, did not include a later study which called for the turning of US-127 into a four-lane highway from Jackson south to the state line.

The Mackie plan, completed in 1961, called for a completely new limited access roadway to be constructed from an angle leading from Addison north of Onsted and to and parallel with M-50, east of Tipton and then northeast to Clinton.

There are two local indications that another change in the program will be needed. Near M-50 the Loch Erin development is on the boundaries of the the 1961 proposed corridor.

In the 1956 study, the Michigan International Speedway would be in the area of the Ziegler outline.

During Mackies term at the helm of the state's highway system, the 20-year plan of Ziegler was revised and updated several times. This portion of Lenawee County highways was usually among those mentioned in a revamping.

When M-52 land rights, north of US-12 were acquired, the state at that time purchased enough land for a cloverleaf ramp leading from a limited access highway onto M-52. Much work was done on the project at that time. The cloverleaf can still be seen from the highway. It is eroded and weed-covered, but is still a symbol of a highway project which never quite went through.

Whether the cloverleaf is a symbol of one administration's idea of roadbuilding or were incorporated into future planning for US-12 have never been explained.

No clearly outlined corridors for a limited access highway have been made available to the public nor the local officials. Rumors and old ideas have prevailed when an answer is sought to the question: is the cloverleaf on M-52 a part of the future or the eroded monument of an administration whose studies wound up in the ash can?

Vote Decides Three Issues

BRITTON — A contest for two seats on the Board of Education, renewal of 10 mills' operation and the one-mill special education ballot will be the object of the voters affection come next Monday when the annual school election takes place.

Beryl Albring, Walter Rowe and James Squires are vying for the two seats which are for four years.

Ten mills expired when the taxes were applied to the rolls for 1968 and the Board of Education is seeking a renewal of the millage for 1969-70. No new millage increase for Britton-Macon is sought.

The only new millage is the special education issue which is being voted upon county-wide. The future of Lenawee Institute on Sutton Rd., is at stake if the millage is defeated.

James Squires has been a member of the Board of Education for eight years while Mr. Albring and Mr. Rowe are seeking a seat for the first time.

God Is My Landlord

(Continued from May 1)

The next day Attorney I. A. Capizzi called to say, "We have given orders that not a reaper is to go into the field, not even for a demonstration, and no one is to be permitted on the grounds for any kind of a Dynamic Kernels affair. We will cut the wheat later and turn it over to you. Of course, you realize that we have had considerable expense in connection with this harvest, but we will discuss that later."

Mr. Capizzi was a business-like and efficient lawyer, but fair-minded.

What a situation! A big harvest advertised and not even a "symbolic harvest" could be held in the field to cut, just a little of the wheat. Perry felt humiliated, crushed and defeated.

Some of Perry's friends who suspicioned what was going on in The Ford Motor Company, wanted to go to the field on the day set for the Harvest in spite of the orders to stay off the property. They felt that nothing should be allowed to interfere with the "Lord's Harvest."

No one doubted the Ford Company's legal right to control the activities on their own land, but many did question the judgment of the subordinate officials for delaying plans for a religious ceremony which was being followed by millions of people throughout the world, and which thousands had a part in creating, especially when Mr. Ford voluntarily stepped into the picture and freely offered the land to complete the experiment. It was no longer strictly a project of Perry Hayden and Henry Ford, but a public interest.

It was felt that no harm could possibly come from carrying on the celebration, and the Ford people could gain nothing by stopping the ceremonies — except to possibly conceal the physical condition of Mr. Ford who would have been expected to attend the ceremony. The cancellation of the activities might have served as a "smoke screen" at a difficult time for the Ford Motor Company, but was not considered sufficient reason to discontinue a world-famous Biblical demonstration.

Ford officials admitted that Henry Ford really "reigned" over his empire. After he was stricken in Georgia, none of the subordinates wanted to assume the responsibility of issuing orders in his absence, so there was a temporary state of uncertainty and confusion. The Dynamic Kernels project was just one of Mr. Ford's many personal hobbies. It became a "hot potato" in the laps of those who were asked to issue orders to carry it on. Everyone put off decisions from day to day, hoping that each succeeding day would bring instructions from Mr. Ford who was under doctor's orders.

Reconversion problems, business difficulties and the absence of leadership by the "ruler of the empire," placed Perry Hayden's project in the "same boat" with all other Ford uncertainties — and created a real headache for Perry.

Claude Baker, manager of the Tecumseh Ford Mill, told Perry that the Publicity Department of the Ford Motor Company and many subordinate officials were clearly interested in seeing the project continued, but they had no authority to do more than show a friendly interest and make suggestions.

Charles O. Butler, the Tecumseh Ford Dealer, voluntarily approached the Sales Department in behalf of Dynamic Kernels Harvest. Many other dealers saw the tremendous advertising value in it, and also used their influence in Dearborn . . . but the "die had been cast." From here on, Perry had no place to look, but "up."

In the face of all this, Perry continued to pray, to plan and to hope for the best — although it was the darkest hour since the first conception of the Biblical Wheat idea. It was now definite that there would be no celebration at the field. Perry was desperately looking for some way to explain it to the public. He went to the OPA, secretly hoping that they would order him to abandon any public gatherings because of transportation shortage. This would protect both the Dynamic Kernels project and The Ford Motor Company. Word was already out that the celebration had been postponed several times because the wheat was not ready, so Perry allowed this explanation to stand for the time being.

From this time on, Perry spent all of his time trying to work out a substitute service to replace the one at the field. The idea came to Pastor Escolme that no one could stop them from having a program at the little Friends Church, where the inspiration was born five years earlier. The little plot of wheat planted in the churchyard by the children now saved the day! They could hold a service in the church and then re-enact the original cutting ceremony out in the yard. Announcements were quickly made in the newspapers and a widespread call was issued for celebrities who were interested in the experiment, to appear on the program. There was an immediate response and an interesting program was assured.

Franklin "Bud" Mitchell, Program Director of WJR radio station in Detroit, said that it would make an even better religious story in the church than from the field. The Religious Editor of **Time** magazine agreed.

It was generally felt that too much emphasis in the publicity had been placed on the prestige of Henry Ford.

The whole community rallied behind the famous Tecumseh project and continued their futile attempts to influence The Ford Motor Company to go on with their support, but Perry now had a more glorious and triumphant plan for the final year of this great Religious Demonstration.

Out of the ashes of the Ford withdrawal was now emerging a bigger and greater finale to the Lord's colorful project . . . **"And I will . . . pour you out a blessing, that there shall not be room enough to receive it, . . . saith the Lord."** . . . **"Except a corn of wheat fall into the ground, and die, it abideth alone — but if it die — it bringeth forth much fruit."** . . . Many faithful believers in the Biblical Wheat demonstration felt that the world-famous project itself had also to fall into the ground and die, so it could arise even more brilliantly, and "bring forth much fruit."

CHAPTER 15
New Plan for Final Harvest

"I can see now that it was God's plan to replace Henry Ford in this Biblical demonstration after he had made it possible and played his part well," explained Perry, "so the center of attention would be focused on the Lord, rather than the popular appeal of a great man."

Leland Bush furnished the first inkling of an idea as to how the tithing could be finished by the "common man" and become a great demonstration of the people." Editors of religious magazines, ministers, prominent laymen and friends, contributed to the development of the idea until it soon blossomed into a clear picture — a perfect climax for the famous Biblical experiment.

The new plan was to ask farmers in Michigan and the surrounding states to plant portions of the estimated 5,000 bushels of seed from the fifth crop, and to turn in a 10% tithe to their own churches. Each farmer would be asked to keep an accurate record of the number of bushels of seed planted, the number of acres, the amount of the yield and the tithe. A report was to be turned in to the Dynamic Kernels Foundation for a final celebration to be held at some suitable place the next year.

It was generally agreed that such a plan would create much more nation-wide interest, and thus the Biblical lessons would reach out to proportions far beyond anything possible by continuing on one man's land alone. It now became a great community co-operative project.

Sunday magazine said, "You have a much bigger story now than ever."

Kerry attended a meeting of the Lenawee County Board of Supervisors in the Court House at Adrian, to get their reactions on enlisting several hundred farmers to plant the final 5,000 bushels of Dynamic Kernels.

Oakley Zimmerman, chairman of the meeting, introduced Perry Hayden to explain his plan for finishing the experiment. When Perry had finished telling the whole story of Henry Ford's withdrawal and the new plans for saving the project, Mr. Zimmerman jumped to his feet, "Absolutely the farmers of Lenawee County will come to the rescue!"

Matt Benner heartily supported Mr. Zimmerman by saying, "You can get ten thousand acres instead of five, if you need them."

The whole group unanimously agreed to stand behind the project and lend every influence to help put it over.

Perry then explained that several experts had expressed the opinion that the seed this year contained too much smut for replanting, and suggested using other seed.

John Fatchett expressed the sentiments of the whole group of farmers present. "Forget about the smut. All wheat should be treated anyway. That is no justification for taking away the psychological value of using the same wheat."

Others spoke up and agreed that the sentimental value of the original wheat was more important than any risk taken with the smut in the seed.

Many members of the Board of Supervisors themselves agreed to start the new plan off with the announcement that they would plant some of the Biblical Wheat on their own farms and would give the tithe to their own churches. Mr. Fatchett, an officer of the Blissfield Co-operative Company added further, "We will each line up a lot of acreage among the farmers in our parts of the country."

Perry then went to the **Adrian Telegram** and told Editor Donald Frazier about the meeting. Frazier was very much pleased over the Supervisors' reaction.

"Those men are level-headed and practical. If they are for you, your idea must be all right. With their interest in the project I am sure that we could find enough farmers through the **Telegram** to guarantee the replanting of your entire final crop.

The Grange had been working with the project for several years, so there was no question about their helping to secure farmers to plant some of the tithing wheat.

The 4-H Clubs of the county heard about the crisis created by the need of land. Silas Neuroth of Ogden, and Robert Laser, head of the 4-H Clubs, called to see whether there was anything that their boys could do to help carry on the final harvest. They became very much interested; called a meeting and decided to enter into the project.

The County Farm Agent, Louis G. Hall, volunteered his assistance and was actually working on plans to help even before Perry discussed the problem with him. Hall called together a county-wide group of agricultural leaders who assembled in the Adrian Court House.

Robert Laser, one of the heads of the 4-H Clubs opened the meeting by saying, "We have an opportunity now to do more than just raise money for the boys and girls. This Dynamic Kernels project will offer them three distinct advantages: (1) It has a definite spiritual tie-up with the church. (2) It provides the competitive urge, which is the thing that makes great Americans. (3) It would give the 4-H Clubs a lot of favorable national publicity."

Agricultural leaders from all over the county endorsed the plan.

While all of these new developments were shaping up for the final celebration, Perry was continuing his plans for the Fifth Harvest at the church services on July 21. The clippings from the Publicity Bureau showed that national interest was growing, in spite of the reversals and the conflicting reports appearing in the newspapers.

Good stories were appearing in such papers and magazines as: **The American Magazine, The American Miller, Sunday Magazine, Farm Journal, Time, Detroit Sunday News, Toledo Blade** and many others from coast to coast. Many fine radio programs were also featuring the event.

Letters, wires and telephone calls poured in on the day before the ceremonies, to learn the latest developments. The last reports appearing in the newspapers were that the wheat was too green to cut and there would be no activities in the field. However, the arrangements were progressing for the services in the Tecumseh Friends Church. Perry spent most of the night receiving cancellations, altering plans, working out substitutions to fill the program and answering inquiries regarding the services.

CHAPTER 16
Dynamic Kernels Comes Into Its Own

When the early morning of the twenty-first arrived, Perry had worked out a detailed program for the services to be held at the church. He approached the hour of the event with deep concern as to how the public would accept the modified celebration, what the newspapers would say and whether it would hurt the future plans for the final year.

He faced all of these facts: the wheat was not going to be cut . . . they could not even enter the field where it was growing . . . Henry Ford would not be there . . . Governor Kelly sent word that he could not attend . . . a last minute wire from R. G. LeTourneau cancelled his appearance . . . the Columbia network could not handle the broadcast . . . some of the newspapers lost interest after all of the conflicting reports . . .

Perry sighed, "Never have I been thrown back upon the grace of God, in connection with this project more than today, but I still have God's promise that He will **'pour out a blessing'.**"

RON HARRIS WATCHES AS THE FLOWERS BLOOM BENEATH THE GROW LAMP

A Hobby Is A Hobby

By DOROTHY GRIGG

A hobby is a hobby, is a hobby and Ron Harris, 306 W. Logan St., certainly is enjoying his, growing plants.

A grow lamp given to him by fellow employees at the Tecumseh Products Co. when he retired, has aided Ron considerably in developing his interest in watching things grow.

An elaborate affair with three incandescent bulbs in the top, directed down on a tray three feet below makes house plants grow green and lush as only perfect conditions can. This sometimes isn't accomplished by the greatest grower of them all and Jack Frost takes his toll, too.

A water wick in the bottom of the tray beneath the plants which include coleus, philodendron, begonias, spider and patience plants and a variety of others, makes it possible to provide moisture or take up an excess of it.

This protects the beautiful walnut table beneath and allows Mr. Harris and his wife, Alice, to enjoy the miniature greenhouse right in their dining room.

Potting plants in the kitchen sink occasionally leaves something to be desired in that area but what's a little dirt compared to all the fun they are having?

A timer turns the lamp on at 7 a.m. and turns it off again at 10 in the evening, giving the seeds in the little peet pots the ultimate in growing conditions. They are planted in milled sphagnum which is finer than peat and then the dumb cane, jade and mother-in-law plants along with dozens of others go into regular sphaghum as they mature.

Several of the precious African violets grown by the late Mrs. Al Helzerman are among the others in the Harris household which includes a daughter, Mrs. Jerry Crunk, (Janet) and a son, Chief Petty Officer Duncan Harris, plus the cat, which is a huge long-haired beauty who reigns supreme and is the envy of all the other cats in the neighborhood who congregate on the pretty back lawn.

This is also where many of the tiny seedlings find their homes and where the squirrels dug the tulip bulbs out last winter as a special delicacy for their menu

The Harrises lived in Cadill where he taught for 18 yea before coming to Tecumseh Chamber of Commerce secretar He was employed 16 years at t Tecumseh Products Co. befo retirement.

No doubt, there are ma green thumb artists in the c who have a similar set-up, may more extensive, but it is dou ful that they are receiving a more pleasure from experimen ing with growing things than t man on W. Logan St.

He loves her . . . he loves her not . . . he loves her . . . or does he? If only daisy petals could give the answer!

Then there's that more introspective question: Does she really love him . . . or does she not?

And that ultimate question—still a long way off—but getting closer every day: Can theirs be a happy, lasting marriage?

Is romance a colossal gamble—or are there basic elements which are predictable?

Millions of Christian parents are staking their children's future on the latter view. They believe that religious education in the Church and religious atmosphere in the home can foster moral and spiritual maturity. They believe that character as well as love is essential to marriage . . . a home . . . a family.

And they want their sons and daughters to meet others who are being brought up the same way!

She is a member of the Michigan Historical Society and the Michigan Archaeological Society, and is vice-president of the Michigan Token and Medal Society.

Mrs. Johnson said, "I believe that as a taxpayer, a parent, and a resident of the Clinton School District, each individual should have an interest in school administration, and in maintaining a school with high academic standards.

"I advocate the schools being run by the administrators and the teachers who are educated for these positions. I further believe in maintaining old-fashioned discipline with the school policies being set by those trained to formulate these policies and administer them rather than a school system which is dominated by the hippy generation with the ensuing decadence of moral values prevalent in many of today's schools."

Board, TEA at Impasse in Contract

An impasse in settling a master contract has been reached by the Tecumseh School Board and the Tecumseh Education Association.

Negotiating teams met for over two hours Tuesday evening in hopes of settling three remaining issues, but a stalemate has apparently resulted.

Supt. James McDowell, head of the Board's team, says his negotiating team is 100% against the three issues and will not yield to the TEA demands.

Jerry Nelson, head of the TEA team, says he hopes negotiations will continue but stated that no future meetings with the Board team have been scheduled.

In regards to a question about an invitation to attend Monday night's regular School Board meeting, Mr. Nelson said TEA representatives would not attend. He said negotiations will be conducted at negotiation sessions and not at a Board meeting.

Monday afternoon a system-wide meeting was held, according to Mr. Nelson, at which the teachers voted to stand behind their negotiating team and their position of including the three issues in the master contract. It has not been revealed what these issues are.

If the Board and TEA are unable to reach a settlement locally, next step is to place the problem before the Labor Mediation Board. Regarding the mediation board and possibility of a teacher strike here next fall, Mr. Nelson remarked they were no way near that situation.

Members of the TEA team include Gary Lovett, Raeola Lasko, William Raeburn, Ted Todd and Robert Kelty.

Aden Meade, president of the School Board, Dr. Harold Ocamb and Robert Duhan, assistant superintendent, are members of the Boards team.

SCHOOL'S OUT — Sixth graders at Patterson School aren't losing any time in taking advantage of the summer sun now that school is out in Tecumseh. Tuesday was the final day of classes for most children and marked the beginning of their three-month vacation. Look, out, Mom!

3 New Doctors Start Practice in Community

Tecumseh's doctor shortage, termed critical earlier this year, will soon be relieved.

Three physicians are known to be coming to the community — one starting his practice here June 30, another on July 1, and a third in the fall. And, still more doctors may open practices here as several have expressed interest in Tecumseh.

Dr. Ferenc Fabok, 40, will begin his practice here June 30th and will share the medical office of Dr. Harold Ocamb in the Medical-Dental Center, just east of Herrick Hospital.

Dr. Jimmy M. Mistry, 38, will start July 1 in the medical office of Dr. Larry Burch, which also includes Dr. D. J. Phelan, physician, and his brother, Dr. Donald Phelan, dentist. Building is at 10 Cairns St.

Dr. Fabok's wife, Dr. Elli Moeller, will join him in practice here this fall.

Doctors sharing office space will be relieved later this year.

Plans for expansion of the current Medical-Dental Center near the hospital are being made, according to Dr. Richard Coak.

The building expansion, to the south, will be 8,000 to 10,000 square feet and will provide for four medical offices. Estimated cost is in excess of $100,000. Architect A. J. Smith is preparing the plans.

Construction is expected to start this summer and be completed later this year.

Dr. Fabok practiced in Hungary until 1956, when he fled his native land during the Hungarian Revolution. Here in the United States, he has had residencies at Maumee Valley Hospital, Toledo, O.; Harlan Memorial Hospital, Harlan, Ky.; Pontiac General Hospital, Pontiac; and Lima State Hospital, Lima, O.

For the past three years he has been in the practice of internal medicine at Lincoln Park, where he and his family reside. They have one child, Birgit, 8, and have known Tecumseh for some time through a close friendship with the Rev. Dr. Laszlo Gero, pastor of Gloria Dei Lutheran Church.

Dr. Fabok's father in Hungary is a Lutheran minister and a long-time friend of Dr. Gero.

Dr. Moeller graduated from a medical college at Cologne, Germany, where she met Dr. Fabok while serving an internship in the same hospital. She has had four and a half years of formal training in internal medicine.

Dr. Mistry is a native of India and is a graduate of the Medical College of Bombay. For approximately 10 years, he was a resident of England where he married and became a British citizen.

An obstetrician and gynecologist, he has been in the U. S. for the past year and is currently on the staff at St. Joseph's Hospital in Pontiac.

He and his wife have three young boys.

A community-wide search for new Tecumseh doctors is headed by Dr. Larry Burch, William Groover, hospital administrator, and William Holmes, owner of Holmes Pharmacy.

Mr. Groover says 16 physicians have expressed interest in the community and six have actually come here to inspect medical facilities and the town. They are being interviewed by Dr. Burch, other doctors, and Mr. Groover.

Although there has been little hope of obtaining services of a general practitioner, Dr. Burch reports that one, and

Millage OK'd

Tecumseh schools, as did most others in the county, received favorable support from the voters Monday with overwhelming winning margins at the polls.

Shortly after the count started here Monday evening, it was apparent that local millage issues would pass, special education millage would be approved and that incumbents Dr. Fred Freeman and William Macbeth were re-elected to the School Board.

Official results submitted by Robert Duhan, assistant superintendent, are:

Renewal of 14 mills for operating the Tecumseh Schools 952 yes, 540 no.

Increase library millage from .6 to .7 mills — 898 yes, 578 no.

One mill for special education — 1,341 yes, 209 no.

Dr. Freeman was selected for another four-year term on the Board, winning over Robert VanSickle, 1.060 to 368.

Mr. Macbeth, who was appointed this year to replace the late Orville Bishop, defeated John Wanzeck, 1,085 to 338.

Special education received an almost four to one vote in Lenawee County for one mill for operation. Final tabulation was 9,605 for and 2,412 against.

Here in Tecumseh, however, special ed received especially strong support, winning by a greater than six to one

DR. ROBERT LAIDLAW

Dr. Laidlaw Takes Leave

Dr. Robert Laidlaw has announced that beginning July 1, he will take a year's leave of absence from his dental practice.

He is associated as a partner with Dr. Robert Murray and Dr. Jerry Wolf. He opened his general practice of dentistry here 20 years ago, after graduation from the University of Michigan School of Dentistry in 1949.

The Laidlaws will spend the summer at their Devils Lake cottage, and though they expect to move in late August to Miami, Fla., they will maintain their home at 510 Seminole Dr.

Dr. Laidlaw emphasizes he is not retiring from dentistry, but that he expects to be taking some post graduate courses in dentistry as well as pursuing business outside his profession.

Dr. and Mrs. Laidlaw and four of their children are presently on a camping trip to Wyoming.

New Lights Scheduled

Folks who have yearned for a traffic light at the intersection of N. Evans and Brown St. and Herrick Park Dr., will not have to wait much longer.

Cal Zorn, city manager, says all materials have been received and the double, four-way control system should be installed at the intersection within the next couple of weeks.

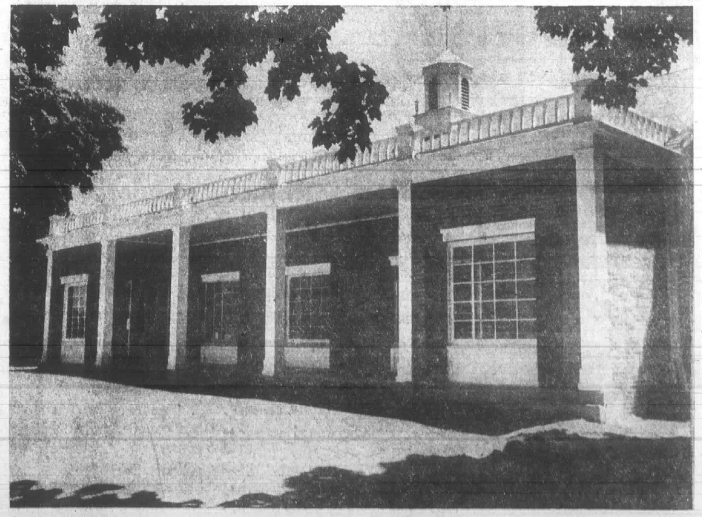
Heavy traffic on N. Evans often prevents motorists on Brown St. and Herrick Park Dr., from crossing or turning south or north. Many accidents have occurred at the intersection, but it's questionable whether traffic lights will lessen the accident frequency.

Start Building On S. Maumee

A new 7,500-sq.-ft. General Telephone building was started this week on S. Maumee St.

The building, six-foot concrete walls, topped by a metal frame, will be used locally as a warehouse and garage with some office space at the front. Estimated cost is $60,000.

An acre of property across from Faraday, Inc., was acquired from the Tecumseh-Area Industrial Association.



HERALD PHOTO BY BILL WHITING

FANCIER, BETTER LOOK — Tecumseh Country Club has taken on a new look with completion of two new entrances, each located at the end of the long porch. A large, paneled window has been installed where the single, center entrance used to be. With the new entrances, a portable vestibule will no longer be needed during the cold months.

Coiffeur Plans Open House

Evel's Coiffures will have an open house at 128 E. Chicago Blvd., Sunday from noon until 6 p.m. Evel Garrido will operate the new beauty salon in co-partnership with Mr. and Mrs. Robert Stone, who recently purchased the former Palman building.

Already well-known in the community, Mr. Garrido will continue as the fashion designer with Exclusives EvelDean, a custom couture business established here in May, 1966.

Born in Castilla, Spain, Mr. Garrido was educated in Barcelona, where he received his diploma at the Eve of Spain School of Cosmetology in 1958.

He became a master of hair styling in salons of Spain, Munich, Germany, Italy and Austria, where his clientele included Princess Soraya, former Queen of Persia; Princess of Orleans, members of the Nymfenbourg royal family of Bavaria; and Catherina Valente, international motion picture actress.

For the past two and one-half years he has been a hair stylist in Grosse Pointe Farms, where Mrs. Henry Buhl, Mrs. G. Men-

If members of the Grace Ev. Lutheran Church have been heard to crow now and then this past week, they will have had good reason. The congregation, under the direction of Mr. and Mrs. Wynne Matteson, barbecued 1000 chicken halves to serve 1200 people at the Lutheran Camp site on Killarney Lake following the Memorial Day service there. Mr. and Mrs. Otto Teske are lucky to have all their fingers. They cut up 200 lbs. of cabbage for the slaw served that day.

The antique hose reel cart pulled by Tecumseh firemen in the Memorial Day parade is the property of the Austin Partridges given them by the Tecumseh Corrugated Box Co. in conjunction with the traditional "no advertising" policy the usual placard was not displayed but was in place for the Petersburg Centennial Party Sunday. Use of the cart was appreciated by firemen and spectators alike. The smoke eaters had a "ball" with it.

Last week a boo-boo appeared in print when The Herald misspelled the Rev. Alfred Sheley's name Sheeley. The Rev. Sheley is pastor of the Tecumseh Church of God. The church has just purchased Friends Church on Van Buren St. and pardons go out for the error. Good luck to the congregation and the Rev. Sheley with their new church.

Have you purchased your "One Hundred Years A Country Town"? Orders are still coming in the mail to The Herald office. We asked Ray at Ken-Ray's Drugs how many of the second thousand copies he had left. About 200 was his reply. If you are planning on visiting a former Tecumsehite sometime this summer, it might make a nice hostess gift.

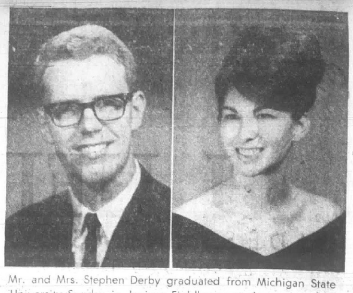
When Clinton Theatre owner John Truesdale viewed "Rachel, Rachel" recently, he decided it wasn't the kind of film he wanted to show his youthful audience, so he canceled it and instead will show a Jerry Lewis comedy, "Don't Raise the Bridge" this weekend. It's reassuring to know someone is concerned about the quality of films offered the public.

What has happened to good old fashioned American patriotism? It's true, several people displayed the American Flag Memorial Day but how many did you see at the parade bother to salute the flag when it passed?

Friendship and laughter filled Sluyter's store Tuesday morning when Jess held a coffee klatch for Jean Anderson, visiting here from Bakersfield, Calif. Friends dropped by to wish Jean well. Jean Colgrove from Colgrove's Gifts was there and yes, she even poured. Friendly competition is healthy anywhere when it is maintained this way.

Mature audiences — The Clark Lake Players will kick off their summer season with Arthur Marx's comedy, "The Impossible Years". Directed by Richard Hossala and Judy Van Heyningen, the play will be presented June 19, 20, 21; 26, 27 and 28 at the Clark Lake Theatre.

An organization known as "108 Concerned Women of South Bend" is setting its sights on the petty thief in the market place. This includes the shoplifter and vandal who adds to the cost of living by increasing operating costs of the store keeper. We wish the South Bend ladies well. Never underestimate the power of a woman, especially the collective strength of a group of women.



Mr. and Mrs. Stephen Derby graduated from Michigan State University Sunday in Jenison Fieldhouse at the annual commencement program. Mrs. Derby, the former Diane Ries, received a Bachelor of Arts degree in Social Work. Her parents are Mr. and Mrs. Robert Ries, 9246 Tonneberger Dr. Mr. Derby, who is the son of Mr. and Mrs. George Derby of 607 W. Kilbuck St., was enrolled in the Honors College and received a Bachelor of Science Degree with high honor in Computer Science. He is a member of Tau Beta Pi, Phi Kappa Phi, Omricon Delta Kappa, Blue Key and Varsity Club. He was selected this spring to receive the John A. Hannah Presidents Award, as an Outstanding Athlete of America and as a member of the Sixty-nine Club. Mr. and Mrs. Derby will leave July 1 to make their home in Phoenix, Ariz., where Mr. Derby has accepted a position with General Electric in the Computer Department.

possibly two, might be interested in Tecumseh later this year.

A 31-year-old pediatrician, now in group practice in Connecticut, has informed the committee that he is interested and will bring his family to Tecumseh for an informative visit sometime this summer.

He was formerly at Children's Hospital in Detroit.

The present medical staff at Herrick Hospital numbers 10. Shortage of physicians developed after the deaths of Dr. Archie O'Conner and Dr. W. C. Claxton, the retirement of Dr. R. G. B. Marsh, and the recent decision of Dr. Coak to quit his private practice and limit his work exclusively to anesthesia.

vote. Local officials felt that special ed would pass in the local district, but were afraid that some others might vote against it.

There were 1,585 ballots cast here Monday, including 39 absentee.

Blissfield and Morenci voters turned down operating millage in their districts.

Study Burn Treatment

Mrs. Marvin Johnson opened her home to the members of the Northeast Tecumseh Extension Club May 27 and also provided the lesson on "Burns and Clothing Can Burn", using slides. Examples of first, second and third degree burns and different kinds of cloth were shown.

Seven members answered roll call with a burn remedy.

Members voted to make Mrs. Truman Rentschler a member of the District Council and to send $5 to the Niels Hansen Foundation.

Mrs. Wilbur Boyce was elected chairman. Others elected are:

Vice-chairman — Mrs. George Dinius.

Secretary and treasurer—Mrs. Fredrick Helm.

Project leaders — Mrs. Raymond Bird, Mrs. Ellsworth Robison.

Alternate leader — Mrs. Edward Stoelt.

Plans have not been completed for the June outing to conclude the years meetings.

nen Williams and Mrs. Henry Ford, II, were among his clientele.

Evel says his specialty is cutting, which is the most important element to fine hair styling. He stated, "A beautiful hair-do does not have to be as stiff as a board, nor should it be backcombed until it damages the hair. I prefer the soft look."

A baroque Spanish decor is featured in the reception-waiting room, carpeted in crimson red, and red and gold wallpaper is used throughout the rooms. Two large archways open the two sections of the buildings into a spacious 1,800-sq.-ft. area.

Tall, gilt-edged mirrors highlight the five comb-out centers and there will be separate shampoo areas and day-lighted private booths for tinting.

Several driers are attached to comfortable black leather loungers in still another room, all promising the ultimate in relaxed privacy for the women in quest of renewed beauty.

Besides Evel, the experienced beauty operators will be Mrs. Mary Barnhart of Tecumseh and Jean McMahan, Deerfield. Mrs. Walter Zick of Clinton will be the receptionist.

Congregation Honors Twelve New Alumni

CLINTON — A beautiful service and social hour at the Clinton United Methodist Church honored over 12 graduating seniors and their families.

This worship service was the final one for the Rev. David Liscomb who will be leaving for a new pastorate at Escanaba. In his farewell sermon he stressed the privileges given to those who are permitted to live in critical times for these periods of ferment are the ones which produce great advances and also great men.

The Rev. Liscomb mentioned the period prior to the Civil War as comparable to our age — and that became recognized as the Renaissance of the New World, although that also was a time of great stress.

The gifts to the graduates from the Women's Society of Christian Service were presented by Mrs. Ivah McCombs.

Mrs. David Liscomb presided at the serving table decorated in class colors of crimson red and gold, with a beautiful flower arrangement prepared by Mrs. Leon VanDeusen and Mrs. Leora Kane. The sanctuary decorations of yellow roses, the class flower, were placed by Mrs. John Knight, flower committee chairman. Raspberry sherbet punch and home-made cookies were prepared by Mrs. William Driscoll, Mrs. McComb, Mrs. Garl Duda and Mrs. James Meeks.

Seniors participating in the service were Louise Minor Brown, Gina Green, Karen Hull, Alice Kramer, Bonnie Hoover, David Hawkins, Ron Rynd, Donald ODell, John Steffens, David Dixon, Bob Bivins, Dwight McKenna and Carol Whitney.

The majority of the graduates will be attending college this fall and as in the past, letters of introduction to the college of their choice will be sent by the chairman of Student and Youth.

Mrs. Paul Hawkins will have charge of the follow-up remembrances — such as holidays, birthdays and other services the local church can offer.

INDIAN BASEBALL TEAM — The 1969 Indians of the diamond from Tecumseh High School had some high moments during the season. Players and personnel on the squad were, front row, left to right, Dave Clark, mgr., Jim Cain, Mike Kennedy, Dave Ward, Craig Smith, Frank Florey, Ken Pieh, mgr. Doug Wheeler. Second row, Coach Bob Kiebler, John Roberts, Denny Lewis, Mike Cain, Jim Hunt, Jack Greenfield, Alex Gibson, Butch Quinn, Larry Cote, Wendell Petty and Bob Reed.

Britton Votes To Renew Mills

James Squires and Beryl Albring were elected to the Britton-Macon School Board at the annual school election held Monday. The race among the three contestants for the two seats on the board was close as only 13 votes separated Albring and Walter Rowe, the losing candidate in the race.

Final vote tabulations gave Squires 197, Albring 175 and Rowe 162.

As in other parts of the county, Britton also came out strongly in favor of the added mill that will go to Lenawee Institute and the special education program for Lenawee County. The vote was 220 in favor of the mill with 65 negative votes cast.

On renewal of the operating millage for the district, officials breathed a sigh of relief as the people gave whole-hearted support to the renewal of the 10 mills by a 210 to 77 margin.

Squires is a member of the present board and Albring will be serving for the first time.

You Told Us

By DOROTHY GRIGG

Fathers Day is Sunday and kids, big and little, will give Dad an extra hug or slap on the back for putting up with them all these years. Bless 'em. A group of high school boys and girls were recently asked to check a list of 10 desirable qualities in a father. The results may give some fathers something to think about. Spending time with his children received the highest vote and respecting his children's opinions came next. Others rated in the following order:

Third—being an active church member.
Fourth—being a college graduate.
Fifth—never nagging his children about what they do.
Sixth—making plenty of money.
Seventh—being well dressed.
Eighth—being prominent in social life.
Ninth—having a love of music and poetry.
Tenth—owning a good-looking car.

Jim and Gene Barton spent Memorial Day weekend camping at the Manistee National Forest, north of Ludington, a beauty spot. They camped with Charles and Edith Stephenson of New Holstein, Wis., and Ross and Dianne Stephenson, the Tom Beatty family and the Gene Jorgenson family, all of Ludington. Mrs. Barton said, "It was a beautiful weekend, Saturday's rain failed to dampen the campers' spirits. Fishing was good, too."

Mrs. Barton received a letter from Adolf Petrus stating that he and his friend, Dieter Schmidt, are leaving Frankfurt, Germany, July 17 to visit the states and will be spending part of their time in Tecumseh.

The Rick Holdridges have another boy, William Richard, born June 4 at the local hospital. That brings the grandchildren count for Mr. and Mrs. Lawrence Holdridge up to two boys and three girls. Lucky people.

Irish Visitors See Area Farms

Mr. and Mrs. Thomas Swanston entertained his niece, Annie Keys, and nephew, Birdie Thompson, of Ulster, Ireland, for a week recently.

Mr. Thompson, who operates a 40-acre farm and milks 24 cows in Ireland, is interested in locating a farm in this area, and would like to bring his wife and daughter here to live. The Swanstons took their visitors to see the Herbert Long's dairy farm; the Harold Calhoun hog and beef cattle farm, Clinton; Kitty Kurtis Angus farm, and the Donald Ries hog farm at Britton.

The Irish Hills area especially interested the folks from Ireland. Mr. Thompson was quite surprised to learn that most farmers hereabouts find it necessary to have a second job or other outside income, while in Ireland, his typical 40-acre farm supports a family adequately.

Adjourned For The Summer

Emily Lewis was the hostess for a potluck supper June 3 when 15 members of the Daughters of St. Peter's Church were present.

Mrs. Arch Wray presented devotions using a verse taken from the book, "White Cliffs of Dover". She said that the Bible is the foundation and inspiration for many good books.

Announcement was made of a bazaar to be held Nov. 4 and the group adjourned for the summer.

Rains Came At Speedway

Rain was the final winner at Manchester Speedway this week. A few races were run before the steady drip started. The track was fast and Don Taylor, in his Ford-powered car, set a new track record with a quick lap of 19:00.

The first heat started with a bang as on the second lap John Luderman took the fence down in the first turn, a few feet from where Nichols did last week, and ended up in the driveway.

He was shaken up and taken to the hospital for a check-up, but returned later O. K. Taylor came from the back of the pack to take the win over Louie Jay, Dick Crup, and Jim Drumhiller. Dick Slade came up the winner in the second heat, followed by Junior Gary, Ray Barnard and John Mooneyham.

The third and fourth heats were plagued with minor spins, bringing out the yellow flag for several laps in each. The third heat winner was Jim Shook over Dick Slogel, Bob Kash and Al Orner. In the fourth it was Gary Rhodes, followed by Bob Paul, Don Lyon and Larry Blaisdell.

Then the rains came, so next Friday night a full program, plus the pursuit, semi and feature from last week will be run.

TPW — 4 Eagles — 1

The second game of the season for the TPW Pony League baseball team saw the Eagles bow to the Products Workers, 4-1.

Dave Bishop and Tom Tilton were the battery for the winners. Fred Sisty and Don Cox shared the mound duties for the Eagles.

Dan Bohannon drove in a run with a double after Fred Morely had walked and advanced to third.

Leading hitters for the winners were Dan Bohannon with a perfect three-for-three performance at the plate. Dave Bishop helped his own cause with a 2 for 4 job with the bat.

Gaylord Long and Fred Sisty each collected a pair of hits for the losers.

Bishop fanned 6 in his route-going performance. Sisty fanned 9 and Cox mowed down 4 by the strikeout route.

G&J 4 TPW 3

G & J downed the Tecumseh Products Workers in Pony League baseball to open the season, 4-3.

Bob Beevers took to the mound for the winners and Vance Holar toiled on the hill for the losers. Hollar struck out eight in his performance and Beevers whiffed 8. Mike Clement, who came on in relief of Beevers, fanned two.

Dave Bishop led the hitters with a pair of hits and Tom Tilton, TPW catcher, aided in the losing cause.

Jack Van Riper and Bob Beevers led the winners in the hitting department.

The winning run was scored when Beevers walked, went to second on a passed ball and scored on another ball that got away from the catcher.

Van Camp - Sackett Nuptials Are Spoken

CLINTON — St. Mary's Catholic Church in Adrian was the setting for the nuptials of Sheryl Van Camp and Edward John Sackett, at 6 p.m. Saturday, with the Rev. Fr. William Carolyn officiating.

Parents of the couple are Mr. and Mrs. Hubert Van Camp, 136 E. Michigan Ave., Clinton and Mr. and Mrs. Milford Sackett, 632 State St., Adrian.

Barbara Bowman of Clinton was the organist.

Given in marriage by her father, the bride wore an empire gown of silk organza with a stand-up ring collar, full sheer sleeves, A-line skirt and chapel train, accented with Schiffli embroidery.

Venice lace trimmed with pearls and crystals formed the tiara which held the bride's veil of silk illusion and she carried a bridal bouquet centered with a white orchid corsage.

The matron of honor, Mrs. William Van Camp, of Ann Arbor, sister-in-law of the bride, wore a floor-length gown of chiffon over peau taffeta in pastel pink, styled with accents of Venice lace at the high neckline and front of the gown, and featuring a full chiffon panel fastened to a bow in the back. She carried a basket of spring flowers in a rainbow of pastel colors and she wore a matching fresh floral headdress.

Wearing identical gowns, in other pastel shades were bridesmaids: Mrs. Jack Sackett, Adrian, sister-in-law of the groom, in aqua; Cathy King, Oak Park, a former college roommate, in yellow; and Ann Sackett, Adrian, sister of the groom, in apricot; and flower girl, Elizabeth Van Camp, Ann Arbor, niece of the bride, in pink.

Dale Cox, Adrian, was the best man. The ushers were Jack Sackett, Adrian, brother of the groom; William Van Camp, Ann Arbor, brother of the bride, and Raymond Sackett, Kalamazoo, brother of the groom. The ring bearer was Roger Passley, Dundee.

A reception at the Holiday Inn, Adrian, was attended by 200 guests. Assisting at the reception were Melissa Marten and Gail Pedersen, of Detroit; Donna Stephenson, Clinton and Mrs. James Breitner, Ida.

The bride is a graduate of Clinton High School and, prior to her marriage, was employed at the Ann Arbor Credit Bureau.

Mr. Sackett is a graduate of Adrian Catholic Central High School and is in the Navy.

The newlyweds are on a wedding trip in Northern Michigan. Mrs. Sackett will remain at the home of her parents upon their return, while her husband leaves July 1, for a Mediterranean cruise on the USS Nitro.

The groom's parents hosted a rehearsal dinner at Rock Inn, Adrian.

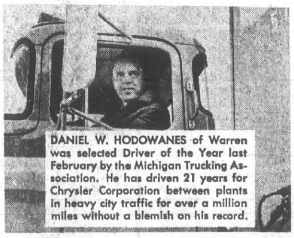
Take It From A Pro Who Should Know— And Does



DANIEL W. HODOWANES of Warren was selected Driver of the Year last February by the Michigan Trucking Association. He has driven 21 years for Chrysler Corporation between plants in heavy city traffic for over a million miles without a blemish on his record.

Michigan's Truck Driver of the Year Says:

CONCENTRATION
is the Key to Safe Driving

This little quiz Danny sometimes gives friends gives them a pretty good clue as to what kind of driver they are. Want to try it?

The last time you took the car out for a spin, did you:
— leave parking lights burning upon your return?
— leave a turning signal blinking unnecessarily?
— drive off without sufficiently wiping or scraping windows in inclement weather?

If you just happened to answer "yes" to all three — watch your step. They're common enough, everyday lapses, to be sure. But, says Hodowanes — these are signs of a driver "not concentrating and a driver not concentrating is not doing his best to drive safely."

"If you want to be a good driver and a safe one, you've got to CONCENTRATE on being one," according to Michigan's No. 1 truck driver. He wheels a big semi through Detroit's busy traffic about 100 miles a day between plants. There are a lot of stops and starts and plenty of tight cornering. He has to CONCENTRATE!

• • •

Got time to read and think about one more little tip from Michigan Truck Driver of the Year? It's a good one and all of us should heed it every day, Danny says. Here it is:

"Always stay clear-headed and never get behind the wheel in a depressed state. A wife can be very helpful to her husband by seeing that he doesn't leave home each morning with a lot of problems on his mind."

• • •

So, when you're driving, just concentrate on driving and nothing else, says this No. 1 professional driver. That's really all you've got time to do . . . safely. Right?

Youth Speaks of Brave, New World

(Editor's Note—The following is the Salutatorian address by William Holmes, given at the commencement at Tecumseh High School Sunday.

It is my privilege to speak before you today on behalf of the graduating class of 1969. We greet you as we leave behind our temporary high school life and emerge into the world of today. The world of hate. The world of war. The world of violence. The world of blood.

During our years of maturity, the class of '69 has shown outstanding fortitude and endurance. We have been subject to numerous tribulations and afflictions and we have either tolerated or overcome them. This sense of durability is indeed a tribute to every graduate present today. It is exemplary of the strength that we, the nation's youth, possess. Henceforth, we shall utilize our power to overcome other obstacles that may oppress us as we each search for our own euphoric existence.

This ideal state is different for every one of us. Some people may desire the practical, the concrete, the real. Others may wish the theoretical, the abstract, the ideal. Some people may desire to obtain the sensation of the blue sky, or the green sea. Others may wish the essence of beautiful flowers, or the impression of ordinary grass. However, it is paramount that we each achieve our own specfic desires so that true contentedness will prevail.

It should also be emphasized that we not disturb others, who like us are searching for the ideal. If any sort of hassle should develop, harsh and unkind feelings might occur. And this sort of hate is what we want to eliminate so that it will not be a world of hate and blood.

The state of eternal happiness can be sought in many ways, as many as there are individuals present today. However, in our journey of seeking, we must let nothing detain or repress us. If the road to our ideal is obstructed, we will clear it, exhibiting peaceful virtues and a benevolent manner in so doing. If the oppressors refuse to yield, then we shall manifest love. And love will grow contagiously. And our oppressors will succumb to this feeling and allow us to resume our pursuit.

Eventually, we each shall achieve our desired state. When we acquire this utopia, it will be impossible to lose it or to have it usurped.

Thus, a genuine, loving happiness will exist for all. As it should.

I thank you for your kind attention.

Peace.

Through My Window

HODGE-PODGE

Little pieces of paper, clippings, magazines with page corners turned down, and the books bristling with markers are forming a pile almost ceiling high and so, in the interest of neatness —

To my Britton bird-watching friend: You undoubtedly know from observing but anyway, the incubation period for wrens' eggs is about two weeks.

And because it is family-raising time of year, perhaps we should investigate this hatching bit further. Most of the birds who nest in our yards must incubate their eggs for a period of from 11 to 14 days. And, once the baby birds hatch, they are kept in the nest another two weeks or so. This means that family-raising does keep adult birds busy for quite a while, especially since most of them raise more than one brood a year. The outstanding exception to the two-weeks-of-sitting-on-eggs are the bluejays who usually spend a tedious 17 days waiting. Such slow pokes.

★

A MOST interesting article in the current issue of the National Wildlife confirms what has been our contention for years. Squirrels do use their tales as means of communicating with one another. Their vigorous tail-swishing, flipping, and flicking is a wig-wag type of signaling. And, strange as it may seem, "many signals have quite different meanings at different times". What in the spring serves as an expression of dominance becomes an invitation to come and dine in the fall.

I HAVE been taken to task about my unfriendly, unflattering comments on grackles. There are people who do not regard them as black thieves whose sole purpose is monopolizing an area, thus driving the nicer birds away, and congregating beneath bedroom windows to squeak and creak. It appears that, during a frightful invasion of grasshoppers up in the Grayling-Gaylord area a number of years ago, flocks of grackles "flew to the rescue". A similar thing occurred in the Upper Peninsula only, instead of grasshoppers, it was a disastrous infestation of leaf-eating worms. Again, though, it was the grackles who saved the day. (They also saved the trees.)

The ABOVE-MENTIONED article, "The Many Voices of Life", even had two paragraphs devoted to grackle "talk". The ridiculous strutting, hunching up, wing drooping, and head pointing straight up is quite obviously connected with courting. But one researcher claims that eye-winking is important in the grackles' life. A steady, rapid blinking of that evil looking yellow eye indicated "danger from which it cannot flee". On the other hand, when one male met another male, the eye-blinking was still quick but it was done in no particular sequence. Were they winking to decide who was boss?

The next time someone finds me staring at a feeder full of black thieves perhaps I should say that I am not glaring in anger but merely keeping track of how they are winking.

IT IS SO EASY to put down kids these days. I'm as guilty as the next person. But with all of the campus unrest, the student strikes, the protest marches, street rioting, there has to be a quick and easy scapegoat. Since the young people are most involved, they receive the blame. In a recent editorial, the new editor of The North Woods Call made a pertinent observation. He had just been watching the TV news coverage of a campus riot and was as appalled as anybody. He kept thinking about it though and realized that last fall he had seen exactly the same type of lawless action only with different participants. The scene then was at a coho fishing site and the men banging on fences, beating on closed doors, and threatening to use dynamite were adults. They were supposedly responsible citizens, old enough to be the fathers and grandfathers of the rebelling college students.

A complete disregard for the law, utter failure to respect the rights of others, and an absolute dedication to think only of oneself are not, it would seem, peculiar to the young. This, of course, does not excuse such action but it does point up, perhaps, that we are a bit too quick to criticize and to condemn. There is no easy answer — all of us, however, regardless of age, must re-evaluate our thinking. Respect must be put back in our vocabulary and a little more adherence to the Golden Rule will do no harm either.

SO IT IS that the pile has shrunk some but, since it has not disappeared, I will soon be back with another hodge-podge.

"Uncle Morrey" to Speak

Morrey Carlson, director of Youth Haven, Rives Junction, will be the speaker Saturday for the father and son banquet at the Grace Bible Church. The banquet begins at 6 p.m.

Mr. Carlson, assisted by his two sons, will also present a musical program. Larry, a senior at Spring Arbor College who is acting as his associate in the camp work, plays a corduroy and Randy, a high school student, plays a saxophone. Mr. Carlson makes up the third member of the musical team with his saxophone.

Before entering Christian work Mr. Carlson was active in the business world for some time. He began his career as a member of the advertising staff of The Muskegon Chronicle and has served as personnel director of the Agerstrand Corp., of Muskegon, and as vice-president and general manager for the Kleen Air Co. in Warren. He has also served as vice-president of the Mistele Co., of Detroit.

His activities in Christian work have been varied. In the early 40's, he became personnel director and radio personality of the coast-to-coast Children's Bible Hour broadcast which originated in Grand Rapids, and in which he was known as "Uncle Morrey".

He was called "Uncle Morrey" also in his work as founder and director of nationally known Youth Haven at Muskegon, a boys' home for the delinquent and underprivileged. The home and its directors were featured in two coast-to-coast CBS television network broadcasts. Three sound motion pictures have been produced to tell the story of the work being done at Youth Haven.

He served as director of programs and development at Winona Lake Bible Conference in Indiana, before coming to Rives Junction to establish a new Youth Haven in the Jackson area for delinquent and underprivileged boys.

Grace Bible Church is located on M-50 at Carson Hwy. and the Rev. David M. Holly is the pastor.

Pastor tell me

By DUANE H. McNEIL

DOES DEATH END ALL?

When a person dies there are many things which have come to an end. They cease at death.

Sickness will be ended. Some folk have had experiences with illness, sickness and disease which would make a great book. Their tale of woe often makes us ashamed at the little we have had to endure. Death will terminate sickness.

Sorrow will be ended. The lives of some have been filled with incidents which have broken the heart and bowed the back. These folk could tell of calamities, tragedies and problems which have caused many a tear to fall. Death will end sorrow.

Sadness will be ended. As the end of life approaches, some in looking back can only see failure, mistakes and problems. Many things would be redone. Sometimes a member of the family has, by their actions, brought sadness to the home. Death will end sadness.

Sin will be ended. Our daily news reports tell of riots, murders, rapes, burglaries and other crimes. We lock our homes and cars. We talk in fear on certain streets. We wonder where and when it will all end. Death will end all sin.

Salvation will end. It is appointed unto man once to die, and after death the judgment." Hebrews 9:27. What consolation to know sickness, sorrow, sadness, sin and salvation will all be done.

Only one life, 'twill soon be past, Only what's done for Christ will last.

New Dump Site Is Being Readied

CLINTON — A new dump site, which is being developed in cooperation with three nearby townships, was discussed at a recent meeting of the Clinton Township Board.

It was attended by all board members, Charles Wilson, the township inspector; M. M. Halley, county supervisor and two guests, Dean Jones and Robert Braden.

Mr. Jones presented questions concerning the dump situation. He was assured that plans are progressing well and dumping facilities will be available at the new dump site in the near future, for all residents of Clinton Township, village or rural, without exception.

Full details will be published soon, the board stated.

Mr. Braden questioned mobile home courts in the township and was informed that at the present time there are no plans for such a development before the board. He also inquired concerning drainage and nuisance problems in his area. Action was decided upon to eventually eliminate the problem.

The board is planning a program in the near future whereby all township residents will be made fully aware of the functions of the township government and the services it renders in the community.

Passable and well-kept township roads being a necessity to regular traffic and to the school system, it was decided to concentrate a portion of allotted funds on the maintenance, repair and improvement of the road culverts and drains in addition to normal maintenance. Hopefully, this will prevent the occurance of road and field flooding that occurs.

Mr. Wilson reported several permits issued during the month, and the board reviewed blueprints pertaining to township building activity.

Mr. Hailey briefed the board on county activities and the possible problems that may occur due to the recreation bond issue passed by the voters last fall.

The above report was released by Ben Mahrle, II, township clerk.

Disposal System Pondered by Council

CLINTON — Bids were let to Ayling-Cunningham Asphalt and Paving Co. for the resurfacing of Church St., Franklin St., Bartlett St. and Tecumseh Rd., south to Clinton-Macon Rd., at a meeting of the Village Council, Wednesday.

Kathy Thomas, president of Wagon Wheel Estates, and Attorney James Beardsley, were present to discuss the necessity of putting a tube from the River Raisin to the village raceway for use at the sewage plant.

The village is in the process of having an evaluation made of the sewage disposal system to see what will be done to enlarge it.

Village President John Truesdale reported on his consultation with Dr. Thomas P. Hamilton, II, director of the County Health Department, concerning operation of the village dump.

It was determined that a temporary permit may be obtained to operate the dump, as such, for village residents only. It will be necessary to curtail traffic into it, and to stop all burning there by village employees or employees of plants using the facility. Also it will have to be landfill-covered.

At best, this will only be a temporary arrangement, Mr. Truesdale reported, and other means of handling the trash from the village will be sought. At present, village residents do not pay for garbage or trash pickup service.

It was reported that Mr. and Mrs. Harry Werth, caretakers of the Smith-Kimball Community Center have resigned, effective June 1, and an effort is being made to fill their positions.

Treasurer — Mrs. Glenn Kinney.

Secretary — Mrs. Dan Goodmate.

Coffee hour — Mrs. Gerald Driscoll.

Mrs. Goodman and Mrs. Richards were appointed to take charge of a luncheon to be served next Tuesday to the Southwest Convocation Clerics, at St. John's Church.

Mrs. Donald Cutler will arrange for a bake sale in June.

A picnic at the home of Mrs. Arthur Brown, Macon, will be held July 2.
